Proceedings of the Madras Government, Public Department,
26th February 1869.

Read the following papers :—

No. 211. From the Magistrate of Ganjam, to the Chief Secretary to Government, Fort Saint George ; dated Chetterpore, 2nd May 1868, No. 405.

In reply to paragraph 2, G. O., Public Department, dated 16th April ultimo, No. 473, I beg to state that the Municipalities of this District, Berhampore and Chicacole, maintain a Vaccinator each, and will no doubt continue to do so.

2. But it is not only Municipalities that help in this matter. When I left Vizagapatam a year ago, the Zemindars of that District were paying for the services of twenty-nine Vaccinators within their estates. In Ganjam, Mr. Forbes persuaded two or three of the Zemindars to come forward, and procured the sanction of the Court of Wards to the employment of Vaccinators in the four estates at present under their control. Some accessions have been made during the last year, and at present we muster twenty Zemindary Vaccinators in Ganjam.

No. 212. From the President of the Municipal Commission, Vizagapatam, to the Chief Secretary to Government, Fort Saint George ; dated Vizagapatam, 2nd May 1868, No. 261.

With reference to paragraph 2 of the Government Order, dated 16th April 1868, No. 473, I have the honor to state that, for the three Municipalities in this District, two Vaccinators on Rupees 10 per mensem are maintained in Vizagapatam, and one Vaccinator on Rupees 8, in each of the towns of Vizianagram and Bimlipatam, at the cost of the Municipalities.

2. No objection will be felt by the Commissioners to their Vaccinators being placed under the control of the Vaccination Superintendent of the Circle.

No. 213. From the President of the Municipal Commission, Godavery District, to the Chief Secretary to Government, Fort Saint George ; dated Cocanada, 27th October 1868, No. 49.

In reply to paragraph 2 of the Government Order, dated 16th April last, No. 473, requesting the Presidents of the several Municipal Commissions to ascertain how far the Government may rely on their co-operation in the promotion of Vaccination within their respective Municipalities, I have the honor to inform you that the present state of the Funds in the three Municipalities of this District will not admit of such extra charge, they being scarcely

1. Cocanada.
2. Rajahmundry.
3. Ellore.

sufficient for carrying out, to their full extent, in the above three towns, the measures required by Act X. of 1865.

No. 214. From the President of the Municipal Commission, Masulipatam, to the Chief Secretary to Government, Fort Saint George ; dated Masulipatam, 12th November 1868, No. 58.

With reference to the Order of Government, No. 473, dated 16th April 1868, I have the honor to inform you that the Municipalities at Masulipatam and Guntoor are each prepared to pay the salary of one Vaccinator at the rate of Rs. 10 a month.

*Proceedings of the Madras Government, Public Department,
26th February 1869.*

No. 215. From the Acting Collector of Nellore, to the Chief Secretary to Government, Fort Saint George; dated Krishnapatnam, 25th April 1868, No. 1167.

With reference to Government Order, dated 16th April 1868, No. 473, Public Department, I have the honor to report that the Municipal Commission of Nellore already supports a Municipal Vaccinator, who was sent up by Dr. Shortt at our request last year.

No. 216. From the President of the Municipal Commission, Cuddapah, to the Chief Secretary to Government, Fort Saint George; dated Cuddapah, 30th September 1868, No. 46.

With reference to paragraph 2 of Order of Government, No. 473, of 16th April 1868, on the subject of the promotion of Vaccination within the Municipalities, I have the honor to inform you that the Municipal Commissioners for the town of Cuddapah have regularly employed a Vaccinator for the last two years, and intend to continue to do so. No further provision is necessary in the town of Cuddapah.

No. 217. From the President of the Municipal Commission, Bellary, to the Chief Secretary to Government, Fort Saint George; dated Bellary, 27th April 1868, No. 223.

In reply to paragraph 2 of the Order of Government, dated 16th instant, No. 473, I have the honor to inform you that two Vaccinators, at a monthly pay of Rupees 10 each, are maintained by the Commissioners of this town.

No. 218. From the Vice-President of the Municipal Commission, Adony, to the Under Secretary to Government, Fort Saint George; dated Adony, 30th December 1868, No. 26.

I have the honor to acknowledge receipt of your Official Memorandum, No. 439, dated 22nd December 1868, and beg in reply to state that the special appointment of a Vaccinator under the Municipality of Adony, has not been included within their provisions for the sanitation of the town.

2. Paragraph 2 of Government Order, dated 16th April 1868, alluded to in your Official Memorandum now under acknowledgment, is not to be found amongst the records of this office, and I have only now been made aware of its despatch.

3. There are included amongst the Members of the Commission two medical men, who have hitherto never failed, whenever their services were required in this direction, cheerfully to bestow their time and labor to the important services of Vaccination.

4. The Municipal Fund does not at present warrant the expenditure which the employment of a special Vaccinating Officer would entail, and the Municipality of Adony has, for this reason, refrained from undertaking this measure.

No. 219. From the President of the Municipal Commission, Kurnool, to the Chief Secretary to Government, Fort Saint George; dated Nundial, 7th October 1868, No. 77.

I have the honor in reply to Government Order, No. 473, dated 16th April 1868, and Official Memorandum, No. 331, dated 24th September 1868, from the Under Secretary to inform you that the Municipality of Kurnool will be able to pay a Vaccinator ten Rupees, and a Peon six Rupees, monthly.

*Proceedings of the Madras Government, Public Department,
26th February 1869.*

2. The Funds of the Cumbum Municipality are not sufficiently large to contribute in any way towards the promotion of Vaccination.

No. 220. From the President of the Municipal Commission, Madras, to the Chief Secretary to Government, Fort Saint George; dated Madras, 15th May 1868, No. 454.

At a General Meeting of the Municipal Commissioners for the Town of Madras held on the 14th instant, the Orders of

No. 3. Read Order of Government, dated 25th March 1868, No. 384, inquiring if the Madras Municipality is prepared to assign a certain portion of their revenues to the support of a Native Surgeon for Black Town.

No. 4. Read Order of Government, dated 18th April 1868, No. 473, resolving that a reference be made to the several Municipal Commissioners, both in Madras and in the Provinces, to ascertain how far Government may rely on their co-operation in the promotion of Vaccination within their respective Municipalities.

Government marginally noted were considered, and the following Resolution passed thereon:—

“That with the prospect of a considerable reduction in the estimated amount of the Municipal income for the

current year, the Commissioners are unable to entertain either of these requests, although desirous of co-operating in every way with Government and their Officers in the promotion of Vaccination. They are further doubtful as to the legality of appropriating any portion of the Municipal Fund to other purposes than those specified in the Municipal Act.”

No. 221. From the President of the Municipal Commission, Conjeveram, to the Chief Secretary to Government, Fort Saint George; dated Sydapet, 29th April 1868, No. 95.

With reference to paragraph 2 of the Order of Government, dated 16th April 1868, No. 473, I have the honor to state that the Municipal Commissioners of Conjeveram have proposed to set aside Rupees 120 for the current year, for the pay of a Vaccinator for the Town, at ten Rupees a month.

No. 222. From the Acting Collector of North Arcot, to the Chief Secretary to Government, Fort Saint George; dated Chittoor, 30th April 1868, No. 28.

Inverting to paragraph 2 of the Order of Government, dated 16th instant, No. 473, Public Department, I have the honor to state that a Vaccinator is employed and paid out of Municipal Funds in each of the Municipalities of Vellore and Walajah in this District. I do not anticipate that any objection is likely to arise hereafter to the permanence of this arrangement.

No. 223. From the President of the Municipal Commission, Cuddalore, to the Chief Secretary to Government, Fort Saint George; dated Villapuram, 2nd June 1868, No. 324.

In acknowledgment of the Proceedings of Government, Public Department, under date 16th April last, No. 473, desiring to know, at the instance of the Government of India, how far Municipalities may be relied on for co-operation in the promotion of Vaccination within their several limits, I have the honor to state that, so far as the Cuddalore Municipality is concerned, I am not of opinion that there is any need for aid from the Municipal Funds, nor are those funds in that condition which, in my opinion, would justify any outlay of the kind.

2. On this subject I enclose, for the information of Government, copy of a letter* from the Zillah Surgeon, who is also Vice-President of the Municipality, and I quite concur in the reasons stated

* Dated 27th May 1868, No. 48.

by Dr. Bilderbeck in objection to the proposal under notice.

From Assistant Surgeon J. BILDERBECK, Vice-President, to the President of the Municipal Commission, Cuddalore; dated Cuddalore, 27th May 1868, No. 48.

With reference to paragraph 2 of the Proceedings of the Madras Government, Public Department, No. 104, dated the 16th April last, received with your Memorandum, dated the 24th idem, I have the honor to state that I do not at all see the necessity for appointing Vaccinators within Municipal limits, as the work of Vaccination is expected to be carried on by the Medical Subordinates of the station, and it forms a *portion of their duty* as required from them by the Medical Code of Regulations. There is, also, as you are aware, a Vaccinator attached to the Civil Dispensary who is paid from the Dispensary Funds, and with so many facilities for Vaccination, I am of opinion that it is unnecessary for the Municipality to undertake anything this way.

No. 224. From the President of the Municipal Commission, Tanjore, to the Chief Secretary to Government, Fort Saint George; dated Chetubava, 19th May 1868, No. 77.

With reference to paragraph 2 of the Order of Government, dated 16th April 1868, No. 473, I have the honor to subjoin a statement which will show how far the Municipal Commissioners of the several Towns in this District are prepared to contribute in the promotion of Vaccination within their respective Municipalities—

Towns.	Number of Vaccinators.	Amount of pay per month.		
		RS.	A.	P.
Tanjore.....	2	19	0	0
Combaconum.....	1	10	0	0
Mannargudi.....	1	10	0	0
Mayaveram.....	1	10	0	0
Total....	5	49	0	0
Per annum....		588	0	0

2. From the foregoing statement it will appear that five Vaccinators are entertained in this District out of the Municipal Funds, at an aggregate cost of Rupees 49 per mensem, or Rupees 588 per annum.

3. The Commissioners for the Town of Tanjore already have a Vaccinator on Rupees 12 on their staff, and they now propose to entertain another on seven Rupees to assist the former in his duties. The pay of this Assistant Vaccinator will be increased in course of time.

4. The Commissioners of the Mayaveram Municipality, who hitherto had no Vaccinator of their own, have now resolved to employ one on Rupees 10.

5. The Commissioners of Negapatam are not willing to employ a Vaccinator as there is already one* in that town, paid out of the Funds of the Civil Dispensary, which are contributed to by the inhabitants of that Municipality; and this Vaccinator's services, the Commissioners regard as sufficient for the wants of their town.

* On Rupees 7.

6. The Municipalities of Combaconum and Mannargudi have each a Vaccinator on Rupees 10. These Vaccinators are advantageously employed and meet all the requirements within their respective limits; they, therefore, need no further assistance.

No. 225. From the President of the Municipal Commission, Trichinopoly, to the Chief Secretary to Government, Fort Saint George; dated Trichinopoly, 29th September 1868, No. 56.

Referring to your Official Memorandum, Public Department, No. 331, dated the 24th instant, I have the honor to state, with reference to the information required in paragraph 2 of Government Order of the 16th April last, No. 473, that the Trichinopoly Municipal Fund has, since the month of February 1867, borne the cost of two Vaccinators, at Rupees 12 a month each.

2. These Vaccinators have been exclusively employed within Municipal limits, and it is found that they are ample for the town. They are placed under the immediate orders of the Garrison Surgeon, (who is also a Commissioner); they visit the inhabitants of the town daily, who freely avail themselves of the services of the Vaccinators.

3. So far the Municipal Commissioners have taken the initiative in co-operating with the Government for the promotion of Vaccination; and are still further prepared to consider any proposal from the Government on the subject.

No. 226. From the President of the Municipal Commission, Madura, to the Chief Secretary to Government, Fort Saint George; dated Madura, 9th December 1868, No. 91.

With reference to paragraph 2 of the Proceedings of Government, dated 16th April last, No. 473, I have the honor to report that a Vaccinator, on a salary of Rupees 18 per mensem, has been employed by the Municipality.

No. 227. From the Officiating President of the Municipal Commission, Dindigul, to the Chief Secretary to Government, Fort Saint George; dated Madura, 19th January 1869, No. 103.

With reference to paragraph 2 of the Proceedings of Government, dated 16th April 1868, and the Memorandum, dated 22nd December 1868, No. 439, I have the honor to report that a Vaccinator, on a salary of Rupees 7, has been employed by the Municipality of Dindigul.

No. 228. From the President of the Municipal Commission, Tinnevely, to the Chief Secretary to Government, Fort Saint George; dated Tenkasi, 7th August 1868, No. 179.

In reply to Government Proceedings, No. 473, dated 16th April 1868, I have the honor to inform you that the Municipal Committees of this district agree to pay each a moiety of the salary of a Vaccinator should the Government determine to appoint a resident Vaccinator to each of the Municipal Towns.

Tuticorin

No. 229. From the President of the Municipal Commission, Coimbatore, to the Chief Secretary to Government, Fort Saint George; dated Coimbatore, 20th August 1868, No. 70.

With reference to the Proceedings of the Madras Government and their Order thereon, dated 16th April 1868, No. 473, paragraph 2, I have the honor to forward

*Proceedings of the Madras Government, Public Department,
26th February 1869.*

an extract from the Proceedings of the Coimbatore Municipal Commission, dated 7th May 1868, from which it will appear that the Commissioners are prepared to provide Rupees 12 a month towards the salary of a Vaccinator.

2. The reports of the Vice-Presidents of the Coonoor and Ootacamund Municipalities have not as yet been received. I have now requested them to send their reports through the new President to be appointed by Government for these Municipalities.

Extract from the Proceedings of the Municipal Commission, Coimbatore, dated 7th May 1868.

6. Resolved with reference to the Proceedings of Government, dated 16th April 1868, No. 473, inquiring how far the Government may rely on the co-operation of the Municipal Commissions in the promotion of Vaccination in their respective Municipalities, that Government be informed that the Commissioners are prepared to provide Rupees 12 a month towards the salary of a Vaccinator.

(Signed) C. A. GALTON,
Vice-President.

No. 230. From the President of the Municipal Commission, Ootacamund, to the Chief Secretary to Government, Fort Saint George; dated Ootacamund, 20th October 1868, No. 205.

With reference to paragraph 3 of Order of Government, Public Department, dated 16th April 1868, No. 473, I have the honor to forward an extract from Minutes of a Meeting of the Municipal Commissioners of Ootacamund held on the 12th instant, from which it will be seen that the Commissioners are prepared to co-operate with the Government in the promotion of Vaccination within this Municipality.

Extract from Minutes of a Meeting of the Municipal Commissioners of Ootacamund held on the 12th October 1868.

"The Commissioners are of opinion that the amount of small-pox annually in Ootacamund is trifling when compared with that occurring in Badaga villages beyond Municipal limits, and consider that the services of a Vaccinator would not be required for at any rate more than six months in the year; for which period they are prepared to co-operate with Government in the promotion of Vaccination within the Town of Ootacamund."

OOTACAMUND,
20th October 1868;

(True Extract.)

(Signed) N. A. ROUPEL,
President.

No. 231. From the President of the Municipal Commission, Coonoor, to the Chief Secretary to Government, Fort Saint George; dated Ootacamund, 6th October 1868, No. 2.

With reference to Proceedings of Government, Public Department, dated 16th April 1868, and Order thereon of the same date, No. 473, I have the honor to forward, herewith, an extract from Minutes of a Meeting of the Municipal Commissioners of Coonoor held on 30th May 1868, and to request that you will submit the same to Government.

Extract from the Proceedings of the Coonoor Municipal Commission, dated 30th May 1868.

The President reads to the Meeting the Proceedings of Madras Government, dated 16th April 1868, No. 473, and requests the Commissioners to take into consideration the subject of appointing a Vaccinator at the cost of the Municipality.

*Proceedings of the Madras Government, Public Department,
26th February 1869.*

Considering that the population of Coonoor is very small, the Commissioners are of opinion that the service of a Vaccinator would not be required for more than three months annually, for which period the Commissioners are prepared to co-operate in the promotion of Vaccination.

COONOOR,
24th September 1868.

(Signed) A. WEDDERBURN,
President.

No. 232. From the President of the Municipal Commission, Salem, to the Under Secretary to Government, Fort Saint George; dated Salem, 30th September 1868, No. 20.

With reference to your Memorandum, dated 24th September 1868, No. 331, I beg to inform you that, at a Meeting held by the Commissioners on the 19th February 1867, the matter of Vaccination was brought forward, and the Commissioners being of opinion that the system as carried on in Salem was unsatisfactory, they determined to appoint a Vaccinator themselves on a salary of Rupees 15 a month. The appointment was accordingly made from the 1st August 1867, now thirteen months ago. I enclose a statement of the work performed by Ramakistna Naidoo (formerly a Vaccinator of Government) since his appointment.

2. The Commission were of opinion at the Meeting that the Government should at least bear half or two-thirds of the expense, but not wishing to trouble the Government with the matter at the time as they heard a revision of the whole of the Vaccination Departments was shortly to be made, they resolved to wait and see what changes were to be effected; none, however, having been carried out as yet, they now request that the Government will sanction the payment of ten Rupees per month towards the salary of the Vaccinator they have appointed, till such time as the Department is placed on a more effective footing.

Statement showing the work performed by Vaccinator Ramakistna Naidoo, from 1st August 1867 to 31st August 1868.

No. 233. From the President of the Municipal Commission, Mangalore, to the Chief Secretary to Government, Fort Saint George; dated Mangalore 30th April 1868, No. 36.

With reference to paragraph 2 of G. O., No. 473, dated 16th April 1868, I have the honor, by desire of the Municipal Commissioners for the Town of Mangalore, to

inform you that "this Municipality will be prepared to continue, as heretofore, to "maintain one Vaccinator for the Town of Mangalore, on a monthly salary of Rupees "10, to be raised from time to time as to them may seem fit, and to direct him to "obey the instructions of the Superintendent that Government my depute to the "District."

No. 234. From the President of the Municipal Commission, Malabar, to the Chief Secretary to Government, Fort Saint George; dated Calicut, 10th June 1868, No. 85.

With reference to paragraph 2 of G. O., dated 16th April 1868, No. 473, I have the honor to report that the Municipality of Cochin has already engaged the services of a Vaccinator at a monthly cost of Rupees 10, and that the Municipalities of Calicut, Palghaut, and Tellicherry, respectively, are prepared to entertain a Vaccinator, as soon as the services of experienced and suitable persons can be secured.

2. The Municipal Commissioners of Cannanore do not think it advisable to entertain a Vaccinator till Ali Rajah's claims to exemption from Municipal taxation are finally disposed of, and the circumstances of the Municipality are more settled.

No. 235. ORDER THEREON, 26th February 1869, No. 255.

Consequent on the observation of the Government of India that the Government of Madras should look, as do the other Governments, to Municipal Funds for a part of the expenditure of the Vaccination Department, a reference was made in G. O., dated 16th April 1867, No. 473, to the Presidents of the several Municipal Commissions, both in Madras and in the Provinces, to ascertain how far the Government might rely on their co-operation in the promotion of Vaccination within their respective Municipalities.

2. Their replies have now been received, and the statement subjoined shows to what extent some of the Municipal Bodies have employed, or are prepared to employ Vaccinators, and, also, the circumstances under which others are precluded from entertaining them.

3. The Municipal Commission for the Town of Madras express their doubt whether, under the Act (IX. of 1867,) they can appropriate any portion of their funds for the maintenance of Vaccinators.

4. It is observed that there is nothing in the Act above quoted which would prevent the Municipal Commissioners from contributing to so useful a means of protecting the public health as Vaccination. The Governor in Council, therefore, trusts that, on a re-consideration of the question, and after consulting their legal advisers, the Municipal Commissioners will see fit to devote a moderate amount of money to this purpose.

5. With reference to Salem and Tinnevely the Presidents of those Municipalities are informed that the extent to which the Government will supplement the efforts made by them in promoting Vaccination will be considered when revising the Vaccination Establishment of the Presidency.

6. The Inspector General, Indian Medical Department, will, with reference to the proposed employment of Vaccinators in most of the Municipalities, see to what extent a reduction can be made in the cost of the revised establishment for the Vaccine Department, called for in the G. O. above quoted.

Order thereon No 255. 26 Feb/69.
over consequent

A. A.

Consequent on the observation of the Government of India that the Government of Madras should look, as do the other Governments, to Municipal Funds for a part of the expenditure of the Vaccination Department, a reference was made in G. O. 16th April 1868 No 473 to the Presidents of the several Municipal Commissions, both in Madras and in the Provinces, to ascertain how far the Government might rely on their co-operation in the promotion of Vaccination within their respective Municipalities.

2. Their replies have now been received and the Statement subjoined shows to what extent some of the Municipal Bodies have employed,

I do not think the Com^{rs} under Madras Act IX of 67, could legally justify the application of Municipal Funds to the extension of vaccination. The purposes of the Act do not include this object. And it has appeared all Act to prevent Municipalities to appropriate a part of their income to the furtherance of this object of the Act. By your decree Act. By your reasoning similar permission should be accorded to a grant of their revenue to a part of the cost of the vaccination establishment. 12-2-68 W.D.V.

or are prepared to employ Vaccinators, and, also, the circumstances under which others are precluded from entertaining them.

3. The Municipal Commission for the Town of Madras express their doubt whether under the Act IX of 1867, they can appropriate any portion of their funds for the maintenance of Vaccinators.

4. It is observed that there is nothing in the Act above quoted which would prevent the Municipal Commissions from contributing to or useful a means of protecting the Public Health as Vaccination. The Governor in Council therefore trusts that on a reconsideration of the question, and after consulting their legal advisers

advisers, the Municipal Commissioners will see fit to devote a moderate amount of money to this purpose.

With reference to Salem and Tinnevely the Presidents of those Municipalities are informed that the extent to which the Government will supplement the efforts made by them in promoting Vaccination will be considered when revising the Vaccination Establishment of the Presidency.

6. The Inspector General, Indian Medical Department, with, with reference to the proposed employment of Vaccinators in most of the Municipalities, see to what extent a reduction can be made in the cost of the revised Estimate for the Vaccine

Vaccine Department called for in the G. O. above quoted.
