PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the

President, Calcut Municipal Commission.

(Here enter 27. August 1884/12923.)

Order thereon. 11. September 1884. No. 1272.

It appears from the foregoing Report, and the abstracts of the Accounts of receipts and expenditure in the Calcut Municipality for the year 1883-84, that with the exception of the fees for the Registration of Carts and Miscellaneous receipts, the other sources of Municipal income fell considerably short of the Estimate. The net decrease is Rs. 8,488. 5. The Report shows

Rate on houses, buildings & lands	14,822. 7. -
Tax on carts, trades & professions	4,520. -
Tax on carriages & animals	381. -
Registration of carts & vehicles without drivers	570. -
Fines & other miscellaneous receipts	373. 4. -
Total	24,156. 11. -
Government contribution	5,000. -
Balance in hand from last year	14,006. 9. 5
Grand Total	30,593. 4. 5

Calcut Municipal

Enclosure No. 3.

Shows that the tax collectors employed by the Commission have done their work more satisfactorily than the Adigaries and Memons and that the outstandings at the close of the year were much reduced. The tax collectors were, it is observed, employed only in five Amshoms, while two Amshoms were entrusted to the Adigaries and Memons. The Government are of opinion that the collections from all the Amshoms should in future be made exclusively by Municipal Servants, and direct that arrangements be ~~made~~ ^{adopted} accordingly.

2. Under the head of "Government Contribution" is entered Rs 5000 as having been "actually drawn." The total amount advanced to the Commissioners was Rs 7000.

The

vide Proceedings of Government
dated 19 September 1888. No 117

245-29
The Accountant General will be requested to ascertain whether or not the whole amount was disbursed during the year 1888/89, and after he has done so to authorize the disbursement of the balance (Rs 2259-1-10) due to the Municipality on account of State Contribution.

3. Arrangements should be made by the Municipal Commissioners for the punctual payment of the cost of the Police, and the Inspector General of Police will see that this is done in future.

4. The expenditure, excluding the cost of Police, was Rupees 5,830, 14. 10 less than

than what the Commissioners intended to expend during the year 1868/69. "New Works," "Conservancy" and "Establishment" cost Rs. 4915, Rs. 3993

New Works & improvements - 4915-9-4
Repairs - 12,935-6-10
Conservancy - 3,993-12-5
Establishment - 4,191-10-9
Total - 29,036-7-4

and Rs. 4191; against Rs. 10,000, Rs. 8,000 and Rs. 5,232, respectively.

The cost of "Repairs" exceeded the provision made in the Estimate by Rs. 3435; it having been found, it is explained, absolutely necessary to repair the roads and streets which "were in very bad order." The Government accept the explanation, and ^{pass} the additional outlay.

5. The expenditure under the head of Conservancy for Sweepers and Joties appears to be wholly insufficient, for

29
B
for the proper conservancy of a large town like Calcutta. The Establishment actually

employed was
12 Sweepers and
6 Joties.

6. The Government desire to be informed of the actual number of latrines erected by the Municipality and how the excreta from them, and from the numerous cess pits in the Town are disposed of, and whether the Municipal Carts go through every street in the Town twice daily.

7. The President of the Municipal Commission will also be requested to explain why the

the 2nd instalment (Rs. 750)
of the loan (Rs. 3,000) obtain-
ed from Government was
not paid during the year,
and to arrange for its
immediate payment.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Department.

11th September 1869.

No. 61. Read the following letter from the President of the Calicut Municipal Commission, to the Chief Secretary to Government, Fort Saint George; dated Calicut, 27th August 1869, No. 23.

I have the honour to submit the usual report on the working of the Towns' Improvement Act in Calicut during the year 1868-69, and to forward statements A., B., and C., showing the actual collection and expenditure.

2. Funds were raised, as in last year, from all sources excepting tolls.

3. The lists of house-rates and profession-tax of last year were adopted with the few alterations that were found necessary.

4. The total amount collected during the year, as per Statement C. enclosed, amounts to Rupees 30,593-4-3. This item is composed of collections on account of 1868-69, the arrears collection on account of 1866-67 and 1867-68, and also the balance of cash in hand on the 1st May 1868.

Nagarom.
Cusaba.
Kachachi.

Edakad.
Valianad.

5. The collection of taxes, as stated in the last year's report, was made by four tax-collectors entertained by the Municipality in the Amshoms noted.

Six peons were also entertained to assist them. The tax-collectors have done their work more satisfactorily than the Amshom Adigaries and Menons, and the outstandings of the year under report, compared with those of last year, were reduced by half the amount; but, however, the Commissioners are of opinion that the system for next year should be altered, with a view of economising the expenditure and permitting no arrears to accrue.

In the other two Amshoms, collections were made by the Adigaries and Menons as usual, owing to the demand being small, and the entertainment of separate tax-collectors was not necessary.

Paniengara.
Kolullee.

6. It will be observed from the Demand, Collection and Balance Statement that a balance of Rupees 4086-2-0 including arrears remains to be collected. Of this Rupees 1190-2-0 is on account of house and Paramba-tax, and Rupees 3616 is on account of tax on arts, trades, and professions. The demands are against a great number of individuals; both the wealthy and poor are included. Steps are being taken to enforce payment of the former, and some of the latter will be struck off from the register after careful scrutiny, which is being made.

7. *New works.*—Under this head Rupees 7915-9-4 were expended. Of this Rupees 288-4-4 was for the construction of a latrine near the big-bazaar canal—a want much felt by the inhabitants. It was constructed on a removal system, and has seats for six men to use it at a time. Rupees 7627-5-0 was for the construction of the beach road commenced in last year. About $3\frac{1}{2}$ miles of road have been metalled, and is now open.

8. *Repairs.*—Twelve miles of road have been thoroughly remade, and kept in good order, at a cost of Rupees 8841-12-2. These were executed by three gangs paid on monthly wages, each consisting of twenty-five coolies and a Duffadar. The road materials were of course carted by contractors.

Mangavil road,
Pudiarakel.

The two roads noted are under construction; and Rupees 2371-1-0 have been expended on them in the year under report.

during each month.

*Proceedings of the Madras Government, Public Department,
11th September 1869.*

One small bridge was reconstructed at a cost of Rupees 180.

Three culverts were built at a cost of Rupees 508.

Rupees 461-2-0 were spent in thatching and fencing the old latrines, clearing out drains, and sundry works.

Rupees 573-7-8 were spent for steping the head of big-bazaar canal.

The total expenditure under this head was Rupees 12,935-6-10.

9. This item exceeds the amount of estimate by Rupees 3435-6-10. As the roads and streets were in very bad order, and their immediate repairs were absolutely necessary, the Commissioners were compelled to exceed the estimate, and request Government will be pleased to sanction the excess of expenditure, namely, Rupees 3435-6-10.

10. *Conservancy*.—Roads, streets, and lanes were swept and kept clean by the dust-carts and sweepers entertained by the Municipality. There were twelve carts and a sweeper attached to each. The amount expended under this head, including the pay of six toties and a vaccinator at eight rupees, was Rupees 3993-12-5.

11. *Police*.—The charges for the year were not paid, as the Commissioners were short of funds, and will be paid without delay.

12. *Establishment*.—Rupees 3376-10-6 were expended under this head as noted,

<i>Office.</i>			<i>Rs. A. P.</i>		
Head Clerk, at 60 Rupees	700	0	0		
2 Clerks, at 15 Rupees each	338	8	9		
1 Peon, at 6 Rupees	72	0	0		
1 Masalchi, at 6 Rupees	72	0	0		
Total	1,202	8	9		
<i>Executive.</i>			<i>Rs. A. P.</i>		
1 Overseer, at 60 Rupees	720	0	0		
1 Maistry, at 15 Rupees	180	0	0		
1 Peon, at 6 Rupees	72	0	0		
Total	972	0	0		
<i>Collection.</i>			<i>Rs. A. P.</i>		
1 Tax Collector, at 20 Rupees	233	0	0		
3 Do. at 15 Rupees each	463	1	9		
7 Peons, at 5 Rupees each	415	8	0		
Total	815	0	3		

and falls short of the estimate by Rupees 665-5-6, and calls for no special remark.

13. *Miscellaneous*.—Under this head Rupees 815-0-3 were expended. The particulars of the expenditure are given in the margin.

14. The report of the Auditor, appointed to audit the accounts of 1868-69, is herewith submitted, from which it will appear that the accounts of the Municipality are kept in good order.

ENCLOSURES 5.

One Report of the Auditor, and four Returns of the Receipts and Expenditure.

No. 62. ORDER THEREON, 11th September 1869, No. 1272.

It appears from the foregoing report, and the abstracts of the accounts of receipts

<i>Rs. A. P.</i>		
Rate on Houses, Buildings, and Lands	14,822	7 0
Tax on Arts, Trades, and Professions	7,540	0 0
Tax on Carriages and Animals	881	0 0
Registration of Carts and Vehicles without springs	570	0 0
Fines and other Miscellaneous receipts	373	4 0
Total	24,186	11 0
Government contribution	5,000	0 0
Balance in hand from last year	1,406	9 5
Grand total	30,593	4 5

and expenditure in the Calicut Municipality for the year 1868-69, that, with the exception of the fees for the registration of carts and miscellaneous receipts, the other sources of Municipal income fell considerably short of the estimate. The net decrease is Rupees 8488-5-0. The report shows that the tax-collectors employed by the Commission have done their work more satisfactorily than the Adigaries and Menons, and that the out-

standings at the close of the year were much reduced. The tax-collectors were, it is observed, employed only in five Amshoms, while two Amshoms were intrusted to the Adigaries and Menons. The Government are of opinion that the collections from all the Amshoms should, in future, be made exclusively by Municipal servants and direct that arrangements be adopted accordingly.

2. Under the head of "Government contribution" is entered Rupees 5000 as having been "actually drawn." The total amount advanced to the Commissioners was Rupees 7000. The Accountant General will be requested to ascertain whether or not the whole amount was disbursed during the year 1868-69; and after he has done so to authorize the disbursement of the balance (Rupees 2259-1-10) due to the Municipality on account of State contribution.

3. Arrangements should be made by the Municipal Commissioners for the punctual payment of the cost of the Police, and the Inspector General of Police will see that this is done in future.

4. The expenditure, excluding the cost of Police, was Rupees 5830-14-10 less than what the Commissioners intended to expend during the year 1868-69. "New Works," "Conservancy," and "Establishment" cost Rupees 7915, Rupees 3993 and Rupees 4191; against Rupees 10,000

Rupees 8000, and Rupees 5232, respectively. The cost of "Repairs" exceeded the provision made in the estimate by Rupees 3435, it having been found, it is explained absolutely necessary to repair the roads and streets which "were in very bad order." The Government accept the explanation, and pass the additional outlay.

5. The expenditure under the head of "Conservancy," for sweepers and toties appears to be wholly insufficient for the proper conservancy of a large town like Calicut. The establishment actually employed was—

12 Sweepers, and

6 Toties.

6. The Government desire to be informed of the actual number of latrine erected by the Municipality, and how the excreta from them, and from the numerous cess-pits in the town are disposed of; and whether the Municipal carts go through every street in the town twice daily.

7. The President of the Municipal Commission will also be requested to explain why the second instalment (Rupees 750) of the loan (Rupees 3000) obtained from Government was not paid during the year, and to arrange for its immediate payment.

Calicut 5th July 1869

To The President

Municipal Commission

Calicut

Sir

I have the honor herewith to submit my report on the audit of the accounts of the Calicut Municipality for the year 1868/69 which as requested in your Memorandum of the 28th ultimo I carried out on the 3^d instant.

1. I beg to state that I carefully checked the Day Book right through taking as vouchers for all credit entries, the receipt given by the Agent of the Bank of Madras for sums paid in on accounts of the Municipality, and the counterfoils of the licenses and registration certificates issued. As vouchers for all debit entries I examined and compared with the Day Book the counterfoils of all the cheques seeing that each was initialed by either the President, Vice President or three of the Commissioners.

2. I also examined and found correct with the exception of one or two clerical errors the abstract of the receipts showing the amounts collected under each head during each month and the Ledger or statement of Disbursements which renders an account under the various heads of all sums expended during each month.

This

Calicut 5th July 1869.

Yours faithfully
The President
Municipal Commission

This Book although correct is a little incomplete owing to the totals not being regularly carried forward

4. From the above Books and vouchers I have prepared the annexed statement shewing in condensed form the transactions of the Municipality during the year. The item under 'New Works' is almost entirely on account of the Beach Road the sum expended on the Canal I have entered under 'Repairs' although it appears under a separate heading in the Ledger. Under the denomination of 'Conservancy' I have placed the amount spent in the erection of New Latrines but this item may be entered among the New Works if it be seen fit. There appears to be no expenditure on account of 'Police' during the year.

5. Of the Government Contribution of 25% on the expenditure Rs 2259. 1. 10 remain to be drawn only Rs 5000 having been advanced up to the close of the year.

6. The arrears have been considerably reduced since the commencement of the year as will be seen from the following figures.

Arrears on 30 April 1868	House Tax	Profession Tax	Total
Rs 3735-7-0	0	4317-8-0	8052-15
Do 30 Do 1869	1190-2-0	3616	4806-2

In conclusion I beg to state that I found all the entries in the different Books remarkably accurate, more especially those in the Day Book. I have the honor to be Sir

Your Obedient Servant
J. D. Dawson
