*Proceedings of the Madras Government, Public Department,
17th September 1869.*

Read the following papers :—

No. 109. From the Acting Protector of Emigrants, to the Chief Secretary to Government, Fort Saint George ; dated Madras, 14th September 1869, No. 95-M.

I have the honour to inform you that the Medical Inspector of Emigrants has declined to give a clean Bill of Health for the emigrants now ready for embarkation. Copy of his letter on the subject received this morning is enclosed.

2. A clean Bill of Health, as prescribed by Clause 6, Rule XIII. of the Notification of the Government of India in the Home Department, dated 13th May 1865, No. 475, is one of the papers necessary before permission can be given to embark.

3. The actual terms are not provided, but the form, which has been for many years in use in Madras, is to the effect that "no contagious or infectious disease is prevalent or exists in the depôt or its immediate vicinity."

4. No cases of cholera have occurred among the emigrants at the depôt, nor, I understand, in the *immediate* vicinity of the depôt, though there have been cases in Royapooram.

5. I have this day examined the vessel and found everything on board satisfactory, and it was the intention of the Agent to embark upwards of 300 emigrants to-day, had the necessary permission been given.

6. Under the circumstances of the case, I beg to suggest that a reference be made to the Principal Inspector General of the Medical Department, as, with a tendency to the spread of cholera in Madras, a risk is incurred by the retention in depôt of a large body of coolies, greater possibly than any involved in the immediate embarkation of the emigrants.

No. 110. From the Acting Protector of Emigrants, to the Chief Secretary to Government, Fort Saint George ; dated Madras, 18th September 1869, No. 108-M.

With reference to the subject of my letter of the 14th instant, I have the honour to inform you that the health certificate has been granted, and the emigrants embarked.

No. 110-A. ORDER THEREON, 18th September 1869, No. 1305.

To be recorded.
