*Proceedings of the Madras Government, Public Department,
13th August 1868.*

No. 92. Read the following letter from the Inspector General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 3rd August 1868, No. 250.

I have the honor to submit, for the favorable consideration of Government, the accompanying application from the Surgeon, 1st District, for additional servants for the Leper Hospital, who will be

No. 75, of 14th July 1868.

required on completion of the new wards, expected to be ready some time during the year 1869-70.

2. The sanction of Government is solicited in advance, to enable this Department to make the necessary provision in the Budget Estimate under preparation.

From the Surgeon Major, 1st District, to the Deputy Inspector General, Indian Medical Department, Presidency Division; dated Madras, 24th July 1868, No. 75.

In forwarding the accompanying application for an addition to the establishment of the Leper Hospital, I have the honor to state that such addition will be rendered necessary by the largely increased accommodation under provision. As it is proposed that there should be sixty more patients, servants will be required to attend on them, and the present complement cannot be expected to suffice for so considerable an increment of patients. With regard to two of the establishment, the Steward and Washerman, I have recommended simply an increase of their pay; but it will be actually necessary to have an assistant cook, two ward coolies, one cooly for drawing water, one toty, and one toty woman added to the present number of Hospital servants.

2. You will observe that I have reduced the proposed increase *per mensem* by a large figure below that mentioned in the supplemental Budget Estimate forwarded some time ago, and I trust it will be conceded that the number of servants in the proposed establishment is as low as it can be, consistently with the proper performance of work.

No. 985.

FROM

THE HONORABLE R. S. ELLIS, C. B.,
Chief Secretary to the Government of Fort Saint George.

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA,
HOME DEPARTMENT.

SIR,

I am directed to forward the accompanying application from the Surgeon, 1st District, Presidency Division, submitted through the Inspector General Indian Medical Department, for an increase to the establishment of the Leper Hospital.

Proceedings of this date, Nos. 92 & 93.

2. With reference to this application I am instructed to enclose a copy of the Proceedings of the Madras Government, dated 10th September 1867, Nos. 103 and 104, from which it will be seen that the accommodation at the Hospital was insufficient to meet the requirements of this city, the number of lepers on the above date, who were at large and subsisting on charity, having been estimated as between sixty and seventy; and as the additions which have been sanctioned to the building, to provide increased accommodation for persons afflicted with leprosy, will, it is expected, be completed during the ensuing year, this Government has, subject to the confirmation of the Government of India, sanctioned the entry in the Medical Budget for 1869-70 of the proposed increase, viz., Rupees 43 per mensem, to the cost of the present establishment of the institution. This increase, as shown in the annexed tabular Statement, includes some addition to the pay of the Steward and Washer-man, whose work will necessarily be augmented on the admission of more patients into the Hospital.

FORT SAINT GEORGE,
