Nov " " 414. 8-6.
Dec " " 407. 13-7.
Total Rs 4844. " 6.
Receiv Govt Grant. 3960. " "
Balance paid from other sources } 884. " 6.

The actual cost of feeding the animals for the year ending December 1867 is as per Margin, and it will be seen that Rs 1 Rupee 88 1/4 " 6 had to be disbursed from other sources.

The animals attract very great attention and I am anxious to increase their number but am prevented as the cost of feeding the present small collection

already exceeds the grant.

If however Government are pleased to accede to my request for an annual grant of Rs 3960 instead of the monthly allowance of 330 Rupees, I hope to be able by laying

in a stock of sheep at a favorable season cultivating in the Park the fruit and vegetables required, and by purchasing cows for supplying the Milk &c to be able not only to keep the expenditure within the grant, but also to increase the number of the collection.
