North Arcot,
Magistrates' Office,
Chittoor 22 September 1869.

From — J. D. Robinson, Esq.,
President Municipal Commission Vellore
To The Honble R. S. Ellis, Esq. J.P.
Chief Secretary to Government,
Fort St. George.

Sir,

I have the honor with reference
to my letter of the 14th Instant N^o 54, to state
for the information of Government that with
the assistance of the Clerk of the Municipal
Commissioners Office who attended at my
Cutcherry for the purpose, the cause of
the difference between the Treasury and
Municipal Accounts has been ascertained
and both been made to correspond. The
Returns B and C submitted with my
letter above referred to, are so far
correct, except that in the latter
return the amount of expenditure
should be altered from 27386. 14. 11
to 27385. 9. 9 and the Government Contribu-
tion from 6846. 11. 9 to 6846. 6. 5. I

Proceedings of the Madras Government, Public Department,
11th October 1869.

No. 35. Read the following letter from the President of the Vellore Municipal Commission, to the Chief Secretary to Government, Fort Saint George; dated Chittoor, 22nd September 1869, No. 58.

I have the honour, with reference to my letter of the 14th instant, No. 54, to state, for the information of Government, that, with the assistance of the clerk of the Municipal Commissioners' Office who attended at my Cutcherry for the purpose, the cause of the difference between the Treasury and Municipal accounts has been ascertained, and both been made to correspond. The Returns B. and C., submitted with my letter above referred to, are so far correct, except that in the latter return the amount of expenditure should be altered from Rs. 27,386-14-11 to Rs. 27,385-9-9, and the Government contribution from Rupees 6846-11-9 to Rupees 6846-6-5.

2. I beg now to submit Statement A. with the Vice-President's report. The report of Mr. C. L. O'Brien, who audited the accounts of the Municipality, is likewise enclosed for the information of Government.

3. From Statement C., corrected as above shown, the Government will find that the Commissioners have been paid Rupees 1969-4-1 in excess of the Government grant-in-aid to which they were entitled. This excess the Commissioners have been requested to refund at once.

4. The recovery indicated in paragraph 8 of the G. O., dated 21st October last, No. 1317, viz., one-fourth of Rupees 4-8-0 (paragraph 4), and recovery in like manner of Rupees 581-12-6 mentioned in paragraph 7 of the order in question, have been made, and the amounts been included in the item of Rupees 581-0-0 under head "Refunds" in Statement B.

From the President of the Vellore Municipal Commission, to the Chief Secretary to Government, Fort Saint George; dated Sholinghur, 14th September 1869, No. 54.

I have the honour, with reference to the Under-Secretary Mr. Stokes' Official Memorandum of the 7th instant, No. 387, just received, to forward, herewith, the Returns B. and C., the one showing the receipts, and the other the expenditure in the Municipality of Vellore during the past year. These were received some ten days ago; but as the figures entered in them did not correspond with the Treasury accounts, the Vice-President was called upon for explanation. This will, when received, be forwarded for the information of Government, with the Vice-President's Annual Report and Statement A.

2. The receipts and disbursements, as shown in the Treasury accounts, amount to Rupees 45,312-12-7 and Rupees 31,637-1-10, respectively, while the figures given in the enclosures are, respectively, Rupees 59,631-5-5, and Rupees 31,892-4-11.

From the Vice-President of the Municipal Corporation, to the President of the Municipal Corporation, Vellore; dated Vellore, 10th August 1869, No. 175.

ACCOUNT-CURRENT.—I have the honour to forward account-current, for the year 1868-69, of the Vellore Municipality, duly audited by C. L. O'Brien, Esq., and much regret the delay in the transmission of the same which has chiefly arisen from a miscarriage of a document from the Tahsildar required by the Auditor, who furnished the audit of the accounts on 26th June. Copy of his report is herewith forwarded.

*Proceedings of the Madras Government, Public Department,
11th October 1869.*

2. **RECEIPTS AND EXPENDITURE.**—The accounts show that, including the grant from Government of Rupees 8815-10-6, Rupees 59,631-5-5 have been collected. Of this Rupees 17,479 were obtained from the sale of ground obtained from Government, the proceeds of which were to go towards the building of a market-place.

3. **SALE OF GROUND.**—The ground thus disposed of has been sold to thirty proprietors who have raised buildings now nearly completed, which promise to be an ornament to the town.

4. The place of the new market has been decided on, and the ground marked out for it.

5. **LIGHTING.**—The town is now tolerably well-lighted. In the Cantonment there are forty-two lamps burning Kerosine-oil, and the town has been supplied with 100 lamps burning country oil. The lighting of these has been disposed of to a Contractor at the rate of Rupees 58-8-0 per 100 lamps per mensem.

6. **DRAINAGE.**—A great deal has been done, during the year under review, in framing the roadways of streets with side-drains, and the drainage is now very fair, though as funds admit the drains will require to be made of masonry.

7. **STREETS.**—Sixteen thousand one hundred and sixty-four running yards of road of an average width of five yards with side-drains have been constructed, and two small culverts built; five latrines built at a cost of Rupees 500, of which Rupees 250 were expended last year.

8. **VACCINATION.**—One thousand two hundred and seventy-four persons have been vaccinated during the year. The services of one Vaccinator being considered sufficient for the Municipality, the second Vaccinator hitherto employed has been dismissed.

9. **HEALTH.**—The general health of the public during the year has been good, and one death from cholera, and seven from small-pox reported.

10. **BUILDINGS.**—A suitable building having been offered was purchased for Rupees 1500 as a Town Police Station here, and Rupees 1250 were laid out in a building now used as the Municipal Office with bungalow for residence of Manager.

11. **DUST-BINS.**—I regret to say that, up to this time, little has been done towards the construction of dust-bins, which are much required, but I trust very shortly to have a sufficient number erected.

12. **LATRINE.**—A space has been enclosed as a latrine in the dry-earth system, and we are only waiting to have it roofed in with corrugated-iron to ascertain the success of the step to guide us in altering the present latrines into dry-earth ones.

13. **ESTABLISHMENT.**—There has been a considerable change in the establishment, and as the persons recently appointed to their posts have not taken them up, it is impossible to say whether the advantages hoped for have been reaped.

14. **CONTRACTS.**—The principle of having everything done by contract, as far as it can be carried out, has been adopted, and several contracts, especially that of conservancy bullocks, have been let at a great gain to the Municipality.

15. **MARKET.**—It is calculated that within the official year 1869-70 the sum of Rupees 22,000 will be expended on the new market; for dust-bins not more than Rupees 2000 are likely to be required.

16. **TOLLS.**—The collections for the year under reference without Government contribution amounted to Rupees 16,087, and establishment Rupees 4702, with Police including Government contribution to some 9331 rupees, or a total of Rupees 14,033, leaving Rupees 2053 for other purposes of situation, &c.; this is represented to show that without tolls it will be impossible to carry on the Municipality work. The annual grant of Rupees 1110 for repair of cantonment roads is expended in the same, and cannot be looked upon as a source of revenue to the Municipality.

*Proceedings of the Madras Government, Public Department,
11th October 1869.*

No. 36.

ORDER THEREON, 11th October 1869, No. 1400.

			Rs. A. P.		
1. Rates on Houses, Buildings, and Lands.....	Arrears.	5,339	15	7	
2. Tax on Arts, Trades, and Professions.....	Arrears.	1,674	12	9	
3. Tolls.....	Current.	6,119	0	0	
4. Tax on Carriages and Animals.....		10,279	12	0	
5. Registration of Carts, &c., without springs.....		497	0	0	
6. Fines and Miscellaneous Receipts.....		928	0	0	
7. Sale of land.....		1,674	15	7	
		17,479	0	0	
Government contribution, &c.....		43,999	5	11	
Grant for repair of Cantonment roads.....		8,815	10	6	
Balance in hand from last year.....		1,110	0	0	
		5,706	5	0	
Total...		59,681	5	5	

It appears from the abstracts of the audited accounts of the income and expenditure of the Vellore Municipality for the year 1868-69, that the Commissioners raised by the levy of the taxes, tolls, &c., described in the margin, fees, and sale of lands, Rupees 43,999-5-11, or Rs. 16,049-5-11 in excess of the amount which they anticipated when submitting their annual estimate in June 1868. The excess is due chiefly to the tax on arts, trades, and professions, miscellaneous receipts, and sale of land having produced considerably more than the estimate. In addition to the amount raised, the Commissioners received from Government on account of State contribution Rs. 8815-10-6, and grant for Cantonment roads Rupees 1110, which with the balance for last year (Rupees 5706-5-0) placed at their disposal Rupees 59,631-5-5.

			Rs. A. P.		
1. New works and improvements.....		2,341	7	1	
2. Repairs.....		3,976	5	5	
3. Conservancy.....		7,084	2	11	
4. Police.....		9,810	0	10	
5. Establishment.....		4,702	8	6	
		27,364	8	9	
6. For purposes other than those specified in Section 25.....		3,404	12	1	
Repairing Cantonment roads.....		1,123	0	1	
Total...		31,892	4	11	

2. Of this amount the Commissioners expended during the year on new works, repairs, conservancy, Police, establishment, and purposes other than those specified in Section 25, Rs. 31,892-4-11, and there remained, on the 1st May 1869, a balance of Rupees 27,739-0-6; of which, it is observed, the Commissioners propose to lay out, during the current year, on the new market, and in the construction of dust-bins, Rupees 24,000.

3. The expenditure fell short of the estimate by Rupees 3866-6-8, owing to the outlay on new works, which was estimated at Rupees 13,550, not having been laid out as intended.

4. The purchase of the building used as the Municipal Office for Rupees 1250 was not reported to Government, nor was any provision made in the estimate for 1868-69 for the purpose. As the building was required by the Municipality, the expenditure incurred is passed.

5. Under the head of Police, a sum of Rupees 22-1-0 for buckets and firehooks has been charged to purposes coming within the scope of Section 25 of the Towns' Improvement Act, although a provision of Rupees 32-11-9 was made on that account in the estimate under "Purposes other than those specified in Section 25." The sum of Rupees 22-1-0 will now be transferred from Police to the head under which it appeared in the estimate, and the entries in Return B. corrected accordingly.

6. The transfer adverted to will reduce the expenditure on which the State contribution should be calculated from Rupees 27,385-9-9 to Rupees 27,364-8-9, and the contribution itself from Rupees 6846-6-5 to Rupees 6841-2-2. The Commissioners will be called upon to refund the difference, viz., Rupees 5-4-3.

*Proceedings of the Madras Government, Public Department,
11th October 1869.*

7. It is observed from the report of the Commissioners that the contract system has been carried out as far as practicable, and that the Municipality has effected a great saving in contracting for the bullocks employed in the Conservancy Department.

8. The Government notice with satisfaction that the arrangements adopted for the efficient conservancy of the Town of Vellore have been attended with much benefit to the public health.

No 175-

Municipal Commissioner's Office
Bellare 10 August 1867.

From,

Colonel J. M. W. Balmington, (4)
Vice President
Municipal Corporation
Bellare.

To,

J. D. Robinson Esquire,
President, Municipal Corporation
Bellare.

Sir,

Account Currents

I have the honor, to forward Accounts Currents for the year, 1866-67 of the Bellare Municipality duly audited by G. V. Osborn, Esquire, and much regrets the delay in transmission of same which has chiefly arisen from a misarrangement of documents from the Sahaidar required by the Auditor, who furnished the audit of the accounts on, 26 June. Copy of his report is herewith forwarded.

Receipts & Expenditure

The Accounts show that, including the grants from Governments of Rs 5,815-10-6, Rs 59,631-5-5 have been collected, of this Rs 17,479- were obtained from the sale of ground obtained from Government, the proceeds of which were to go towards the building of a market place.

On a letter from the President Municipal Corporation Bellare to the Civil Secretary to Govt of Madras dated 10.5.67.

Recd 21/11/67

The ground thus disposed of, has been sold to 30 proprietors who have raised buildings now nearly complete which, promise to be ornamental to the Town.

Sale of ground

The place of the new Market has been decided on, and the ground marked out for it.

The Town, is now tolerably well lighted, in the Cantonment, there are 42 Lamps burning Kerosine oil, and the Town, has been supplied with 100 Lamps burning Country oil. The lighting of these has been disposed of, to a Contractor at the rate of Rs. 58-8- per 100 Lamps per month.

Lighting

A great deal has been done during the year, under review in framing the Roadways of streets with side drains and the drainage is now very fair, though, as funds admit the drains will require to be made of masonry.

Drainage

16,164 running yards of Road of an average width of 5 yards with side drains have been constructed, and 2 small culverts built. 3 Latrines built at a cost of Rs. 500 of which Rs. 250 were expended last year.

Streets

Vaccination

1274 persons have been vaccinated during the year. The service of Vaccinators being considered for Municipality the 2nd Vaccinator employed has been dismissed.

Health

The general health of the Public during the year, has been good. There were one death, from Cholera and one from small Pox reported.

Buildings

A suitable building, having been offered, was purchased for Rs. 1500 as a Town Police station, here. Rs. 1250 were laid out in a building now used as the Municipality office with Bungalows for residence of Manager.

Dust Bins

I regret to say that up to this time little has been done towards the construction of Dust Bins, which are much required, but I trust very shortly to have a sufficient number erected.

Latrines

A space has been enclosed, as a Latrine in the dry earth system, and two are only waiting to have it roofed in with corrugated iron, to ascertain the success of the step to guide us in altering the present.

Valuaries into dry earth, ones.

There has been, a considerable Establishment change in the Establishment and as the persons recently appointed to their posts have not taken them up, it is impossible to say whether the advantages hoped for have been reaped.

The principle of, having every thing Contracts done by contracts, as far as it can be carried out, has been adopted and several contracts, especially that of, Conservancy Bullocks have been let at a great gain to the Municipality.

It is calculated, that, within, official Market year, 1869/70, the sum, of Rs. 22,000 will be expended, on, the new market, for dust bins not more than Rs. 2,000 are likely to be required.

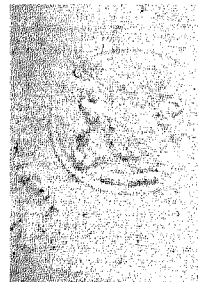

The Collections for year, under, reference Tolls without, Government contribution, amounts to Rs. 16,007 and Establishment Rs. 1,702, with, Police including Government contribution to come 2,331 Rs. 000, a total of Rs. 14,033 leaving

leaving Rs. 2,053 for other, purposes off, situation, yes, this is represented, to show that without Tolls, it will be impossible to carry on, the Municipality work. The annual grants of Rs. 1,110 for repair, of Cantonment Roads is expended, in, the same and cannot be looked upon, as a, source of Revenue to the Municipality.

I have the honor yes

 To.
 Colonel J. A. M. Babington
 Vice President Municipal Commission
 Vellore

Sir

I am favored with yours of yesterday's date, with copy of Tahsildars Memorandum of Balance in Treasury at credit of the Vellore Municipality at the 30th April last which appears correct.

I now beg to hand your accounts (in duplicate) of your fund to 30th April 1869 which I have duly examined and signed as correct.

With regard to the manner in which the accounts are kept, I would simply remark that, as you are not in a position to secure the services of a first class Book-keeper, the less intricate the system adopted the better, hence it would be advisable that the Day and Cash Book should be merged into one.

Enclosed find the
 President Municipal Council
 Vellore to the Chief Accountant
 to Government for audit
 (copy dated 22nd Sept 1869)
 No 58.

Mr. Babington 21/9/69

one, and such book should contain all the receipts and disbursements, the ordinary receipts and payments being entered therein from day to day, and the collections as per subsidiary Books every week or at furthest at the end of each month. The various items in the Cash Book should then be posted into the Ledger, to the several accounts to which they belong and the totals of such accounts, would give the results of the operations of the Municipality for the Twelve Months.

The vouchers for all payments made should be carefully preserved, and arranged in such a manner as to enable reference being made to any particular receipt at a moment's notice.

I found the clerk with whom I went through your accounts an intelligent young man and one who with a little careful training, would in time become a valuable man.

Carroll A. M.

Dear Mother from the
President Municipal Com-
missioner. Please to the
Chief Justice & Government
for which George Baker
22 September 1889, p. 58.

8. 11. 1969

June 1868. The excess is due — chiefly to the tax on Arts, trades and professions, Miscellaneous receipts, and sale of Land having produced considerably more than the Estimate. In addition to the amount raised, the Commissioners received from Government on account of State Contribution Rs 8,815-10-6, and grant for Cantonment Roads Rs 1,110, which with the balance for last year (Rs 5,706-5-) placed at their disposal Rs 59,631-5-5.

2. Of this amount the Commissioners expended during the year in New Works, repairs, Conservancy, Police, Establishment, and purposes other than those specified.

(15) 7

1. New works and improvements —	2341-7-1	Specified in Section 25
2. Repairs —	3976-5-5	Rs 31,892-4-11, and there
3. Conservancy —	7034-7-11	remained on the 1st May 1868
4. Police —	9310-10-10	a balance of Rs 27739-0-0
5. Establishment —	4702-3-6	27364-8-9 of which, it is observed,
6. For purposes other than those specified in Sec. 25 —	3404-12-1	the Commissioners proposed
Repairing Cantonment Roads —	1123-4-1	to lay out during the current
	<u>31,892-4-11</u>	year on the New Market

and in the construction of dust bins, Rs 24,000.

3. The expenditure fell short of the Estimate by Rs 8,866-6-8, owing to the outlay on New Works which was estimated at Rs 13,550, not having been laid out as intended.

4. The purchase of the building used as the Municipal Office for Rs 1,250, was not reported to Government, nor was any provision made in the Estimate for 1868-69 for

- | | | |
|---|---|---|
| 1. Rates on Houses, Buildings & Land | Revenue 6-11-11
Current 5339-15-7 | Vellore Municipality for the year 1868-69, that the Commissioners raised by the levy of the taxes, tolls & Register of Carts &c without springs. Fees, and sale of lands. |
| 2. Tax on Arts, Trades & Professions | Revenue 1674-12-9
Current 6119-11-11 | |
| 3. Tolls | 11279-12-11 | |
| 4. Tax on Carriages & Animals | 497-11-11 | |
| 5. Register of Carts &c without springs | 928-11-11 | |
| 6. Fines & Miscellaneous Receipts | 1674-15-7 | |
| 7. Sale of Land | 17,479-11-11 | |
| | | Rs 43,999-5-11, or Rs 44,000-0-0 |

Govt. Contribution Rs 2815-10-6 in excess of the amount
 Grant for repair of Cantonment Road 1110-11-11 which they anticipated
 Balance in hand from last year 5706-5-11 when submitting their
59,651-5-5 annual Estimate in
 June

for the purpose. As the building was required by the Municipality, the expenditure incurred is paid.

5. Under the head of Police, a sum of Rs 22-1- for buckets and fire-hooks, has been charged to purposes coming within the scope of Section 25 of the Town's Improvement Act, although a provision of Rs 32-11-9 was made in that account in the Estimate under "purposes other than those specified in Section 25." The sum of Rs 22-1- will now be transferred from Police to the head under which it appeared in the Estimate, and the entries in Return B corrected accordingly.

14 8
6 The transfer adverted to will reduce the expenditure on which the State Contribution should be calculated, from Rs 27,385-9-9 to Rs 27,364-8-9, and the contribution itself from Rs 6,846-6-5 to Rs 6,841-2-2. The Commissioners will be called upon to refund the difference viz. Rs 5-4-3.

7. It is observed from the report of the Commissioners that the Contract System has been carried out as far as practicable, and that the Municipality has effected a great saving in contracting for the buckets employed in the Conservancy Department.

8. The Government express satisfaction that the arrangements adopted for the efficient conservancy of the Town of Vellore has been attended with much benefit to the public health.

BELLARY MAGISTRATE'S OFFICE.

No. 42

Date,

Ramaning Subik Waplett
29 April 1869.

From,

M. C. Sullivan Esquire,

MAGISTRATE OF
BELLARY.

To,

The Honorable R. V. Ellis, Esq.
Chief Secretary to Government,
Madras.

Sir,

In continuation of my letter of this day's date No 41 and in anticipation of Act I of 1868 (Madras) being extended to the town of Annapur. I have the honor to forward herewith for the sanction of the Right Honorable the Governor in Council the Municipal Estimates for the year 1869/70.

2. The submitted receipts including the Government contributions and the anticipated balance in hand from the funds hitherto raised under Act XXVI of 1858 amount to Rs 5196 which it is proposed to expend in the manner specified in Statement A. But a small provision has been made under the head of new works. No buildings are seriously required and there are plenty of roads traversing the Municipality for the maintenance of which Rs 1000 have been allotted. The Cash proposed to be used for collecting
