Nos. 139—159.

Passing orders with reference to the Returns required by the Statistical Committee in Bengal.

and from Clergymen and Registrars among Christians, I hope to obtain information, which for a year (say from 1st June 1866 to 30th June 1867) will show the marriages: for information as to births, I must look principally to the Curnums, so far as Hindoos are concerned: the rite of circumcision may lead to information, regarding these being obtained from the Cazees among Mussulmen. The preparation of the returns will necessarily be a work of time. For future years, I consider it desirable that monthly returns of births and marriages should be made from each village, and have given orders accordingly.

No. 144. From the Collector of Cuddapah, to the Chief Secretary to Government, Fort Saint George; dated Cuddapah, 11th October 1867, No. 36.

With reference to paragraph 1 of the Government Order, dated 13th September 1867, No. 1143, I have the honor to state that I am unable to furnish the information required in the Forms No. 4, letter A, C No. 2, and V No. 1, as regards this district, and that newspapers, periodicals, and books are not printed and published in this district.

No. 145. From the Collector of Bellary, to the Chief Secretary to Government, Fort Saint George, dated Anantapur, 14th January 1868, No. 7.

With reference to paragraph 1 of the Proceedings of the Madras Government in the Public department, No. 1143, dated 13th September last, I have the honor to state that the information required in Forms No. 4, letter A, and C No. 2, prescribed by the Statistical Committee, as far as it relates to this district, can be furnished.

No. 146. From the Collector of Kurnool, to the Chief Secretary to Government, Fort Saint George, dated Kurnool, 24th September 1867, No. 73.

In reply to Government Order, No. 1143, dated 13th September, I have the honor to inform you that the information required in Form No. 4, letter A (page 61) may be procurable, after some little inquiry.

2. The requirements of Form 4, C No. 2 (page 65), can easily be met, because this district boasts of no publication beyond the District Gazette, issued weekly.

3. The statistics of Life Form V, No. 1, might with a little trouble be obtained; but I fear the number of births, marriages, and average age at time of death might require more than the existing establishments to ascertain.

No. 147. From the Collector of North Arcot, to the Chief Secretary to Government, Fort Saint George, dated Chittoor, 14th December 1867, No. 84.

In the 1st paragraph of their Order, dated 13th September last, No. 1143, Public Department, the Government have, with reference to paragraph 4 of the Statistical Committee's Report of the 8th August 1866, requested Collectors to state whether they can furnish the information required in Forms 4, letter A, C No. 2, and V No. 1, so far as it relates to their several districts. I have the honor now to enclose two statements giving the information required in the first and last of those forms, so far as the records of this office enable me to compile it.

2. Form 4, C No. 2 is blank, as there are no Printing Presses in the district, except the Government Press attached to this office, and the form in question is, I apprehend, only applicable to Printing Presses conducted by private persons.

3. I may mention, however, that there are two Lithographic Presses in the district belonging to private individuals. One belongs to the Zemindar of Carvetnugger, and the other to one Vijiaragavulu, at Tirpathi. The former is used by the Zemindar for striking off official forms required for distribution among the Subordinate officers of his estate, and the latter by the proprietor for the purpose of printing pictures, tracts, and pamphlets on religious subjects.

No. 148. From the Collector of South Arcot, to the Chief Secretary to Government, Fort Saint George, dated Cuddalore, 4th February 1868, No. 13.

In reference to the Proceedings of Government, No. 1143, dated 13th September last, I have the honor to state that it will not be practicable to furnish all the information required by the Bengal Statistical Committee in the Forms No. 4, letter A, C. No. 2 and V No. 1, as far as relates to this district.

2. The first of these forms relates to the religious institutions of various denominations; the second to the number of newspapers, periodicals, and books published; and the third to the births, deaths, and marriages among the population.

3. No records are, at present, kept from which the statistics in question could be compiled, except as regards the deaths which may be gathered from the Mortuary Registers; but even these contain no more than the actual deaths, and the causes thereof, without distinguishing the nationality of the deceased, &c.

No. 149. From the Collector of Tanjore, to the Chief Secretary to Government, Fort Saint George, dated Vallam, 30th September 1867, No. 733.

I have the honor to acknowledge the receipt of the Proceedings of Government, dated 13th instant, No. 1143.

2. I presume the forms referred to in paragraph 1, are those printed in pages 61, 65, and 66 of the Report of the Statistical Committee. The information required to fill up Form No. 4, letter A, in page 61, is not available on the records of this Collector, and must be collected by means of special local inquiries. The form in page 65, viz., C. No. 2, is inapplicable to this district except perhaps the last four columns, and to fill up this some information may be obtained by a reference to the Mission Press at Tranquebar. Of the several columns in Form V, No. 1, in page 66, those

regarding population and deaths can be filled up from information already on record. The number of marriages and births, as also the average age at the time of death, can only be ascertained by keeping Registers of those occurrences hereafter, a separate agency being provided for the purpose.

No. 150. From the Acting Collector of Trichinopoly, to the Chief Secretary to Government, Fort Saint George, dated Trichinopoly, 25th September 1867, No. 53.

Adverting to paragraph 1 of the Proceedings of Government, dated 13th September 1867, No. 1143, I have the honor to state that I cannot furnish, for this district, the information required in Form No. 4, letter A, that I could give that required in C. No. 2, but not that in V No. 1, excepting regarding the population and number of deaths.

No. 151. From the Collector of Madura, to the Chief Secretary to Government, Fort Saint George, dated Andipatty, 13th February 1868, No. 225.

With reference to the Government Order No. 1143, dated 13th September last, I have the honor to report that the information required by the Form No. 4, letter A, cannot be obtained from the records of the district, but I can furnish it, if directed, by calling for the necessary information from the Taluqs, and the two Zemindaries of Ramnad and Shevagunga. The additional work arising from the preparation of this return may be performed by the Village and Taluq officials, without any prejudice or inconvenience to their own legitimate duties.

2. A statement prepared in the Form C, No. 2, is enclosed. There are two private presses in the district, one at Shevagunga, and the other at Madura. The latter press has been established only in the current official year.

3. We have no information on this subject, but it may be obtained by the same agency by which registers of deaths have been ordered to be kept, the sanction of Government, however, for the entertainment of an additional Clerk in the Huzoor, to meet the extra labour involved in the preparation of the return, will be necessary.

4. With reference to the Mortuary Register, the number of deaths in the last official year amounts to 41,881.

No. 153. From the Collector of Coimbatore, to the Chief Secretary to Government, Fort Saint George; dated Coimbatore, 23rd September 1867, No. 90.

With reference to Proceedings of Government, Public Department, and their Order thereon, dated 13th September 1867, No. 1143, I have the honor to inform you, in reply to paragraph 1 of the order, that the statistical information called for can be supplied, but that it will be more or less deficient in several important particulars.

No. 154. From the Collector of Salem, to the Chief Secretary to Government, Fort Saint George; dated Salem, 11th October 1867, No. 44.

I have the honor to acknowledge the receipt of the Proceedings of the Madras Government, under date the 13th ultimo, No. 1143.

2. I have no information from which to furnish Forms No. 4, letter A, and C No. 2, viz., Returns of religious institutions, &c., and the number of newspapers, periodicals, &c. I may, however, state that there are neither private presses, nor periodicals, published in the district, save the *Salem District Gazette*, published at the Collectorate Press once a week.

3. The information required in V. No. 1 could be furnished from the Returns kept in the Death Registration Department of my office.

No. 155. From the Acting Collector of South Carara, to the Chief Secretary to Government, Fort Saint George; dated Shirady, 8th February 1868, No. 156.

With reference to paragraph 1 of the Proceedings of Government in the Public Department, dated the 13th September last, No. 1143, I have the honor to state, that, out of the three forms therein alluded to, I shall have no difficulty in procuring the requisite data to fill up Form No. 4, C No. 2; but with regard to the other two forms, I fear, the information which I shall be able to collect, will not enable me to give all the particulars required to be shown therein.

2. Of the nine columns contained in Form No. 4, A, I shall probably be able to fill up columns 1, 2, 3, 5, and 6 only, but all the other particulars will have to be procured from the Trustees, or representatives, of the various institutions concerned; and I fear that the particulars under column 4 will be grossly exaggerated, and those under 7 and 8 withheld, or much cut down, from fear of taxation.

3. Of Form V, No. 1, columns 1, 2, and 5 only can at present be completed, no Registers being kept of births and marriages, except among the Christians, so as to enable me to fill up the rest.

available in his office. I am quite unable to fill in the portion of this return relating to periodicals and books, but I believe the required details will hereafter be obtainable from the Director of Public Instruction.

6. Of Form V, No. 1, the columns "Population," and "Deaths," are all that I can fill in; "Marriages" and "Births" not being registered at present, though Statistics of life.

7. The column "Average age at time of death" is unintelligible. If it is meant that the sum of the aggregate years of all deceased persons should be divided by their total number, I cannot give the information, as I do not know how I am to calculate the fractions for infants under one year; but instead of this, I can obtain from the Office of the Sanitary Commissioner a much more instructive return of deaths among the different classes at different periods of life.

The same for Europeans, Mahomedans and Hindoos.

8. I applied to the Director of Public Instruction regarding C, No. 1, and append his reply. Some of the information required for this return could readily be obtained from the Almanacs, and the rest from the Secretaries of the different Societies.
 * Scientific and Literary Societies.

9. I have to express my regret at the delay in replying to the present order, caused by non-receipt of information asked for from private individuals—a contingency always possible.

ENCLOSURE.

From the Director of Public Instruction, to the Acting Commissioner of Police, Madras; dated Madras, 3rd October 1867, No. 1937.

I have the honour to acknowledge receipt of your letter of the 25th ultimo.

2. I am unable to fill up the blank form which accompanied your letter, as I do not possess the necessary information.

3. If, however, you will be good enough to procure an order of Government, authorizing me to employ the Officers of the Educational Department in seeking the information you require, I shall be happy to endeavour to secure data for filling up the form. My Inspecting Agency is very heavily worked; and, without an order of Government, I should not feel justified in withdrawing any of the members of it from their more immediate duties.

From, W. Wilson Esq^{re}
Acting Collector of the Kistna District.
To, The Honorable A. J. Spalding
Chief Secretary to Government.

Sir,

Fort Saint George

In reply to para 1 of Government order
No 1143 dated 13th current, I have the honor
to inform you that I shall do my best to
obtain the statistics required: I cannot hope
that they will be very complete; but I shall
endeavour to get returns that may be regarded
as approximately accurate. From the Poorahs
and Bazees among Hindoos and Mahomedans
and from Clergymen and Registers among
Christians I hope to obtain information which
for a year (say from 1st June 1866 to 30th
June 1867) will show the marriages: for
information as to births I must look
principally to the Gurnams so far as
Hindoos are concerned: the rite of circumci-
sion may lead to information regarding
these

these being obtained from the Cargoes among
Moosooluns. The preparations of the Returns
will necessarily be a work of time. For future
years I consider it desirable that monthly
returns of births and marriages should be
made from each Village and have given orders
accordingly -

I have the honor to be,

Sr^{ts}

Your most Obedient Servant.
