G.O. No. <i>1664</i>	Press ☒ Mis
Dated <i>3-12-1918</i>	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Department,
3rd December 1869.*

No. 13. Read the following letter from the President of the Ootacamund Municipal Commission, to the Chief Secretary to Government, Fort Saint George, dated Ootacamund, 25th November 1869, No. 35.

I have the honour to request that you will bring to the notice of the Government the dilapidated and neglected state of a small burial-ground included within the limits of the "Stonehouse" property, which at present belongs to Government.

2. The burial-ground in question appears to have been used as such by some of the earlier European settlers at Ootacamund. Many of the tombs upon it are of an extensive and costly description, but all are now much mutilated and injured, while their retired site, which is overgrown with brushwood, is frequently resorted to by natives for purposes of nature.

3. The desecrated condition of this burial-ground is a disgrace to the station, and should not be allowed to continue, and the Commissioners are confident that it is duly necessary to state the facts to the Government to ensure its early clearing and repair, as well as its proper conservancy for the future. For this purpose, it is requisite that the site, (which adjoins a much frequented thoroughfare,) should be enclosed in such a manner as to keep out would-be intruders.

4. A rough sketch of the site, as also a plan and approximate estimate of the cost of putting it in decent order, are herewith forwarded. I trust that the Government will see fit to issue orders, in the Public Works Department, for the execution of some such improvements at an early date, or will allow of the Municipality undertaking the work according to the plan and estimate proposed, the Government reimbursing them the amount they expend on that account.

5. Upon the completion of the measures proposed the Municipal Commissioners will gladly take charge, and see to the due preservation of the burial site.

No. 14. ORDER THEREON, 3rd December 1869, No. 1664.

The Governor in Council resolves to direct that this letter be transferred to the Department of Public Works with a view to the necessary instructions being issued to the Executive Engineer for the execution of the work required to place the small burial-ground in a decent condition, after which it will be made over to the Municipal Commissioners.
