Proceedings of the Madras Government, Public Department,
16th August 1869.

No. 106 Read the following Proceedings of the Board of Revenue, dated 13th July 1869, No. 5009.

Read again Mr. Puckle's letter, dated 8th August 1868, No. 341.

Board's Proceedings, dated 16th December 1868, No. 8809.

Read also the following letter from the Acting Collector of Tinnevely, to the Acting Secretary to the Board of Revenue, dated 15th June 1869, No. 242.

Referring to Board's Proceedings, No. 8809, dated 16th December 1868, I have the honour to forward Extract from the Proceedings of a Meeting of the Lungerkhana Committee, held at Palamcottah on the 14th instant, from which the Board will observe that it is proposed to grant a sum of Rupees 2000 towards the Dispensary proposed to be opened at Strivilliputtur.

Extract from the Proceedings of a Meeting of the Lungerkhana Committee.

* * * *

“ That with reference to paragraph 4 of Mr. Puckle's letter to the Board of Revenue, dated the 8th August last, No. 341, and to the Board's Proceedings, No. 8809, dated 16th December 1868, inquiring what subsidy, if any, can be obtained from the funds of this Institution for the erection of a Dispensary in Strivilliputtur; the Collector be informed, that while this Committee are willing to further any laudable object, having in view the alleviation of human suffering, they do not feel authorized to expend the funds of this Institution in the form of a *fixed subsidy* towards the erection of Dispensaries in the different taluqs of the district, as such funds were raised for the special benefit of the Central and Branch Dispensaries established in this town; but the Committee resolve to make a special donation of 2000 rupees towards the object in view, which, it is hoped, will meet the wishes of the community in Strivilliputtur.”

In Mr. Puckle's letter of the 8th August 1868, No. 341, he stated that the people at Strivilliputtur were anxious to have a Dispensary, and had told him they were thinking of offering to provide a building if Government would supply stores and attendance. He suggested that the Lungerkhana Committee at Palamcottah might subscribe towards it.

2. In September 1868 a letter was submitted to the Board, in which the inhabitants of Strivilliputtur asked for a Dispensary to be opened in their town. Rupees 7000 had been raised for the purpose, but the people differed as to how it should be applied.

3. The Collector now reports that the Lungerkhana Committee are willing to contribute Rupees 2000.

4. The Board resolve to submit the application of the people of Strivilliputtur for the orders of Government.

Acting Secretary.

Proceedings of the Madras Government, Public Department,
16th August 1869.

No. 107. ORDER THEREON, 16th August 1869, No. 1149.

The Government will be prepared to afford to the Dispensary which it is proposed to establish at Strivilliputtur, the same aid which they usually extend to similar institutions elsewhere ; that is to say, they will furnish the medical attendance and the medicines ; but the building, as well as the furniture, food, clothing, and menial attendance required by their own sick poor must be provided by the local public.

2. The Government remark with reference to the proposal to make the Dispensary one for the treatment of out-patients only, that such a restriction will much diminish its utility, as many cases requiring treatment in hospital must necessarily occur.

(True Extract).

Promising medical attendance and medicines
in the event of a Dispensary being established at
Srivilliputtur, Tinnevely district.

No. 8,809.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 16th December 1868.
Read the following letter from P. CABALYA PILLAI, District Munsiff, and W. E. GANAPATHY PILLAI, Tahsildar, to the Collector of Tinnevely, dated Streevelliputtur, 30th September 1868:—

We beg to forward, on behalf of the inhabitants of the town of Streevelliputtur and other villages in this talook, an application for a Dispensary to be opened in the town. The inhabitants have subscribed a sum of 7,000 Rupees, and desire that their contribution should go towards erecting a building for the Dispensary and supporting in-patients; but, we consider that no provision for the support of in-patients is necessary, as most of the Caste-men will not be disposed to take a lodging in the Dispensary. We would therefore propose that the Dispensary should be opened for out-patients, and that the interests accruing from the amount subscribed should be made available for the services of a Dresser.

2. We beg to request, on behalf of the people, that you will be good enough to recommend to Government the establishment of a Dispensary here, and to obtain the aid of Government for the erection of a building and the supply of medicines.

(True Copy)

(Signed) J. WALLACE,
Assistant Collector, for Collector.

To the Acting Secretary to the Board of Revenue,
with reference to Mr. Puckle's letter, No. 341, dated 8th August 1868.

The Acting Collector's attention is drawn to paragraph 4 of Mr. Puckle's letter, dated 8th August last, No. 341, and he is requested to state whether any, and, if so, what subsidy can be obtained from the source therein indicated.

(A true Copy and Extract.)

(Signed) J. GROSE,
Sub-Secretary.

To the Collector of Tinnevely.

Exd. T. Cartledge.

From R. K. PUCKLE, Esq., Collector of Tinnevely, to the Acting Secretary to the Board of Revenue,
dated Tenkasi, 8th August 1868, No. 343.

In reply to Board's Proceedings, No. 4,501, dated 17th June 1868, I have the honour to inform you that a Dresser is greatly needed for the General charge Deputy Collector, who resides mostly at Strivilliputtur, a large town seventy miles from the head-quarters of the district; the nearest medical aid is at Tuticorin upwards of sixty miles distant, and the official residents of the place have frequently represented their need of medical aid, and for some time they paid a pensioned Dresser themselves.

2. Strivilliputtur contains a Deputy Collector, a District Munsiff, an Executive Officer of the Department of Public Works, a Tahsildar, and all their Establishments, besides 12,000 inhabitants. 3. Lieutenant Fullerton, the Deputy Conservator of Forests, proposes making Strivilliputtur his head-quarters; the distance from the hills is about five miles, but the town itself is not feverish, though parts of the talook are so.

4. The people are anxious to have a Dispensary at Strivilliputtur, and some of them lately told me that they were thinking of offering to provide a building if the Government would supply stores and attendance; upwards of 70,000 Rupees have, however, been already subscribed for Dispensaries in this district, and as the whole of this sum is monopolized by one Lunkerhana at Palamcottah, I think it would only be fair if a portion of the Lunkerhana Fund was subscribed for the benefit of many of the people who raised it by the institution of Branch Establishments in suitable places.

5. Agreeably to the orders of the Board, I am now indenting for a large additional supply of medicines for distribution in the talooks, but it seems almost a farce to issue medicines to be kept in store by the Tahsildars, without at the same providing a modicum of professional knowledge to see that the good intentions of Government are carried out.
