

Mantapur 27th Feby 09.

To
The Officiating Secretary, to the Inspector Genl.
Indian Med. Dept.
Madras.

Sir,

I have the honor to report for the information of the Inspector General, that, on my arrival here this morning, I found the Dresser attached to the Dispensary absent, and was informed he had proceeded to Bellary to give evidence in a criminal case about to be tried by the Session Judge at that Station. I was further informed, that the Dresser previous to his departure, had applied to the Sub-Collector here, for the services of the Dresser, attached to his Department, to conduct the duties of the Dispensary and Police Hospital, during his temporary absence, but, that his request had not been complied with, as the Sub-Collector was himself about proceeding on duty into the District.

In the absence of the Dresser, it is impossible for me, to make any regular detailed report of this Dispensary, but having visited and inspected it, as far

*Proceedings of the Madras Government, Public Department,
24th March 1869.*

No. 211. Read the following letter from the Inspector General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 5th March 1869, No. 87.

With advertence to the Proceedings of Government marginally noted, I have the honor to submit, for information, the enclosed communication* from the Deputy Inspector General of Hospitals, Mysore and Ceded Districts; as I think it desirable that Government should be made aware of the great inconvenience and risk to patients that may be occasioned by Medical Subordinates in charge of Dispensaries at single stations being summoned to give evidence at a distance.

No. 12 of 5th January 1869, Judicial Department.

* Dated 27th February 1869.

From the Deputy Inspector General, Indian Medical Department, Mysore and Ceded Districts, to the Officiating Secretary to the Inspector General, Indian Medical Department, Fort Saint George; dated Anantapur, 27th February 1869.

I have the honor to report, for the information of the Inspector General, that, on my arrival here this morning, I found the Dresser attached to the Dispensary absent, and was informed he had proceeded to Bellary to give evidence in a criminal case about to be tried by the Session Judge at that station. I was further informed that the Dresser, previous to his departure, had applied to the Sub-Collector here for the services of the Dresser attached to his Department, to conduct the duties of the Dispensary and Police Hospital during his temporary absence, but that his request had not been complied with, as the Sub-Collector was himself about proceeding on duty into the district.

2. In the absence of the Dresser, it is impossible for me to make any regular detailed report of this Dispensary, but having visited and inspected it, as far as was under the circumstances practicable, I am able to state that the building appears in good repair; that the wards and interior, generally, are clean and in good order; and that the sick, seven in number, (belonging to the Police Force,) appear to be well cared for; four of these patients are suffering from fever, and have medicines regularly given to them by a Police Inspector, a supply having been intrusted to him by the Dresser for the purpose; the remaining three patients; cases of Gonorrhoea, Ulcers, and Rheumatism, are attended to by the toty. A temporary latrine (an open walled enclosure) has lately been erected in one corner of the compound, the conservancy arrangement connected with which seem efficiently carried out. The Dispensary compound, as well as the ground in the immediate vicinity, was clean, and in a satisfactory condition.

No. 212. ORDER THEREON, 24th March 1869, No. 382.

It appears to the Government that the Sub-Collector of Bellary should have directed his Dresser to attend the Dispensary during the brief absence of the Medical Subordinate in charge of it. But before passing final orders on the case they desire to receive a report from the Collector of Bellary with reference to the motives which may have induced the Sub-Collector to refuse the services of the Dresser on the occasion referred to.
