94 No. 104. From the Inspector General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 6th April 1868, No. 140.

Adverting to the letter marginally noted, referred to me with your Under

From the Collector of Malabar, to the Chief Secretary to Government, No. 36, of 19th March 1868.

Secretary's docket of the 30th ultimo, I have the honor to mention that Government, in their Proceedings in the

Public Department, No. 382, of 25th March 1868, expressed their opinion that Malabar had received its fair share of the regular establishment of Vaccinators.

2. With regard to paragraph 4 of Mr. Logan's letter, I have the honor to state that a Dresser has already been appointed to the Dispensary at Tellicherry, in lieu of the one who died there lately; and I regret that it is not in my power, in the present short-handed condition of the Department, to provide additional medical aid to Malabar, consistently with the requirements of other parts of the Presidency.

Collector of Malabar.

Sir,

The returns for last month show an increase in the prevalence of Small pox in my division as compared with previous months,

as the enclosed statement shows. The disease is very prevalent in some of the localities I have lately visited. I was unfortunately unable to render any assistance as the Dreper mentioned in the proceedings noted has not yet been attached to my office. The only Dreper at Tellicherry died lately and the Civil Surgeon tells me he has only two Hospital Assistants and that he was unable to procure a Dreper from Cannanore for the Hospital here.

* In midday alone no less than 250 cases were reported during the last fortnight and at Homoth where I visited Pottahs disease was very prevalent.

* G.O. No 1099
27th July 1861.

2. I consider it highly necessary that a Dreper should be permanently attached to

to my office as the clerks at this season come more than usually into contact with crowds of people who come to receive their puttaks. ^{* one of my clerks had an attack of small pox but my office has been singularly free from it as compared with other public offices here.}

3. Some extra medical assistance is also required during the present out-break

4. And the Hospital here requires the services of a Draper.
