Dated	<i>13-8-1868</i>	

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Department,

13th August 1868.

Read the following papers:—

No. 98. From the President of the Municipal Commission, Cuddalore, to the Chief Secretary to Government, Fort Saint George; dated Cuddalore, 3rd March 1868, No. 270.

I have the honor to request that you will be good enough to obtain the sanction of the Governor in Council to the accompanying estimate, showing the expenditure proposed to be incurred for the year ending 30th April 1869, and to the levy of the rates on houses, buildings, and lands at 5 per cent. per annum on the annual value thereof; also authority is sought for the levy of taxes on arts, professions, trades, and callings—tolls on carriages, carts, and animals entering the municipal limits—taxes on carriages, horses, and other animals kept within the town—and fees for the registration of carts and other wheeled vehicles without springs, as provided in Sections 38 to 68 of Act X of 1865.

2. The estimate of the Superintendent of Police, on account of the Police Force to be maintained by the Municipality, is herewith forwarded.

3. As the municipal funds do not admit of the full allotment being made in this year for hutting the Police, a moiety only has been apportioned for this purpose with the consent of the Superintendent.

4. I desire to add that every item of the present Budget, both of estimated income and expenditure, has been fully discussed by the Commissioners, and has had careful consideration. It will be seen that the income is estimated somewhat below that of the preceding year. The cause of this difference is owing to the present estimate being framed on the actual receipts of the past twelve months, mainly in two items—that of the road cess, which was over-estimated in last year's budget, and the house tax.

5. The slight increase in the office establishment and salaries was unanimously voted as essential for the due and efficient working of the Municipality, and it will be seen that, with this increase, the percentage on income is not more than 7½ per cent.

No. 99. From the President of the Municipal Commission, Cuddalore, to the Chief Secretary to Government, Fort Saint George; dated Pondicherry, 30th July 1868, No. 352.

With reference to my letter, No. 270, of the 3rd March 1868, forwarding for the sanction of Government the estimate showing the expenditure proposed to be incurred for the year ending 30th April 1869, and for the levying of certain taxes, I have the honor to re-transmit the revised Budget, recently returned at my instance, and to request that you will have the goodness to obtain the necessary sanction for the same.

2. The Commissioners having resolved not to levy the trade tax no alteration was necessary.

3. I beg to submit a list of the names of the following gentlemen to be appointed as Commissioners of the Cuddalore Municipality for the year 1868-69:—

1. Assistant Surgeon John Bilderbeck, Civil Surgeon.
2. Mr. Arundel Tagg, Assistant Collector.
