*Proceedings of the Madras Government, Public Department,
8th January 1869.*

No. 31. Read the following letter from the Magistrate of the Godavery District, to the Chief Secretary to Government, Fort Saint George ; dated Cocanada, 12th December 1868, No. 391.

With reference to the Report of the Sanitary Commissioner for Madras on fairs and festivals, and the Order of Government thereon, dated 17th November last, No. 1421, I have the honor to state that, in this district, there are two places, Antervedy and Kotipally, in which the rules laid down by the Sanitary Commissioner are ordered to be strictly enforced.

2. I do not see that any provision has been made as to how the costs for carrying out the measures proposed, should be met.

3. In providing the required accommodation, latrines, &c., I beg to know whether I may, at my discretion, incur what I consider is adequate for the purpose, or must limit the expenditure to any definite sum.

4. As regards Medical Supervision, I do not know how it can be provided for by the Medical Subordinates now in the district. The festivals at the two places referred to, take place one on 23rd January, and the other on 9th February next. At this time of the year I shall be touring in the Taluqs employed on the annual settlement. I cannot, therefore, then dispense with the services of the Dresser attached to my office.

5. Under these circumstances, I respectfully request the early instructions of Government for my future guidance.

No. 32. ORDER THEREON, 8th January 1869, No. 26.

Referring to the Rules submitted by the Sanitary Commissioner, and approved by Government, for the adoption of conservancy arrangements on the occurrence of fairs and festivals, the Magistrate of the Godavery District points out that no limit has been assigned to the expenditure to be incurred on such occasions, nor the source stated whence the cost is to be met.

2. The two places in the District at which festivals are annually held are Antervedy and Kotipally, the average number of visitors being 10,000 and 50,000, respectively.

3. To enable the Magistrate to form an estimate of the charges which he may
