*Proceedings of the Madras Government, Public Department,
30th November 1869.*

Read the following papers :—

No. 182. From the Acting Collector of Bellary, to the Chief Secretary to Government, Fort Saint George, dated Bellary, 29th October 1869, No. 79.

The Head Assistant Collector was, until the beginning of this year, stationed at Hospett, and there medical attendance was afforded him by the Dresser in charge of the Dispensary.

2. His head-quarters were then fixed at Gooty. There again he availed himself of the services of the Apothecary in charge of the Munro Dispensary.

3. Now under the Orders of Government, No. 2658, dated the 27th ultimo, the Head Assistant Collector is to be stationed at Penkondah where no medical aid whatever is available. Anantapur has a Dispensary with a Dresser attached, but that place is more than forty miles distant from Penkondah.

4. Under these circumstances I have the honour to request that a medical subordinate may be posted to the place.

5. The last proposal of the Inspector-General of the Indian Medical Department, contained in Proceedings of Government, Public Department, No. 323, dated 16th March last, of course did not provide for the Head Assistant in any way.

—

The Inspector-General of the Indian Medical Department is requested to report what arrangements he would propose to make for affording medical aid to the Head Assistant Collector and his establishment at Penkondah.

FORT SAINT GEORGE,
1st November 1869.

(Signed) R. S. ELLIS,
Chief Secretary.

—

No. 183. From the Inspector-General of the Indian Medical Department, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 9th November 1869, No. 400.

In returning the enclosed letter from the Collector of Bellary, referred to me with your endorsement of the 1st current, I have the honour to state that, to meet the present emergency, an experienced subordinate has been directed to join the Head Assistant Collector's establishment at Penkondah.

2. It is necessary for me to mention, however, that, if the Head Assistant Collector's establishment is to remain permanently at that place, it will be absolutely necessary that another subordinate be added to the list sanctioned in the Order of Government, Public Department, No. 323, of 16th March 1869.

3. The Hospital Assistant grade is already so much below its sanctioned strength that the greatest difficulty is found in meeting already sanctioned requirements, and in keeping up the establishment allotted to the British Medical Service.

No. 184. ORDER THEREON, 30th November 1869, No. 1636.

His Excellency the Governor in Council approves of the Inspector-General of the Indian Medical Department having directed a medical subordinate to join the
