Dated	22-7-	1869

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Department,
 22nd July 1869.

No. 168. Read the following letter from the President of the Palamecottah Municipal Commission, to the Chief Secretary to Government, Fort Saint George; dated Tinnevely, 9th July 1869, No. 244.

In continuation of my letter, dated 19th June 1869, No. 212, I have the honour to forward, for sanction, revised estimates of receipts and expenditure for the Palamcottah Municipality, with reference to the extension sanctioned in Government Order, dated 17th June 1869, No. 827.

ENCLOSURES 4.—Returns of receipts and expenditure.

No. 169. ORDER THEREON, 22nd July 1869, No. 1029.

The revised estimates of the probable receipts and disbursements in the Palamcottah Municipality show that it is proposed to raise, during the year 1869-70, by the levy of a rate on houses and buildings, tolls, tax on carriages and animals, registration of carts, &c., Rupees 16,350. The principal source of revenue is from tolls, which is estimated at Rupees 11,500. But as the revision of the Towns' Improvement Act is likely to affect the scale of tolls, the Commissioner of the Palamcottah Municipality should be prepared to make up the loss in future years from the other taxes. It is observed that the tax on arts, trades, and professions is not to be imposed during 1869-70.

2. The Government contribution on the expenditure falling within purposes specified in Section 25 of the Towns' Improvement Act is Rupees 4733-12-0. Deducting from it Rupees 315, the assessment paid on Government buildings, the amount which will be available is Rupees 4418-12-0, not Rupees 5135, as entered in Return B.

3. The outlay to be incurred exceeds the probable receipts by Rupees 716-4-0. If this excess cannot be met from the balance from last year, it will be necessary to reduce the expenditure.

4. The detail of estimates should have shown how many toll-gates, and how many latrines are to be built for Rupees 1700; and the cost of white-washing police buildings should have been placed under the head of "Police." The wages of garden maistry,* twenty gardeners,† and lamp-lighters,‡ are included under "Establishment," instead of under "Purposes other than those specified in Section 25," while office rent§ and contingencies|| have been inserted under that head. Making the necessary transfers the cost under "Establishment" will be reduced from Rupees 5214 to Rupees 4082, and that under "Purposes other than those specified in Section 25" raised from Rupees 1418 to Rupees 2550.

3 assessment 18 216
 4 lamp lighters 24 288
 1 latrine 10 120 5214

Proceedings of the Madras Government, Public Department,
22nd July 1869.

5. The necessity for the employment of the garden maistry, and the large staff of gardeners at a cost of Rupees 1320, and a surveyor, lascar, and two milers, at a cost of Rupees 756, should be explained.

6. Pending the receipt of the explanation the estimates are passed.
