*Proceedings of the Madras Government, Public Department,
29th November 1869.*

No. 153-A. Read the following letter from the Sanitary Commissioner for Madras, to the Chief Secretary to Government, Fort Saint George, dated Madras, 19th November 1869, No. 3284.

I have the honour, in reply to Circular No. 1545, in the Public Department, under date the 11th instant, conveying the orders of the Government of India by a Circular letter addressed to all Heads of Departments, in regard to instituting a searching inquiry into the practicability of reducing expenditure by savings effected either in the personnel of the department, or in other modes, to state that I do not consider it possible to reduce the cost of the establishment of the office under my control.

2. The Government is aware that, on the death of my late Secretary and the consequent abolition of the appointment, I found it necessary to apply for permission to remodel my office establishment at an increased cost of Rupees 200 per mensem; and, taking into consideration the loss of the services of a Secretary, and the increasing labour thrown upon the office in the Statistical Department, I do not think that the work can be carried on, on a smaller establishment than that named, and which received the sanction of Government in their Order, No. 1084, dated 3rd August, in the Public Department.

No. 153-B. ORDER THEREON, 29th November 1869, No. 1614.

Under the circumstances represented by the Sanitary Commissioner he will be informed that he need not furnish the monthly report called for in the Circular letter to which he has replied.
