

MADRAS RECORD OFFICE.

Government of Madras.

DEPARTMENT.

G.O. No.	Press Mis.
Dated	19 .

Not to be folded or roughly handled

No. 114. Read the following letter from the President of the Municipal Commission, Vizagapatam, to the Chief Secretary to Government, Fort Saint George; dated Palcondah, 18th January 1869, No. 13.

In paragraph 2 of the Government Order, dated 30th November 1868, No. 1470, sanctioning the estimates for the Vizianagram Municipality for the year 1869-70, the Commissioners are directed in framing their next estimate to reduce the amount levied by tolls, and raise the funds necessary for the improvement and conservancy of the town by the levy of other taxes provided for in the Act.

2. In sanctioning the estimates for the towns of Vizagapatam and Bimlipatam, the Government have also remarked on the large amount in each Municipality levied by tolls; which do in fact form the most important item of revenue of all the Municipalities in the district, and which if disallowed altogether in accordance with the orders of the Government of India, dated 17th March 1869, would prove their death-blow, as there are no means by which these collections can be replaced.

3. Although it may in strictness be argued that a toll on bandies passing through a town is in fact a transit duty, it is one almost infinitesimal in amount, and is not disapproved of by the English merchants in the district, who assert that they pay the amount in chief part, and are willing to do so. It may also be urged on behalf of a town through which heavy traffic finds its way to the coast, that such traffic puts the Municipality to much expense in repairing the streets of the town, and that it is fairly entitled to exact a moderate toll for the purpose.

4. It would be acknowledged by all parties that the toll should be as moderate as would be compatible with the realization of a sum sufficient for the repairs of the injury done to the roads of the town by the traffic in question.

5. I beg, however, to point out that the existing Act fixes the rate of toll according to a peremptory scale laid down in the Schedule, (see Section 51, Act X. of 1865) less than which, though it might suffice for the wants of the Municipality, cannot be collected.

6. I have no doubt that the levy of tolls at one half the amount entered in the Schedule to the Act, would be preferable for this district, and if levied at this moderate scale, they could not be injurious to trade, or be objected to by the most ardent political economist. I fear, however, that, as the Act now stands, this is impossible, though an amended Section might easily be passed through the Legislative Council, inserting the words, "tolls at rates not higher than those mentioned in Schedule B," in place of the words "tolls at the rates mentioned in Schedule B."

7. Unless some alteration be made in the Act, the sums raised from tolls in the Municipalities of this district cannot be reduced in amount, as they are collected in accordance with the scale laid down by the Act.

No. 115. ORDER THEREON, 17th March 1869, No. 327.

The question of fixing a maximum rate of tolls, so as to admit of greater elasticity in fixing rates, is under the consideration of Government. In the meantime the Commissioners of the Municipalities in the Vizagapatam District will conform to the provisions of Act X. of 1865.

(True Extract).

Chief Secretary.

To the President of the Municipal Commissions in
,, Legislative Department.

Exd. J. Wright.

Camp Palamda, 18th January 1869.

From
J. J. Minchin Esquire,
President, Municipality of Vizagapatam.
To,
The Honorable R. S. Ellis, C. B.
Chief Secretary to Government,
Fort St. George.

Sir,
1. In para 2 of the Government Order dated 30th November 1868 No. 1470, sanctioning the estimates for the Vizianagrum Municipality for the year 1869-70, the Commissioners are directed in framing their next estimate to reduce the amount levied by Tolls, and raise the funds necessary for the improvement and conservation of the town by the levy of other Dances provided for in the Act.

2. In sanctioning the estimates for the towns of Vizagapatam and Simlipatam the Government have also remarked on the large amount in each Municipality levied by Tolls, which do in fact form the most important item of Revenue of all the Municipalities in the District, and which if disallowed altogether in accordance with the orders of the Government of India dated _____, would prove their death blow, as there are no means by which these collections can be replaced.

3. Although it may in strictness be argued that

Govt. of 1869 Madras.

PUBLIC.

To

THE PRESIDENT OF THE

MUNICIPAL COMMISSION,

Vizagapatam,

&c.

Dated March 12th.

Recd.

Encl.

G. O. 1774 M. 1869 No. 327.

MARCH.

Nos. 114-115.

Stating that the question of fixing a maximum rate of tolls, so as to admit of greater elasticity in fixing rates, is under the consideration of Government, and directing the Commissioners in the meantime to conform to the provisions of Act X. of 1865.

that a Toll on handies passing through a town is in fact a Transit Duty, it is one almost infinitesimal in amount, and is not disapproved of by the English Merchants in the District, who assert that they pay the amount in chief part, and are willing to do so. It may also be urged on behalf of a town, through which heavy traffic finds its way to the Coast, that such traffic puts the municipality to much expense in repairing the streets of the town, and that it is fairly entitled to exact a moderate toll for the purpose.

4 It would be acknowledged by all parties that the Toll should be as moderate as is compatible with the collection of a sum sufficient for the repairs of the injury done to the roads of the town by the Traffic in question.

5 I beg however to point out that the existing Act fixes the rate of Toll according to a peremptory scale laid down in the schedule, (see Section 51 Act-X of 1865) less than which, though it might suffice for the wants of the municipality, cannot be collected.

6 I have no doubt that the levy of Tolls at one half the amount entered in the schedule to the Act, would be preferable for this District, and if levied at this moderate

scale, they could not be injurious to trade, or be objected to by most ardent Political Economist. I fear however that as the Act now stands this is impossible, though an amended Section might easily be past through the Legislative Council, inserting the words, "Tolls, at rates not higher than those mentioned in Schedule F," in place of the words "Tolls at the rates mentioned in schedule B."

7. Unless some alteration be made in the Act, the sums raised from Tolls in the Municipalities of this District cannot be reduced in amount, as they are collected in accordance with the scale laid down by the Act.

I have the honor to be
Sir,

Your most obedient servant.

James Munro
President Municipality of
Puducherry.

No 327 - 17 March / 89.

The question of fixing a maximum for the export of wheat with a view to smaller fluctuations in price, with a view to the consideration of Government. In the meantime the Commission of the Bureau of Statistics in the Virginia State will continue the provision of wheat of 1866.

W. H. C.

140-238-

No. 30. Wheat 1866-1867. 1868-1869
State 1869-70-71-72
Wheat 1866-1867 10 of 1868
E. H. 20033 / 188

W. H. C.
The Department of
Agriculture
and the Secretary of
the Commission of
the Bureau of Statistics
to Government
for the year 1866

Dated 10th January 1866

190. With the
of 1866-1867

Joint out, with
order to the
14th of 30 to 1866
1868, that the
riding of the
fixed the rates of
according to the
1866, 1867, 1868
and the Secretary

19 March 1877.

The question of forming a maximum with 90 balls, instead with a limit of 90 balls is strictly in fixing a rate, no matter the consideration of Government.

Yours respectfully
J. J. McLaughlin
Commissioner
of the Bureau of
Prisons
Washington, D. C.

Proceedings of the Madras Government, Public Department,
16th March 1869.

Read the following papers :—

No. 111. From the Directors of the Monegar Choultry, to the Right Honorable the Governor in Council, Fort Saint George; dated Monegar Choultry 22nd February 1869.

1. The Cash Accounts of the Treasurer.
2. A List of Subscribers and Donors to the Institution.
3. The Superintendent's Report and Statements.
4. The Surgeon's Report.
5. Abstract of expenses incurred on account of Foundling and stray children, during the year 1868.
6. Abstract of expenses incurred on account of Vencatagherry Rajah's charity, during the year 1868.

We have the honor to submit the Annual Reports and Accounts, noted in the margin, for the year 1868, of the several Institutions under our superintendence, viz., the Monegar Choultry, the Native Infirmary, the Asylum for Foundling and stray children, and the Vencatagherry Rajah's Choultry.

2. The average daily number of paupers, including foundling and stray children maintained throughout the year in the Monegar Choultry, was 193, while in 1867 it was 202, or nine less per diem during the year under report.

3. The average cost per diem of each pauper in the Choultry was one Anna eight Pie, of each patient in the Infirmary two Annas one Pie, and of each child in the Foundling Asylum, 11 Pie.

	RS.	A.	P.
Dieting...	7,500	5	0
Establishment...	6,245	8	5
Clothing and Contingencies...	3,124	7	8
Total...	16,950	5	1

4. The expenditure under all heads, as noted in the margin, amounted in the aggregate to Rupees 16,950-5-1, while in the previous year, exclusive of idiots, it aggregated to Rupees 17,213-14-3, the decrease being Rupees 263-9-2.

	RS.	A.	P.
Government donation...	7,000	0	0
Nawab's do.	1,050	0	0

From Government for Foundling Asylum.	492	0	0
Miscellaneous Receipts.	489	10	11
Interest on the Capital.	4,012	10	9
	16,608	7	6

5. The receipts from all sources during the year 1868 was Rs. 53,924-7-11, as will be seen from the accounts of the Treasurer, an abstract of which is given in the margin.

	RS.	A.	P.
Amount withdrawn from the Savings' Bank in full with interest up to date....	1,370	7	11
Amount realized on the sale of 13 Government Promissory Notes....	17,920	8	6
Amount bequeathed by the late Dr. Wylie, C. B.	18,025	0	0
Total.....	53,924	7	11

6. With reference to paragraph 7 of our last Report, dated 7th March 1868, we have the honor to state that the alterations and improvements referred to have been fully carried out and completed as regards the Hospital or Infirmary attached to the Monegar Choultry.

7. In addition to the old accommodation, and with the view of giving full space to each patient as recommended by the Sanitary Commissioner, the Honorable Mr. Ellis, in his report, dated 17th July 1866, No. 136, four new wards on an improved plan have been constructed chiefly for the reception of female patients only; they are now in occupation, two small wards, each for eight beds, and the other

8. In the month of April during the year under report, the sum of 1000 Rupees was received through His Excellency the Right Honorable the Governor, being a donation from the Right Honorable the Secretary of State, Sir Stafford Northcote.

9. Nearly the whole of this amount has been laid out in the furnishing of two model wards for males and females which have been designated "Northcote Wards."

10. His Excellency the Right Honorable the Governor, having kindly intimated his desire to furnish, at his own cost, the necessary articles to another ward his Lordship's wishes have been duly carried into effect, and the ward is now designated "Napier Ward."

11. We are glad to be able to state that the new contagious wards under construction by Government are now nearly completed, and will be soon placed at the disposal of the Surgeon.

12. The cost of constructing the new wards, improvements and alterations to that portion of the premises for the accommodation of the sick has been met from funds specially reserved for the purpose, which aggregated Rupees 19,770-4-7.

13. With reference to paragraph 8 of our last report, we beg to state that, although we have set aside three airy wards for the exclusive benefit of caste-paupers; and notwithstanding the efforts made to encourage this class of paupers to avail themselves of the benefits placed at their disposal, no caste-paupers have availed themselves of the accommodation.

14. At the Meeting of the General Committee held in December last, it was resolved that, that portion of the legacy bequeathed by the late Dr. Wylie, c. n., to the Madras poor, which was handed over by order of Government to our Treasurer, amounting to Rupees 18,025, be appropriated for the purpose of improving or rebuilding, if possible, on an improved plan, the present Poor-house; with this view Mr. Chisholm, the Civil Architect, has been requested to favor the Committee with a plan providing space for 200 inmate paupers, and we trust at an early date to be in a position to commence the work.

15. We beg to state that the charity of the Vencatagherry Rajah is now in full operation; that the Choultry itself was opened for the reception of the paupers on the 22nd July 1868, which now contains the full number fixed by the Rajah, viz., 70, also the out-door paupers of the Rajah who are supplied with dry rations, number now 108 being the full complement.

Subscriptions and Donations.

	RS.	A.	P.
In 1867...	4,028	12	0
In 1868...	3,564	1	10
Decrease...	464	10	2

16. We regret to observe that the public subscriptions and donations have fallen short by Rupees 464-10-2 compared with the previous year, as will be seen from the statement in the margin.

E. E.,

(Signed) T. G. CLARKE,
Treasurer, Monegar Choultry.

No. 112.

ORDER THEREON, 16th March 1869, No. 325.

The Right Honorable the Governor in Council has perused, with much interest, the foregoing Report of the condition of the Monegar Choultry and the institutions connected with it, during the past year. He trusts that the improvements and additions which have been effected will add to the popularity and usefulness of these valuable charities.

2. The Committee bring to notice the continued disinclination of caste-paupers to avail themselves of the accommodation set apart for them, and the fall of more than Rupees 403 in the amount of public subscriptions. As regards the first of these points it appears to the Government to be worthy of consideration whether the "three airy wards," which the Committee have set aside for the exclusive benefit of caste-people, might not, with advantage, be utilized for other paupers, thus economizing the expenditure required for replacing the present Poor-house. The experiment, which has been very judiciously made by the Committee, indicates clearly that the ordinary private charity of the city is sufficient to meet the case of caste-paupers, and this is so far satisfactory. As regards the diminution of the public subscriptions, His Excellency in Council suggests that the Committee should endeavour to bring the claims of the Monegar Choultry prominently before the Native Community, with a view of securing the support of the wealthier classes to an institution specially designed to afford to natives a refuge for the old and infirm and for foundlings, and an hospital for the sick.

3. His Excellency in Council is pleased to direct that the Report, with the Treasurer's Account Current for the year 1868, be published in the *Fort Saint George Gazette*; and that the thanks of Government be tendered to the Directors for the interest they have taken during the past year in the management of the affairs of the Institution.

(Signed) R. S. ELLIS,
Chief Secretary.

Extract from
Annual Medical Report of the
Madras Native Infirmary
for the year 1868
Number of Sick.

Remained 31 st December 1867—	49
Admitted —	1390
Discharged —	1192
Transferred to Lunatic Asylum—	6
Died —	190
Remaining 31 st December 1868—	51
Average daily no. of sick in Hospital	51

Although the number of admissions into the Infirmary exceeds that of the previous twelvemonth, the death-rate has fallen considerably. The months of January and February, however, bear an unfavorable comparison with all those that succeeded them, as respects the fatality of disease.

The extensive improvements & additions in progress when my last report was sent in, have been completed. The Infirmary now consists of five separate blocks of wards—two for Males, and three for Females, patients.

- 1 The Northern Male block consists of:—
 - a The Stafford Northcote Male Ward. Surgical.

which has thirteen beds. This ward has been furnished with cots, bedding, scarlet blankets, small tables, and a patent iron chair, from a handsome donation by the Secretary of State, Sir Stafford Northcote to the Hospital Chantry;

b No: 2 Surgical ward with six beds, and
c a Medical Ward with sixteen beds.

2. The Southern Male block contains:-

a Three single bedded cots for special cases,

b A Syphilitic ward, with four beds;

c One for cutaneous diseases, with four beds,

d One for ophthalmic patients with three beds

e A lunatic room; and

f A Medical store room.

3. The Northern Female block has two Medical wards-

a One containing six beds; and

b a second with two beds for special or dying cases.

4. The Western block consists of two large wards-

a The Northwest Female ward- Medical- which contains twelve beds, and has been furnished in the same manner, & from the same source, as the corresponding Male ward, which bears the same name.

b The Rapier Female ward- Surgical- which accommodates twelve patients,

and is now being furnished with scarlet blankets and small tables at the expense of His Excellency the Governor, whose name it bears. The large ventilating apertures above the doors and between the roof and supporting walls, have in this ward been supplied with wire netting, - a much-needed and very important improvement, which has been executed by desire, and at the cost, of Lord Napier.

The Southern block corresponds to the Northern in every respect, but is allotted to the treatment of surgical cases.

The superficial space allotted to each patient, is 80 feet.

Male wards accommodate 51, and the female 40, patients.

Latrine is provided for each male block, two latrines for the three female blocks.

The two epidemic wards have, ^{not} to this day, been made over for occupation. Their foundations are not yet completed. They contain two strong substantial blocks, - one twelve, Male, and the other for eight male, patients, - with an allotment of superficial feet for each inmate. Including these wards, the entire cost is

hospital with a hundred and eleven beds.

A great wooden railing separating the compound of the Infirmary from that of the adjacent portion of the Choultry on the North, has been run along from the Western wall of the premises to the North West corner of the Dispensary.

All the ground within the hospital enclosure has been ploughed and sown with Kaurially - a procedure which has greatly improved the appearance of the place, giving it an air of cheerfulness and comfort very different from that which it formerly presented. And this appearance is enhanced by shrubs and flower-plants set here and there over the grass plots.

The Annual Register shows the number of admissions during the year 1868 to have been thirteen hundred & ninety, which were no less than two hundred & four cases in excess of the entrance in 1867. And as forty nine were remaining on the 1st January from the previous year, the total treated were six thousand four hundred and thirty nine. Among these there were one hundred and ninety fatal cases, making a death rate of 1 in 7.573. These figures discover a most remarkable diminution in the mortality of the hospital -

during the year under review. With a considerable increment in the number of cases treated, there is a striking decrease in the fatality of disease as compared with previous years. Indeed, during the last ten years of my tenure of office in this district, on no occasion have I been able to report so favorably on the results of disease and its management. Doubtless climatic and seasonal variations may, to a certain extent, have caused this improvement, but I cannot myself help crediting it in great measure to the most improved condition of the hospital, as respects accommodation, ventilation and comfort. The larger amount of space allotted to each patient - the well lighted airy wards in which the sick now lie - the absolutely greater cleanliness of the wards bedding, and persons of the patients, which recent improvements have rendered more attainable, - have all shared in contributing to the reduction of the mortality by a fraction over 8 per cent on the number of admissions, and over 69.5 per cent on the deaths of the preceding twelvemonth.

Knowing that the Alms House, from which the Infirmary derives a considerable number of its patients, has also undergone alteration and improvement in all its parts, it has been an interesting enquiry to inquire

how far those improvements have taken upon both the amount and fatality of disease in the Tronagar Choultry, and so contributed to the diminished death-rate of the Infirmary. As respects the old Choultry, the difference between 1867 and 1868 is very small. In the former year there were one hundred and fourteen admissions and twenty-five deaths; and in the latter one hundred & forty one admissions and thirty one deaths; - in other words the mortality was 21.92 per cent in 1867, and 21.91 per cent in 1868. It is also noteworthy that while the admissions from the Venkataswamy Rajah's Choultry, a fine airy building, were seventy nine, the cases altogether amounted to only thirteen, or 16.44 per cent - a death-rate considerably below that of the old Choultry.

I append two tables, the first of which shows the number of those who died within twenty-four hours of their admission; and No. 2, the ages of the several fatal cases. And I may here briefly state that of the seventy-eight in the former table - as many as thirteen died within six hours, and five of these within two hours; and of the one hundred and ninety cases, not less than a hundred and ten were fifty years of age and upwards.

Table of the number of deaths within 24 hours of Admission.

1 hour	2 hours	3 hours	4 hours	5 hours	6 hours	7 hours	8 hours	9 hours	10 hours	11 hours	12 hours	13 hours	14 hours	15 hours	16 hours	17 hours	18 hours	19 hours	20 hours	21 hours	22 hours	23 hours	24 hours

No. 2.

Table of deaths from 1 to 80 years and upwards.

1 to 10	10 to 20	20 to 30	30 to 40	40 to 50	50 to 60	60 to 70	70 to 80	80 to 90	90 to 100	Total
9	3	22	25	21	39	42	28	1	1	190

In the order of Miasmatic Diseases Typhoid was the cause of nearly eight admissions, and proved fatal in 50 per cent of those affected.

In the order of Diathetic Diseases the number of cases of Anasarca has fallen still lower than it was in 1867. There have been but thirty six patients with this malady, of whom seventeen died, showing a diminution both in the amount and fatality of the disease.

Among Tubercular affections, Phthisis Pulmonalis occasioned fifty one admissions, - eight more than in the preceding twelvemonth, and of that number nine were fatal.

Both Diarrhoea and General Perforation

have been in past years prevailing
diseases in the country. In 1867, however,
the number of cases of Diarrhoea drifted
thence into the Infirmary had fallen to
thirty of which thirteen succumbed to
the disease: and Anasarca in that year
affected only two of the inmates, of whom
one died. But in the past twelvemonth
there were twenty nine cases of Diarrhoea
with fourteen deaths; - and only one of
Anasarca, which recovered.

Gentlemen.

I am directed to
acquaint

Madras Native Infantry

General Report
of the
of the

1868.

Sept 16/3
Sept 16/3

acquaint you that His
Excellency the Governor
in Council has been
pleased to appoint
you to be a Committee
for managing the
affairs of the Monagas
Country for the year
1869, and to request the
favor of your services
in promoting the objects
of the institution.

St. George
16 March 69

Public Department.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the

Director of the Monegas Choultry.
/ Recd letter 22^d July 1869 No 1

Order thereon No 325. 16 March 69

The Right Honorable
the Governor in Council
has perused with much
interest the foregoing
Report of the condition
of the Monegas Choultry
and the ~~institutions~~ con-
nected with it, during
the past year. He trusts
that the improvements
and additions which
have been effected
will add to the popu-
larity and usefulness
of

W. H.

M. H.

of these valuable charities.

2. The Committee bring to notice the continued disinclination of caste paupers to avail themselves of the accommodation set apart for them, and the fall of more than Rs 2000 in the amount of Public subscriptions.

As regards the first of these points it appears to the Government to be worthy of consideration whether the three airy wards which the Committee have set aside for the exclusive benefit of Caste people, might not, with advantage, be utilized for other paupers, thus economizing the

6
the expenditure required for replacing the present poor house. The experiment which has been very judiciously made by the Committee indicates clearly that the ordinary private charity of the city is sufficient to meet the case of Caste Paupers - and this is so far satisfactory. As regards the diminution of the Public subscriptions His Excellency in Council suggests that the Committee should endeavor to bring the claims of ^{the Mysore Charity} ~~this excellent institution~~ prominently before the Native Community, with a view of securing the support of the wealthier classes to an institution specially designed to afford

afford to natives a
refuge for the old and
infirm and for founding
and an hospital for
the sick.

3. His Excellency in
Council is pleased to
direct that the Report
with the Treasurer's Account
Current for the year 1868
be published in the Fort
St George Gazette, and
that the thanks of
Government be tendered
to the Directors for the
interest they have
taken during the past
year in the manage-
ment of the affairs
of the institution.

To the Director of the
Monegasque Country
for 1868

Cont. of 186 3 Annual

Whole . . .

To
The Directors of the
Providence Clubbing.

Dated March 16 } 1869. No 325.
Recd.

Nos. 111. 113.

Resuming the Report on the
Providence Clubbing for 1868,
and appointing certain
gentlemen & Co. Committee
for managing the affairs
of this business & extending
for the current year
