*Proceedings of the Madras Government, Public Department,
7th September 1869.*

No. 41. Read the following letter from the President of the Cuddapah Municipal Commission, to the Chief Secretary to Government, Fort Saint George; dated Cuddapah, 16th August 1869.

As directed in paragraph 4 of the Order of Government, dated 11th July 1867, No. 820, I have the honour to forward herewith the annual report of the Cuddapah Municipality, and statements in detail of all the works executed by the Municipal Commissioners and of all sums received and expended by them, as provided in Section 32 of Act X. of 1865.

— — —
Annual Report of the Cuddapah Municipality for the year commencing 1st May 1868 and ending on the 30th April 1869.

In submitting the annual report of this Municipality for the year ending 30th April 1869, it affords me much pleasure to be able to chronicle the steady progress and successful working of the institution.

2. The income of the Municipality was derived, as in the preceding year, from tolls, trade and house-taxes, license fees on carriages and animals, and registration of carts, &c.

3. The estimated receipts, including the Government contribution for the year, were Rupees 25,300. The actual collections, as per statement C. annexed, amounted to Rupees 33,324-12-3, or Rupees 8024-12-3 in excess of the estimate. The probable expenditure for the year was estimated at Rupees 25,300, and the actual sum expended was, under all heads, as shown in abstract B., Rupees 31,270-14-0, or Rupees 5970-14-0 in excess.

4. *New works and improvements.*—Two pukka latrines, according to the plans suggested by the Sanitary Commissioner of Madras, were commenced, for which a sum of Rupees 700 was paid in advance. Three temporary latrines were built at a cost of Rupees 210-1-8. The construction of a slaughter-house on the north of the town was also undertaken, and a sum of Rupees 810 spent upon it. Four tunnels were constructed at a cost of Rupees 958-13-10, and three new wells at an expense of Rupees 243-4-0. Two main and two branch roads were made at a cost of Rupees 1301-6-5. A large drain to carry away the rain-water from the town was also constructed at a cost of Rupees 570-7-7.

5. *Repairs.*—Nine old temporary latrines were repaired at a cost of Rupees 231-14-6. A sum of Rupees 221-8-1 was spent in repairing the toll-gate houses. Three tunnels were repaired at a cost of Rupees 132-9-4. A sum of Rupees 346-10-0 was expended in repairing and deepening wells during the late famine. The Commissioners spent Rupees 8311-1-2 in repairing roads, thus exceeding by Rupees 6311-1-2 the Budget estimate. It was found necessary almost to re-construct some of the roads, and particularly to raise that leading to the Railway station above the highest water-level of the Doujalcharva tank. This road alone cost Rupees 2782-10-6.

6. *Conservancy.*—A sum of Rupees 555-6-2 was expended in constructing conservancy carts in lieu of the old ones, which were almost worn out; Rupees 306-13-5 on dust-boxes; and Rupees 488-3-0 in removing and destroying prickly-pear.

7. *Miscellaneous.*—The charge under the head of "Printing" exceeded the amount of the estimate by Rupees 123-11-7. This excess is owing to the payment of Rupees 137-10-0 to the *Madras Times* and of Rupees 110-0-6 to the *Athenæum and Daily News* for publishing advertisements of the market loan.

8. The town was remarkably healthy. No epidemic disease of any kind prevailed during the year under review.

9. The Municipal accounts have been audited by the Acting Treasury Deputy Collector, who is unconnected with the Commission.

No. 42. ORDER THEREON, 7th September 1869, No. 1253.

sioners had at their disposal a sum of Rupees 33,324-12-3; that they expended during the year Rupees 31,270-14-0; and that the balance on the 1st May last was Rupees 2053-14-3.

2. Of the sum of Rupees 33,324-12-3, Rupees 23,320-5-8 were derived from the sources mentioned in the margin; the balance from last year was Rupees 277, and the Government contribution, arrears and current, amounted to Rupees 9727-6-7. The rate on houses and buildings, tolls, tax on carriages and animals, registration of carts, and miscellaneous receipts, yielded more than the Commissioners anticipated. But from this amount the cost of repairing old Trunk Road, Rupees 165-3-8, which has been paid to the Commissioners through the Public Works Department, must be deducted, also the contribution (Rupees 72-5-7) on Rupees 389-6-4 to be refunded by the Police, it being presumed that the amount is included in the sum of Rs. 7356-6-8 entered in return B.

7. The Government notice with satisfaction that the improvements undertaken by the Commissioners and the arrangements made for the conservancy of the town of Cuddapah have had a beneficial effect on the health of the inhabitants, and that "no epidemic disease of any kind prevailed during the year under review."

The Annual
Report and the abstract
of the accounts of receipts
and expenditure of the
Cuddapah Municipality
for the year 1868-69, show
that the Commissioners
had at their disposal
a sum of Rs 33,324-12-3;
that they expended during
the year Rs 31,270-14-1;
and that the balance on
the 1st day last was
Rs 2,053-74-3.
