Proceedings of the Madras Government, Public Department,
12th March 1869.

No. 69. Read the following letter from the President of the Municipal Commission, Bellary, to the Chief Secretary to Government, Fort Saint George ; dated Adoni, 13th February 1869, No. 13.

Agreeably to the provisions of Section 31, Act X. of 1865, and the Order of Government, dated 11th July 1867, No. 820, I have the honor to submit, for the sanction of the Governor in Council, an estimate in the prescribed form showing the expenditure which the Commissioners for the town of Bellary propose to incur during the year commencing on the 1st May next. The estimate furnished by the Superintendent of Police under Section 30, and a list of the persons proposed as Commissioners for the ensuing year, are also enclosed.

2. Under A I Works, Item 3, "*Drains*," the amount of estimate has not been entered, as it is not yet completed. The town of Brucepettah, the head-quarters of the commerce of Bellary, like many other native towns, stands in a hollow having no natural outlet for its drainage, and to calculate correctly the cost of remedying this defect by artificial means a regular system of levels is necessary, and this will shortly be carried out. As, however, a large proportion of the drainage lodges in a cesspool not far from the Civil Dispensary, the Commissioners deemed it expedient to make an allotment this year for remedying, as far as possible, the present state of things in anticipation of the estimate.

3. A III., *Conservancy, Items*, "*Clearing Latrines and Towns*."—This is done by contract which is put up to public competition. The estimate for these purposes is in excess of that for the current year, as it is in contemplation to construct additional latrines which are much needed.

4. A V, *Establishment. Item "Supervision and Management"*.—The Commissioners have this year found it necessary to make provision for the entertainment of an Overseer of works. Hitherto all public works carried out with Municipal Funds have been laid out, measured, and payments for the same made under the personal supervision of Mr. E. Johnston, Resident Engineer of the Madras Railway, and a Member of the Commission. For his able professional assistance, given gratuitously, his colleagues are much indebted to him ; but even if his duties in connexion with the Railway Company permitted him to devote the same attention to the interests of the Municipality as hitherto, it was felt that the time had come for relieving him from some of the details of the work, and it is on this account that the charges under the head "*Establishment*" have been increased.

5. B. *Item 6*.—The purposes other than those specified in Section 25, for which provision to the extent of Rupees 4700 has been made, include the cost of lighting, watering trees, and the purchase of new lamp-posts.

6. The other items of the estimate do not appear to call for any remark.

No. 70. ORDER THEREON, 12th March 1869, No. 301.

The Government have much satisfaction in observing, that the estimates submitted by the Municipal Commissioners for the Town of Bellary for the year 1869-70, have been prepared in accordance with the forms and instructions issued on the subject. There appears, however, to be still some misunderstanding in the mode of calculating the State contribution. In the estimates submitted, the calculation is made on the total amount to be raised, instead of on the amount to be expended under the first five heads in Abstract B. This will be now set right.

2. It is observed that the Commissioners propose to raise, by the levy of the Taxes, Tolls, Fees, &c., described in the margin, Rupees 46,700. The Government contribution on Rupees 60,484 is Rupees 15,121, and the probable balance on the 30th April next is estimated at Rupees 6809. These sums place at the command of the Commissioners Rupees 68,630, or Rupees 3446 more than the expenditure which they propose to incur.

3. The Government would be glad to have fuller information of the conditions of the contract entered into for the cleansing of the Latrines and the Town of Bellary; the number of Carts, Sweepers, and Toties employed for the purpose; and the manner in which the work is performed.

4. The President will communicate to Mr. E. Johnston, Resident Engineer of the Madras Railway, and a Member of the Municipal Commission, the thanks of Government for the able professional aid gratuitously rendered by him to the Commission.

5. Sanction is granted for the employment of an Overseer of works, and also for the estimate of receipts and disbursements. The Notification relative to the Taxes, and the list of Commissioners, will be published in the *Fort Saint George Gazette*.

NOTIFICATION.

Under the provisions of Section 36, Act X. of 1865, (the Towns' Improvement Act,) the Governor in Council authorizes the Municipal Commissioners for the town of Bellary, in the Bellary District, to levy during the year beginning 1st May 1869, and ending 30th April 1870—

A rate on houses and buildings, according to the annual value thereof.

Tolls on carriages, carts, and animals entering the Municipal limits.

Taxes on carriages, horses, and other animals as described in Schedule C. to the above Act annexed.

Fees on the registration of carts.

NOTIFICATION.

Under the provisions of Section 6, Act X. of 1865, (the Towns' Improvement Act,) the Governor in Council hereby appoints the undermentioned persons to be Town Commissioners, for carrying out in the town of Bellary in the Bellary District, the purposes of the said Act, during the year beginning 1st May 1869, and ending 30th April 1870 :—

1. Captain J. G. Heath, Deputy Assistant Commissary General.
2. Captain Highmoor, Superintendent of Police.
3. Lieutenant G. H. Oakes, Cantonment Magistrate.
4. Captain R. D. Thorpe, Deputy Assistant Quarter Master General.
5. Surgeon Major J. B. Stevens, Garrison Surgeon.
6. Captain J. Goldie, Brigade Major.
7. Mr. E. Johnston, M. I. C. E.
8. Mr. D. Buick, Assistant Collector.

Sir,

Agreeably to the provisions of Section 19 of Act X of 1865 and the Order of Government dated 11th July 1867 No. 820, I have the honor to submit for the sanction of the Governor in Council an estimate in the prescribed form showing the expenditure which the Commissioners for the town of Bellary propose to incur during the year commencing on the 1st May next. The estimate furnished by the Superintendent of Police under Section 20 and a list of the persons proposed as Commissioners for the ensuing year are also enclosed.

Under A.I. Works. Item 3. Drainage. The estimate has not been entered as it is not yet completed. The town of Bruce's Hill, the head quarter of the Commune of Bellary, like many other such towns stands in a hollow having no natural outlet for its drainage.

to calculate correctly the cost of remedying this defect by artificial means a regular system of levels is necessary and this will shortly be carried out. It however a large proportion of the drainage lodges in a cess pool not far from the Civil Surgeonary the Commissioners desired it expedient to make an allotment this year for remedying as far as possible the present state of things in contemplation of the estimate.

3. A. III Conservancy - Streets, Cleaning Lathies and Towns - This is done by contract which is put up to public competition. The estimate for these purposes is in excess of that for the current year as it is in contemplation to construct additional lathies which are much needed.

A. V. Establishment - Street Supervision and Management - The Commissioners have this year found it necessary to make provision for the maintenance of an Overseer of Works. Hitherto all public works carried out with Municipal funds have been laid out, measured, and payments for the same made under the personal supervision of Mr. R. Johnston Resident Engineer of the Madras Railway and a Member of the Commission for his able professional assistance given gratuitously. His colleagues are much indebted to him, but

some of his duties in connection with the railway Company permitted him to devote the same attention to the interests of the Municipality as hitherto it was felt that the time had come for relieving him from some of the details of the work and it is on this account that the charges under the head "Establishment" have been increased. 5. B. Street - The purposes other than those specified in Section 25 for which provision to the extent of Rs. 1,700 has been made include the cost of lighting, watering trees and the purchase of new lamp posts. 6. The other items of the estimate do not appear to call for any remark.

Read the following letter *from the*
President of the Bellary Municipality
(Recd letter 13th February 1869 N.S.)
Order thereon No 301 — 12 March 1869

The Government have much satisfaction in observing, that the estimates submitted by the the Municipal Commission for the Town of Bellary for the year 1869-70, have been prepared in accordance with the Forms and instructions issued on the subject. There appears ^{however} to be still some misunderstanding in the mode of calculating the State contribution. In the estimates submitted, the calculation is made on the total amount to be raised, instead of on the amount to be expended under the
