*Proceedings of the Madras Government, Public Department,
20th February 1869.*

No. 175. Read the following letter from the Collector of Nellore, to the Acting Secretary to the Board of Revenue ; dated Iskapalli, 29th January 1869, No. 241.

I have the honor to forward the enclosed correspondence with reference to laying the flooring of the Dispensary in asphalt, and request that the Board will be pleased to recommend that such items involving a considerable expenditure may be met at the public expense.

2. The charge seems to me high, higher than it should be, and I will request the Zillah Surgeon to see what thickness the Public Works have provided for, of what, under any circumstances, is an expensive material to work with.

From the Zillah Surgeon, Nellore, to the President of the Committee of Management, Civil Dispensary, Nellore ; dated Nellore, 25th January 1869, No. 5.

With reference to the proceedings of the last Committee of Management of Civil Dispensary as to laying the flooring of the Dispensary in asphalt, I have the honor to forward copy of docket from the Assistant Engineer Major Clay, from which it will be seen that for asphaltting the Surgery alone it will require as much as Rupees 54 ; this, I would inform you, is the smallest room requiring asphalt ; there are, in addition, two other wards five or six times larger than the Surgery, and besides the operating theatre, and two or three smaller wards. I fear, at this rate, the Dispensary Fund will not admit of such a large expenditure, and I trust the same may be done at the public expense.

From the Assistant Engineer, Nellore Range, to the Zillah Surgeon ; dated Survapally, 21st January 1869, No. 756.

Refers to letter, No. 2, dated 7th instant.

DOCKET.—Has the honor to forward an estimate for asphaltting the floor of the Surgery of the Civil Dispensary at Nellore, amounting to Rupees 54.

Forwarded to the Chief Secretary to Government.
