*Proceedings of the Madras Government, Public Department,
18th September 1869.*

No. 129. Read the following letter from the Under Secretary to the Government of India, Financial Department, to the Chief Secretary to Government, Fort Saint George; dated Simla, 26th August 1869, No. 2930.

I am directed to acknowledge the receipt of your letter, No. 1071, of the 2nd instant, submitting the information called for in the letter from this Department, No. 810, dated the 31st May 1869, in connexion with the claim of Surgeon G. Bidie to compensation for the loss of his appointment as Officiating Secretary to the Madras Medical Fund from the 2nd November 1867 to the 4th November 1868, consequent on his deputation to inquire into the ravages of the Borer insect in the coffee plantations in Mysore and Coorg.

2. The Governor General in Council observes that, if a Government allows one of its officers to accept emoluments from private sources, it should not be embarrassed in the exercise of its right to the officer's services by a recognition of his claim to compensation for the loss of such emoluments, and that, if the Government of Fort Saint George entertained a different opinion, it should either have selected some other officer for the duty on which Mr. Bidie was deputed, or have made some arrangements with the Medical Fund by which Dr. Bidie's claim to compensation might have been obviated.

3. His Excellency in Council, moreover, observes that, for the period during which Dr. Bidie lost his allowances as Officiating Secretary to the Medical Fund, he was relieved of the duties of that appointment. But, under all the circumstances of the case, His Excellency in Council will not object to compensate Dr. Bidie for the loss he has suffered; and, to avoid an inconvenient precedent, His Excellency in Council considers that the compensation should take the shape of a bonus on account of the peculiar and expensive nature of the duty on which he was employed. In this form the extra charge proposed by the Government of Madras is sanctioned.

ORDERED that a copy of the foregoing letter be forwarded to the Accountant General, Madras, in continuation of communication from this Department, No. 1037, dated 13th February 1869.

No. 130. ORDER THEREON, 18th September 1869, No. 1319.

Ordered that a copy of the foregoing letter be furnished to Dr. Bidie, and that copies of the letter be forwarded to the Inspector General of the Indian Medical Department and to Dr. Cornish, with reference to G. O., dated the 31st ultimo, No. 1215.

2. It will be intimated to Dr. Cornish that, under the views expressed by the Government of India, he will be precluded, during his absence from Madras in the investigation of cholera, from drawing the salary of the office of Secretary to the Medical Fund; but, in modification of their previous Order, the special deputation allowance assigned to Dr. Cornish will be fixed at Rupees 16 per day.
