

Proceedings of the Madras Government, Public Department,
12th August 1868.

No. 78.

ORDER THEREON, 12th August 1868, No. 977.

With the second of the letters above recorded, the Acting President, Municipal

Commission, Madura, submits the revised estimates of the probable receipts and expenditure for the year ending the 30th April 1869. The total expenditure, according to the particulars* given in the estimate, amounts to Rupees 57,752—

not Rupees 57,416 as entered therein.

To meet this, it is proposed that the Commissioners shall raise Rupees 38,659†, which sum, together with the Government contribution of Rupees 14,438 (not Rupees 14,354 as shown in the estimate), and the balance in hand on the 1st May 1868 of Rupees 15,808-2-1, will place a sum of Rupees 68,905-3-1, at the disposal of the Commissioners.

2. The Commissioners estimate the receipt for rent of stalls in markets at Rs. 10,000, and the expenditure for repairs and improvements at Rupees 4,769, will leave Rupees 5,231 available for municipal purposes other than those in Section 25 of the Act.

It is observed that the increase in expenditure for 1868-69, as compared with the preceding year, 1867-68, is chiefly due to the extended scale of improvement and conservancy measures considered by the Commissioners to be absolutely necessary to ensure the sanitary condition of the town of Madura.

4. The Governor in Council approves of the proposal of the Commission to carry out improvements and conservancy of the town on a more extended scale, and sanctions the estimates of receipts and disbursements for the year 1868-69.

5. The list of the Commissioners, and the sanction to the levy of tolls will be published in the Gazette.

NOTIFICATION.

Under the provisions of Section 6, Act X of 1865 (the Towns' Improvement Act), the Governor in Council hereby appoints the undermentioned persons to be Town Commissioners, for carrying out, in the town of Madura, in the Madura District, the purposes of the said Act, during the year beginning 1st May 1868, and ending 30th April 1869.

Mr. William Joseph Henry Le Fanu, Assistant to the Collector and Magistrate.

Proceedings of the Madras Government, Public Department,
12th August 1868.

Read the following papers:—

No. 76. From the President of the Municipal Commission, Madura, to the Chief Secretary to Government, Fort Saint George; dated Madura, 8th April 1868, No 8.

In pursuance of a Resolution* passed by the Commissioners of the Madura Municipality, at a meeting held on the 6th instant, at which were present—

* "Resolved that the budget for 1868-69 be passed."

The Honorable D. Arbuthnott, President.

H. LeFanu, Esq., Vice-President.

J. Murray, Esq., M. D., Commissioner.

A. Colquhoun, Esq., Ex-Officio Commissioner.

Mr. Moodukistna Pillay, Commissioner.

I have the honor to submit the budget estimate for the ensuing official year 1868-69.

2. It will be observed that the budget expenditure for the ensuing year exhibits an increase of Rupees 9840 over that of the previous year—a measure due to contemplated extended improvements and conservancy measures absolutely necessary to ensure the sanitation of a large and populous town, as Madura is, containing upwards of 50,000 souls, and covering an area of 4½ square miles.

3. The Commissioners are strongly impressed with the belief that—to maintain cleanliness and perfect freedom from the deposit of liquid matter by an efficient system of drainage; to provide adequate latrine accommodation and an efficient complement of scavenger carts; drains in not only the main streets, but in those numerous back lanes and densely populated localities in the suburbs, now concealed from the public eye, but which are reeking with abominable odours and matter—proper and efficient measures should be adopted, and that this can only be attained by sufficient provision of funds. It is a duty they owe to the taxpayers and population at large.

4. In order, therefore, to meet these long felt and essentially necessary conservancy requirements, the Commissioners, after mature deliberation, have resolved to raise almost every item of expenditure for improvements and conservancy, and they are enabled to accomplish this without the imposition of any fresh taxes, or incurring any debt.

5. The Commissioners believe that the proposed improvements and conservancy arrangements will conduce largely to the comfort and convenience of the people, and they respectfully solicit the approval and sanction of Government to the budget now submitted.

6. Names of persons to be appointed as Commissioners, with the exception of Ex-Officio Commissioners, viz., the Magistrate of the District and the Officer of the Public Works Department in executive charge of the Range, are—

I have the honor to forward the budget of the Madura Municipality for the year 1868-69.

2. The delay in submitting the same has been caused by the necessity of revising it three different times, in consequence of some misapprehension in reference to the legality of the collection of the professional tax. The budget was passed at the general meeting of the Commissioners on the 18th of July 1868.
