*Proceedings of the Madras Government, Public Department,*  
*9th May 1868.*

Read the following papers :—

No. 66. From the Acting Magistrate of the Kistna District, to the Chief Secretary to Government, Fort Saint George; dated Masulipatam, 6th February 1868, No. 6.

In Proceedings\* of Government, No. 701, Public Department, the estimate of receipts and expenditure of the Gunttoor Municipality, for the year ending 30th

\* Dated 17th June 1867.

April 1868, were reviewed and sanctioned by Government.

2. The receipts were then estimated to amount to Rupees 14,578-10-8, and the expenditure to Rupees 17,880. The actual receipts up to date have been, however, Rupees 28,360-8-0, as per the enclosed Abstract C, and the expenditure to be debited against these is now put at Rupees 27,961-3-0, as per Abstract B. The expenditure† includes Rupees 12,751 for new works and improvements, among

them a new Police station, which is much wanted, and a Municipal Office, which will be also necessary. The estimates for these are respectively Rupees 3100 and Rupees 4000, and their plans are enclosed for the information of Government. These are the chief of the new items in the revised estimate of expenditure. I have the honor to request the sanction of Government to the revised estimates and receipts. The Commissioners are anxious to commence the Municipal Office and Police station at an early date, but cannot do so till the sanction of Government has been accorded to their being included in the current year's estimate.

(Signed) C. G. WALKER,  
Under Secy. to Govt.

No. 67. From Major C. S. HEARN, Acting Inspector General of Police, to the Chief Secretary to Government, Fort Saint George; dated Madras, 3rd April 1868, No. 1165-593.

General Department.

With reference to Memorandum of 19th ultimo, regarding the plan and situation of the proposed Station-house at Guntoor, I have the honor to state that the site

*Proceedings of the Madras Government, Public Department,

and Station-house both appear very suitable, except that, perhaps, it would be better that the urinal (E.) should be detached from the building.

2. The plans are herewith returned.

No. 68. ORDER THEREON, 9th May 1868, No. 577.

The Government observe that the submission of revised estimates of receipts and expenditure almost at the close of the year answers no useful purpose, and that no orders thereon are now required.

2. The inclusion of plans for a Municipal Office and Police station in the same letter with the estimates is inconvenient, and such a course should be avoided in future.

3. The plans appear to be satisfactory and suitable for the purposes for which they are designed, and the Government sanction them with the following alteration:—1st, that to which Major Hearn alludes, viz., the removal of the urinal from under the roof of the Station-house 2nd, a detached urinal and privy should be built at some little distance from the main building.

4. It is also suggested that additional light and ventilation would be afforded to the Vice-President's room C, if the store-rooms were placed at the opposite end of the building, as indicated in pencil on the plan.

5. With these modifications the buildings may at once be commenced.

Acting Magistrate of the K. D.  
To, The Honorable R. S. Ellis Esq.,  
Chief Secretary to Government  
Fort Saint George.

*\* Dated 17th June 1867.*

Sir, In Proceedings of Government - 14701 P. D.  
the Estimate of Receipts and Expenditure of the Kistna  
Municipality for the year ending 30th April 1868 were  
reviewed and sanctioned by Government.

2. The Receipts were then estimated to amount to Rs.  
14,578-10-8 and the expenditure to Rs. 17,880-0-0. The actual  
receipts up to date have been however Rs. 23,556-5-9 for  
the enclosed abstract C, and the expenditure to be debited  
against there is now put at 27,961-5-0 as per a abstract  
B. The expenditure includes Rs. 12,751 for new works and  
improvements, among them a new Police Station which is  
much wanted and a Municipal Office which will be  
also necessary. The estimates for these are respectively  
Rs. 3,100-0-0 and Rs. 4,000-0-0 and their plans are enclosed  
for the information of Government. These are the chief  
of the new items in the revised estimate of expenditure.  
I have the honor to request the sanction of Govern-  
ment to the revised estimate and receipts. The com-  
missioners are anxious to commence the Municipal Office  
and Police Station at an early date, but cannot do so  
till

till the sanction of Government has been accorded to  
his being included in the current year's estimate.

I have the honor to be,

Sir,

Your most obed<sup>t</sup> & devoted

servant

The Hon. R. P. Ellis Esq.

Chief Secretary to Government  
Port Saint George

Sir,

With reference to Memo. A-  
of 19<sup>th</sup> ultimo regarding the Plan and Situation  
of the proposed Station House at Guntur  
I have the honor to state that the site  
and Station House both appear very  
suitable, except that perhaps it would  
be better that the Urinal (**E**) should  
be detached from the building.

2 The Plans are herewith returned.

I have the honor to be

Sir  
Yours most obedient servant

Ag. Inspector General of Police

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter

From the Mr. Magistrate, Madras District. Received on 6 July 1868 No. 6.  
— Mr. Inspector of Police — 3<sup>rd</sup> April — 1166/593.

Order thereon 9 May 1868 No. 577.

The Government observe that the submission of revised estimates of receipts and expenditure almost at the close of the year answers no useful purpose, and that no orders thereon are now required.

2. The inclusion of plan for a Municipal office and Police Station in the same letter with the estimate is inconvenient, and such a course should be avoided in future.

3. The Plans appear to be satisfactory and suitable for the purposes for which they are designed, and the Government sanction them with the following alteration, viz, that to which Major Hearn alludes, viz, the removal of the urinal from under the roof of the station House. A detached urinal and privy should be built at some little distance from the main building.

4. It is also suggested that additional light and ventilation would be afforded to the Vice President's room C, if the store rooms were placed at the opposite end of the building as indicated in pencil on the plan.

5. With these modifications the buildings may at once be commenced.
