*Proceedings of the Madras Government, Public Department,
29th September 1869.*

No. 179. Read the following letter from the President of the Municipal Commission, Trichinopoly, to the Chief Secretary to Government, Fort Saint George; dated Trichinopoly, 16th September 1869, No. 37.

At the request of the Municipal Commissioners, I have the honour to forward the accompanying extract, from their proceedings at yesterday's meeting, regarding the disposal of the Arsenal buildings.

2. It may be remembered that these buildings, together with their sites, were purchased by the Municipal Commissioners from Government, in order that the former might establish cloth and hardware bazaars, together with grain and other warehouses.—Vide correspondence noted in the margin.

From Superintending Engineer to Collector, dated 8th May 1869, No. 175.

Proceedings of Government, Military Department, dated 21st April 1869, No. 1493.
Do. do. Public Works Department, dated 5th June 1869, No. 1841.

3. The idea was, no doubt, a good one; but the tradespeople are most reluctant to avail themselves of the opportunities offered, and urge the usual plea that their fathers and grandfathers sold in the existing shops, and that they, the present occupants, are decidedly averse to moving. Of course any thing like official pressure in such a matter cannot be too strongly deprecated, and thus it happens that the buildings are now left upon the Commissioners' hands, without yielding any return upon the purchase money.

4. It has thus been determined by the Commissioners to portion out the site into building lots, and sell them for dwelling-houses, after making proper arrangements for future sanitation.

5. As, therefore, the purpose for which the Arsenal was originally sold to the Municipality cannot now be effected, the Commissioners deem it right that Government should be made acquainted with this unavoidable alteration in the disposal of these late Government buildings.

4. Resolved unanimously that, as many unforeseen difficulties have occurred with regard to turning the late Arsenal into an extensive bazaar and market, that the buildings together with the sites be divided into suitable lots and sold at public auction, with proper restrictions as regards the observance of due sanitary arrangements.

5. Resolved, also, that the President be requested to communicate this determination on the part of the Commissioners to Government.
