Proceedings of the Madras Government, Public Department,

25th August 1869.

No. 178. Read the following letter from the President of the Bellary Municipal Commission, to the Chief Secretary to Government, Fort Saint George ; dated Bellary, 10th August 1869, No. 657.

Within the limits of the Municipality, and close to the Cowl bazaar, is a block of huts, known as the Cooks Patcherry. They are so crowded together that it is impossible to keep the alleys, which divide them, clean, and there being hardly any circulation of air, the risk of disease generating within the block, and thence spreading to the large town in its vicinity, is manifestly great. For the avoidance of such risk the Commissioners solicit the sanction of Government to take action under Section 127 of Act X. of 1865. They anticipate no difficulty in carrying out this measure of improvement, as they are prepared to give fresh sites in the immediate vicinity, and to make reasonable compensation to the owners of the huts aforesaid, which are of but trifling value.

No. 179. ORDER THEREON, 25th August 1869, No. 1187.

Sanction granted, on the condition that fresh sites and adequate compensation are given to the owners of the huts proposed to be removed.

Sir, Within the limits of the Municipality and close to the Court Magistrate's office known as the Broker's Panchery, they are so crowded together that it is impossible to keep the alleys which divide them clean and there being hardly any circulation of air the risk of disease generating within the block and thence spreading to the large town in its vicinity, is manifestly great. For the avoidance of such risk the Commissionaries submit the suggestion of Government to take action under Section 127 of Act I of 1865. They anticipate no difficulty in carrying out this measure of improvement as they are prepared to give fresh sites in the immediate vicinity and to make reasonable compensation to the owners of the huts aforesaid, which are of but trifling value.
