Proceedings of the Madras Government, Public Department,

20th February 1869.

No. 181. Read the following letter from the Inspector General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George ; dated Fort Saint George, 29th January 1869, No. 33.

I have the honor to submit, for the information of Government, an extract from the Annual Inspection Report* of the Lying-in Hospital, Madura, by the Deputy Inspector General, Indian Medical Department, Southern Division, which will, doubtless, be gratifying to Government.

* Dated 30th December 1868.

EXTRACT.

The Civil Surgeon who supervises the working of the Institution, and affords advice and aid in cases of difficulty, speaks most favorably of the skill, attention, and kindness of the Matron Mrs. Moss, who, in addition to her special duties, affords clinical and practical instructions to Native female pupils. She informed me that one of these pupils, after having acquired a practical knowledge of conducting labors, had left the Hospital competent to discharge the calling of a midwife, and is now practising in some part of the district. Another pupil is at present residing at the Hospital, qualifying herself in like manner."

His Excellency in
Council has perused with
much interest the extract
submitted by Dr. Mackenzie, from
the Annual Inspection Report
of the Deputy Inspector General
of the Southern Division. The
condition of the Lying in Hospital
at Madras appears to reflect
great credit both on the Civil
Surgeon, and on the Medical
Staff, of whom Dr. Mackenzie
has highly spoken.
