Letter from Government of Fort Saint George, to Home Department, No. 749, dated 3rd June 1869.

Home Department's Memorandum, No. 3117, dated 8th July 1869.

RESOLUTION.—The Governor General in Council observes that three kinds of additional charge have been sanctioned by the Government of Madras, viz.,

1st.—An allowance of five rupees a month for warm clothing for six Vaccinators in all, who are employed in the Neilgherry, Sherravoy, and Pulney Hills, and in the Amendivi Islands. The rate of charge is very high, the pay of the Vaccinators being only thirteen rupees a month, for all their other expenses; but in deference to the opinion of the local Government the expense is allowed.

2nd.—An increase of Rupees 39 monthly to the existing allowance of Rupees 61 per mensem for winding and keeping in repair thirty-nine clocks in Government offices at the Presidency, and a further payment of two rupees a month for every clock in excess of thirty-nine. This expenditure of Rupees 1200 a year for winding and keeping in repair thirty-nine clocks might be spared, and the Governor General in Council suggests that it be discontinued, a contract for the cleaning and repair of the office clocks only when necessary, being substituted. A contract on this altered footing would perhaps not cost more than Rupees 100 year.

3rd.—A peon on Rupees 5 monthly for the Civil Dispensary at Adoni, which is under an Hospital Assistant. An order of the Government of India of 4th November 1863 is cited in support of this charge. In that order a peon was allowed for each of thirty-five Civil Hospitals at the Sudder stations of districts, and at certain out-stations, which apparently were the head-quarters of Sub-Collectors and Head Assistants. In Bengal a peon is allowed for a Civil Hospital only where there is a Civil Surgeon Covenanted or Uncovenanted, the expense is not incurred in Sub-divisions under the Medical charge of Sub-Assistant Surgeons or Native Doctors, and the Government of Madras should be requested to consider whether the expense cannot be similarly restricted in that Presidency.

Ordered that a copy of the foregoing Resolution be forwarded to the Home Department, to the Government of Madras, and to the Accountant General, Madras.

MEMORANDUM.

The Under Secretary to Government, Public, &c., Departments, is directed to request the Acting Inspector General of Ordnance and Magazines to be good enough to report whether the contract, adverted to in Proceedings of Government, dated 21st January 1869, Nos. 108 and 109, with Messrs. Orr and Co., for winding and keeping in repair certain Government Clocks, has been executed by deed or written agreement, and if so, whether Messrs. Orr and Co. are willing to surrender it.

FORT SAINT GEORGE,

Under Secy. to Govt.

To the Acting Inspector General of Ordnance and Magazines.

No. 24. Official Memorandum from the Deputy Inspector General of Ordnance and Magazines in charge of Ordnance Office, to the Under Secretary to Government, Fort Saint George; dated Fort Saint George, 16th September 1869, No. 183-G.

Bill Department.

The Deputy Inspector General of Ordnance and Magazines, in charge of Ordnance Office, begs to inform the Under Secretary to Government, Public Department, in reply to his Memorandum, dated 4th September 1869, No. 387, that the contract entered into with Messrs. Orr and Sons was, by written articles of agreement, prepared by the Government Solicitor, and duly signed, sealed, and delivered on 4th March last.

2. Messrs. P. Orr and Sons are willing to surrender their contract, but conditionally, as per enclosed copy of their letter, dated 15th September 1869, just received.

From Messrs. P. ORR AND SONS, to the Deputy Inspector General of Ordnance and Magazines, in charge of Ordnance Office; dated Madras, 15th September 1869.

With reference to your Official Memorandum, No. 3142, of 13th instant, asking if we are willing to surrender our contract for winding Government Clocks, we cannot help expressing our surprise at the request, more especially, after the complimentary manner in which Government were pleased to speak (in their Proceedings, No. 108-9, of 21st January 1869,) of the way in which we had done this work for the last fifteen years. However, we are willing to surrender our contract, on Government paying us a bonus of Rupees (1000) one thousand for doing so.

No. 25. ORDER THEREON, 4th October 1869, No. 1381.

From the second of the papers above recorded, and its enclosure, the Government learn that the contract with Messrs. Orr and Sons was duly executed, and that the Firm are willing to surrender it for a present payment of Rupees 1000. The Government are not of opinion that it is advisable to obtain the surrender on these terms.
