Resolved, with reference to the extract from the Proceedings of a meeting of the Municipal Commissioners, under date the 28th October 1867, recorded in Proceedings of Government, No. 4827, of the 14th December 1867, that paragraph 5 of the Advocate General's opinion be communicated, through the Public Department, to the President of the Municipal Commission, with a request that the Commissioners may be called upon to state in detail their reasons for declining to allow the sewage from the Perambore Lines to flow into the public drain, or to be removed to the nearest rubbish depôt; and also to shew cause why they should not undertake the conservancy of these Lines as Government pay an assessment on them of Rupees 392-5-4.

Para. 5. "I think that the Municipal Commission may well be requested to state their reasons for declining; and, if they comply with this request, I shall be happy to consider whether their objections are well founded in law."
