*Proceedings of the Madras Government, Public Department,
13th January 1869.*

No. 47. Read the following letter from the President of the Municipal Commission, Ootacamund, to the Chief Secretary to Government, Fort Saint George; dated Ootacamund, 22nd December 1868, No. 223.

I have the honor to forward, herewith, for submission to Government, true copies of the correspondence noted in the margin, relative to the transfer of a portion of the Ootacamund Jail Hill property to the Municipal Commissioners of this town.

From the President, Ootacamund Municipal Commission, to the Inspector General of Jails, dated 7th December 1868, No. 219.

From the Inspector General of Jails, to the President, Ootacamund Municipal Commission, dated 10th December 1868, No. 1893.

2. It will be seen that the plot in question is much required for the new Municipal Beef Slaughter-houses, which it is proposed to erect at an early date; that upon a portion of it Mutton Slaughter lines have recently been built, and that the Inspector General of Jails has expressed his assent to its transfer to the Municipal Commissioners.

3. The plot has been found, on measurement, to be about $2\frac{1}{4}$ acres in extent.

4. A rough sketch of the land applied for is herewith sent.

From the President of the Municipal Commission, Ootacamund, to the Inspector General of Jails, Ootacamund; dated Ootacamund, 7th December 1868, No. 219.

With advertence to our visit, last month, to the new Municipal Mutton Slaughter lines, I have the honor to request you will inform me whether you are willing that such portion of the Jail Hill property, as was pointed out to you on the occasion in question, should be handed over to the Ootacamund Municipal Commissioners.

2. The site alluded to is the only one conveniently adapted for the erection of new Beef Slaughter-houses, which are now urgently required, while its remoteness from the Jail buildings would seem to render it of but little value as Jail property.

3. The Commissioners would express their regret that the site of the present Mutton Slaughter lines should have been inadvertently taken possession of by them, through ignorance that it formed a portion of the Jail Hill land, and without first communicating with you.

4. This site, you will remember, is included within the block of land which forms the subject of this reference.

From the Inspector General of Jails, to the President of the Municipal Commission, Ootacamund; dated Ootacamund, 10th December 1868, No. 1893.

In reply to your letter, No. 219, received yesterday, I have the honor to state that I have no objection to make over the piece of ground in question, and as the transfer will require the sanction of Government, I request you will make necessary application; but before doing so, it is desirable that the extent of the ground to be given up should be precisely settled; and I, therefore, request you will instruct one of your officers to measure it in communication with the Superintendent of the Jail, to whom I have this day sent this correspondence for perusal.

No. 48. ORDER THEREON, 13th January 1869, No. 38.

As it appears, from the correspondence above recorded, that the Inspector General of Jails sees no objection to the proposal of the Ootacamund Municipal Commissioners, the Governor in Council sanctions the transfer to them of a portion of the Jail Hill, measuring $2\frac{1}{4}$ acres in extent.
