Proceedings of the Madras Government, Public Department,

23rd March 1869.

No. 191. Read the following letter from the President of the Municipal Commission, Mangalore, to the Chief Secretary to Government, Fort Saint George; dated Mangalore, 27th February 1869, No. 106.

In pursuance of the provisions of the Towns' Improvement Act X. of 1865, and Government Proceedings, 11th July 1867, No. 820, Public Department, I have the honor to submit a statement of the proposed expenditure and estimated receipts of the Municipality of Mangalore for the official year 1869-70, accompanied by the Police Superintendent's Estimate for the Town Police.

2. An allotment of Rupees 2000, for Police Station, in the next year's budget of new works, repairs, and establishment, has been already submitted for sanction; but the Commissioners have found it necessary to vote an additional sum of Rupees 1000 for this purpose.

3. The new works and improvements in the current year's budget severally remain still to be carried out, and seem impracticable to be fully completed this year; the latrines* and dust-bins,† sanctioned in that budget, are, therefore, included in the ensuing year's budget.

* Rupees 900.
† Rupees 250.

4. It is to be regretted that scarcely any tax is spontaneously paid until extracted by means of distraints; which entail a treble work upon the establishment, and hence the requirement of the services of an extra Clerk.

5. The Municipal Commissioners have, with reference to the current year's allotment, increased and decreased several allotments where such alterations were deemed desirable.

6. A list of persons proposed to be appointed Commissioners for the ensuing year, is enclosed.

23rd March 1869.

No. 192. ORDER THEREON, 23rd March 1869, No. 372.

It appears from the estimates of the Mangalore Municipality for the year 1869-70, that the Commissioners propose to expend a sum of Rupees 22,523-4-0 for the following purposes, viz. :—

	RS.	A.	P.
New works and improvements.....	4,650	0	0
Repairs.....	3,125	0	0
Conservancy.....	3,495	8	0
Police.....	6,580	6	0
Establishment.....	3,422	6	0
For purposes other than those specified in Sec- tion 25.....	1,250	0	0

Total... 22,523 4 0

*Proceedings of the Madras Government, Public Department,
23rd March 1869.*

2. To meet this outlay, it is intended to raise, by the imposition of the following taxes, a sum of Rupees 14,955, the difference, Rupees 7568-4-0, being made up by the State contribution, and the probable balance on the 1st May next:—

	RS.	A.	P.
Rate on houses and buildings.....	6,600	0	0
Tax on arts, trades, and professions.....	5,500	0	0
Tolls.....	895	0	0
Tax on carriages and animals.....	900	0	0
Registration of carts.....	220	0	0
Fees for licensing slaughter-houses, cart-stands, and offensive trades.....	40	0	0
Miscellaneous receipts.....	800	0	0
Total...	14,955	0	0

3. From the detail estimate, the Government observe that accommodation is to be provided, in the Police Station-house to be erected, for the fire engines, and that provision has been made under the head of "Miscellaneous charges, for"

	RS.
"Watering and fencing avenue plants, &c.....	225
and	
Maintenance of fire engines.....	250
Total...	475."

4. These charges do not correctly fall within the provisions of Section 25 of Act X. of 1865, and should, therefore, have been placed under the head of purposes other than those specified in that Section. The precise amount to be allotted on account of the accommodation of fire engines cannot be ascertained from the estimate; but in the Return of expenditure the information should be given, in order that the Government contribution may be fairly adjusted.

5. Placing the sum of Rupees 475, above particularized, under the head of purposes other than those specified in Section 25 of the Act, the Government contribution will be reduced from Rupees 5318-5-0, to Rupees 5,199-9-0. This reduction

RS.
* 750
500
475

† 22,404-9-0

will affect the aggregate receipts to the extent of Rupees 118-12-0, and it will be necessary to reduce the expenditure "for purposes other than those specified in Section 25," from Rupees 1725* to Rupees 1606-5-0. The receipts† and expenditure† will then be equalized.

6. From the particulars of the charge under the head of "Conservancy," it is observed that the scavengers, sweepers, and carts are to be employed only for a period of "nine months." This is done, it is believed, on the supposition that during the rainy season conservancy is unnecessary. The Government consider this to be a mistake; and they desire that the President will, in communication with the Commissioners, arrange for the maintenance of a proper Conservancy establishment throughout the year.

23rd March 1869.

7. Pending the submission of revised estimates, the Government direct the publication of the Notification of the taxes to be levied, and of the list of Commissioners, in the *Fort Saint George Gazette*.

NOTIFICATION.
