*Proceedings of the Madras Government, Public Department,
9th February 1869.*

No. 77. Read the following letter from the Inspector General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George ; dated Fort Saint George, 28th January 1869, No. 32.

Adverting to my letter noted in the margin, I much regret that I inadvertently omitted, in asking sanction for the appointment of a Commissioned Medical Officer to the Lock Hospitals at Madras,

No. 12 of 14th January 1869.

to mention what allowance I would propose to attach to that charge.

2. I have now the honor to suggest, after full consideration of the subject, that the Medical Officer in charge of these Institutions should be placed on the same footing, as regards pay, as an Officer in medical charge of a Native Infantry Regiment at the Presidency.

3. I have no doubt that when the Contagious Diseases' Act comes into full operation, the number of patients in the Lock Hospitals here will not be less than from 200 to 300 daily ; and the charge of them will, therefore, be in every respect an important and responsible one.

No. 78. ORDER THEREON, 9th February 1869, No. 178.

Resolved, accordingly, that pay, equal to that drawn by an Officer in medical charge of a Native Infantry Regiment in the Presidency, be passed to the Medical Officer in charge of the Lock Hospitals at Madras.

2. Application will be made to the Government of India for their sanction to the appointment of a Commissioned Medical Officer for the charge of those Institutions.

My dear Ellis,

It will be necessary to
obtain the sanction of the Gov.
of India - but in the mean-
time the salary of the Surgeon
will be passed by this Office
on receipt of your orders to
that effect.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter

from the Inspector General, Indian Medical Department

(Here enter date and number of letter)

Order thereon of 9 July 1894

Resolved, accordingly, that pay, equal to that drawn by an officer in medical charge of a Native Infantry Regiment in the Presidency, be passed to the Medical Officer in charge of the Lock Hospitals at Madras.

2. Application will be made to the Government of India for their sanction to the appointment of a commissioned Medical Officer for the charge of these Institutions.

To be paid to the Medical Officer in charge of the Lock Hospitals at Madras.

I doubt whether we are justified
in incurring the expense which
this proposal will entail, unless
it can be shown that the app't.
~~amount~~ to be provided for at a smaller
cost by appointing an Assistant Surgeon
of 5 years standing or a Surgeon of
equivalent to the charge of the
Lock Hospital, the charge will
be within £600 or £800 per annum
including the rent of an hundred
square feet, with, I believe,
no additional charge for providing
house rent.
The case appears to me on which
the matter properly rests upon the
supposition made some time ago
by the Govt. of India and avoid
creation of the service of a first
practitioner provided that there
is a competent man available.
The case of such a person would
justly be provided for £350
per annum. I think that this
figure is suggested.

to Inspector General.

2nd July.

This was my original note to
the undersigned Mr. Macleod for the office
of Mr. Murray a most competent
officer applied to the Principal
the Inspector Genl. told me he
had to many super numeraries
he could not sanction the
appointment of an outsider. Mr.
Macleod said he would take
a junior man and that the
charge would not exceed £400
per annum. A. P.

There certainly seems to be many "Daisy
and" many apt. lessons at the bottom of
the list, and it would be an advantage to
have one of these in charge of
the Hospital. I doubt whether
of the General Practitioners now in London
would agree to throw up his private practice
in the Hospital without much. W. H. K.
