*Proceedings of the Madras Government, Public Department,
16th October 1869.*

No. 69. Read the following letter from the Superintending Engineer of the 7th Division, to the Secretary to Government, Public-Works Department, Fort Saint George, dated Coimbatore, 14th September 1869, No. 99.

I have the honour to submit herewith plan, abstract estimate, and specification of latrines for the male and female inhabitants of Erode, in conformity with the enclosures sent for my guidance with G. O., No. 925, of the 20th March 1869. Each set of latrines, to accommodate seventy-two men and thirty-two women, is estimated to cost Rupees 3626; and the letters A and B in the accompanying survey show their positions; those at A being for the accommodation of the townspeople, those at B for travellers on their way to and from the Railway station. These positions are laid down from rough sketches supplied me by the Collector.

2. The Caroor Range Officer had not quite understood the details of Dr. Arnold Smith's latrine plans, so that I had to order a revision of his draft papers when at Erode in July last, which has caused some delay. I think he has now worked them out very satisfactorily.

Referred to the Public Department, with reference to the orders in that Department, No. 273, dated 4th March 1869.

FORT SAINT GEORGE,
17th September 1869.

(Signed) C. A. ORR, Colonel, R.E.,
Secy. to Govt., P. W. D.

No. 70. ORDER THEREON, 16th October 1869, No. 1430.

The Government are not disposed at present to sanction the heavy outlay proposed. The erection of the latrines may be deferred until the extension of the 'Towns' Improvement Act to Erode.

Superintending Engineer, 7th Div.

To.

Colonel C. A. Ott, R.E.

Secretary to Government, S. P. W.

Sir,

I have the honor to submit herewith Plan, Abstract Estimate, and Specification, of Latrines for the Male and Female Inhabitants of Erode, in conformity with the inclosures sent for my guidance with G. O. No. 925 of 20th March. Each set of Latrines, to accommodate 72 men and 32 women, is estimated to cost Rs. 3,626, and the letters A and B in the accompanying Survey show their positions; those at A being for the accommodation of the Towns people, those at B for travellers on their way to and from the Railway Station. These positions are laid down from rough sketches supplied me by the Collector.

2. The Caroor Range Officer had not quite understood the details of Mr. Arnold Smith's Latrine Plans, so that I had to order a revision of his draft papers when at Erode in July last, which has caused some delay. I think he has now worked them out very satisfactorily.

I have the honor to be,

Sir,
Your most obedient servant.

Wm. Walker Colonel, R.E.
Superintending Engineer, 7th Div.

John D.

The first thing I noticed when I stepped
 out of the car was the smell of the
 sea. It was a salty, fresh, and
 invigorating scent that I had never
 experienced before. The air was
 crisp and clear, and the sun was
 shining brightly. I felt a sense of
 freedom and adventure that I had
 never felt before. I was in a new
 world, and I was ready to explore it.
