G.O. No.	1338	Press Mis.
Dated	27-9-19	18/69

Not to be folded or roughly handled

No. 1338.

FROM

R. A. DALYELL, Esq.,

Acting Secretary to the Government of Fort Saint George,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

HOME DEPARTMENT.

SIR,

Referring to paragraph 5 of my letter, dated the 29th July last, No. 909, I am directed by His Excellency the Governor in Council to transmit, for the information of His Excellency the Governor General in Council, copy of the Proceedings of this Government, dated the 19th ultimo, Nos. 131 to 143, reviewing the report of the working of the "Indian Contagious Diseases' Act," for the first six months of its introduction within the town of Madras.

2. It will be seen from paragraph 26 of the Report, that it has been found necessary to open an additional Health Office at St. Thomé, to re-distribute the establishment of the Health Officer, and to grant a conveyance allowance to the Head Writer, to enable him to visit the

rs.
147
47
15
Total... 209

several Health Offices, involving a monthly charge of Rupees 209. This will increase the cost of the Health Officer's establishment from Rupees 1935 to Rupees 2144 per mensem. These additions are rendered absolutely necessary by the peculiar character of this city, which consists of clusters of pettahs or small townships rather than a compact capital such as Calcutta and Bombay. It would be impossible effectually to secure the registration and punctual examination of the common prostitutes unless an office for this purpose is established in each principal division of the town. The small additional charge to which the sanction of the Government of India is requested will be met, during the current year, from savings in the budget.

3. With reference to the Resolution of the Government of India, Financial Department, dated the 30th June last, No. 1673, inquiring why the proposed additional charge of Rupees 627 monthly, on account of the Lock-Hospitals established in Black-town and Vepery, should not be paid by the Municipality of Madras, I am to state that, in the opinion of Government, the financial condition of the Municipality is not such as to render it possible for the Municipality to contribute to the cost of the Lock-Hospitals at present. The Commissioners are carrying out works of conservancy which are absolutely necessary for the improvement of the public health of the town, which, with the interest on the loan for the water-distribution works, will entirely absorb their current revenues. I am at the same time to observe that, even if the Government had reason to question the inability of the Municipal Commissioners to defray a portion of the cost of the Lock-Hospitals, they have no power to insist upon such a charge being imposed on the Municipal funds.

4. In the Budget estimate for 1869-70, a sum of Rupees 19,264 was provided on account of the Lock-Hospital established in Black-town. It was impossible on the first introduction of the new law to estimate correctly its effects on the number of the patients requiring treatment. All that could be done was to keep the expenses of the Lock-Hospital as low as possible until experience had shown the absolute necessity of increasing the establishment. The numbers of patients fluctuate consi-

derably, but it may be anticipated that there will be an average daily number of 175. It has now been found absolutely necessary to open a separate Lock-Hospital at Vepery, and to appoint a Commissioned Medical Officer to be in charge of the two hospitals. Under these circumstances the expenditure on account of both these institutions will, it is expected, exceed the budget assignment by Rupees 18,000. The excess will, if possible, be met during the current year from savings under "Medical Services." An estimate is enclosed, based on the actuals of four months, showing the aggregate cost on account of both Lock-Hospitals.

Rupees 37,264.

5. The salary (Rupees 450) of the Medical Officer, attached to the Lock-Hospitals, is included in the estimate.

I have the honour to be,

Sir,

Your most obedient servant,

FORT SAINT GEORGE,
27th September 1869.

Fort Saint George, 6th September 1869.

From

The Inspector General, Indian Medical Department,
Fort Saint George,

To

The Chief Secretary to Government, Public Dept.
Fort Saint George.

SIR,

With reference to the order of No. 1162, 19th August Government as per margin, I have the honor to submit herewith a detailed estimate of charges in connection with the Lock Hospitals in Vepery and Black Town, based upon the actual expenditure of the first four months of the official year, the particulars of which I have also the honor to transmit for information.

2. Owing to causes adverted to by Dr. Stanborough in his report, there has been a great falling off lately in the number of patients admitted into these Institutions. I have no doubt that ere long the number will again increase, and in making provision for the cost of these hospitals it would be unsafe to reckon upon a less daily average.

Delivered 20th Nov 1869
George W. G. 11/19 & 20/11/69

average of sick in the two hospitals than one hundred and twenty or thirty. With the usual proportion of European diets, the charges for dieting cannot be estimated at less than Rupees 900 per annum.

3. In the Civil Budget of 1869/70 a sum of Rupees 19,264 was included for the provision of the Lock Hospital in Black Town. This sum would have been sufficient for one hospital but owing to the rapid increase of the inmates, another building had to be provided, involving a double establishment of Matrons, servants &c and necessitating the services of a Commissioned Medical Officer, for the general control and supervision of the two establishments. In addition to the above grant of Rs. 19,264 a further grant of Rupees 13,000 (in round numbers) will so far as can be calculated, suffice for the Lock Hospital Establishments at the Presidency for the current official year.

4. Should the number of patients keep low as at present, this

21-
this estimate will be more than sufficient for the due provision of the Lock Hospitals.

I have the honor to be

Sir

Your Most Obedt Servt.

a compact capital such as Calcutta and Bombay. It would be impossible effectually to secure the registration and punctual extermination of the common prostitutes unless an office for this purpose is established in each principal division of the Town. The small additional charge to which the sanction of the Government of India is requested will be met during the current year from savings in the Budget.

3. With reference to the Resolution of the Government of India, Financial Department, dated the 30th June last No. 1673, enquiring why the proposed additional charge of

of Rs. 624 monthly on account
of the Lock Hospitals establish-
ed in Black Town and Kipery,
should not be paid by the
Municipality of Madras. I
am to state that ^{in the opinion of} the finan-
cial condition of the Muni-
cipality is not such as
to render it possible for the
Municipality to contribute
to the cost of the Lock
Hospitals at present. The
Commissioners are ^{carrying out} ~~carrying out~~
~~the~~ works of Conservancy
which are absolutely necessary
for the improvement of the
Public Health of the Town,
which with the interest
~~expended~~ on the loan for the
water distribution works
will entirely absorb their
Current

current revenues. I am at
the same time to observe
that even if the Government
had reason to question the
inability of the Municipal
Commissioners to defray a
portion of the cost of the
Lock Hospitals they have
no power to insist upon
such a charge being im-
posed on the Municipal
funds.

4. In the Budget Estimate
for 1867-70, a sum of Rs. 19,264
was provided on account
of the Lock Hospital es-
tablished in Black Town.
It was impossible on the
first introduction of the
new Law to estimate, corre-
ctly its effects on the number
of

of the patients requiring
treatment. All that could
be done was to keep the
expenses of the Lock Hos-
pital as low as possible
until experience had shown
the absolute necessity of
increasing the establishment.
The numbers of patients
fluctuate considerably, but
it may be anticipated that
there will be an average
daily number ^{of 175}. It has now
been found absolutely neces-
sary to open a separate
Lock Hospital at Vepery,
and to appoint a commis-
sion-
ed Medical Officer to be
in charge of the two hospitals.
Under these circumstances
the expenditure on account
of

200.
of both these institutions as
it is expected, exceed the Bu-
-get assignment by Rs. 18,000.
The excess will, if possible,
be met during the current
year from Savings under
"Medical Services." An estimate
is enclosed, based on the
actuals of four months,
showing the aggregate cost
on account of both Lock
Hospitals.

5. The Salary (No. 450)
of the Medical officer,
attached to the Lock Hos-
pitals, is included in the
estimate
