5. From this detail it is observed that the Report rendered does not include the expenditure incurred by Municipalities on Public Works. It is hoped that, under the arrangements that have recently been made by the Government of Madras, it will be found possible to include the expenditure by Municipalities in future Progress Reports.

6. It is noticed that, in the Report furnished, the expenditure of the year has not been classified under the several Budget Sub-heads* of service. It will be convenient if this is done for the future.

7. The chief works undertaken during the year from Local Funds have been as follows :—

	Estimate.	Outlay to end of 1867-68.	Outlay during 1867-68.
	RS.	RS.	RS.

Bridge over the Cooum river, Madras	1,43,000	1,35,546	68,161

8. A statement of works of public utility executed by private individuals, which is received from other Provinces, has not accompanied the Madras Local Fund Expenditure Report. Such a statement is necessary in order to complete the record of expenditure on Public Works in India, and it is requested that it may be furnished for the future, if the Government of Madras see no objection to so doing, of which due intimation should be made to the Government of India.

(a) The aggregate of the entries really amount to Rupees 18,73,700, so that there is a discrepancy of Rupees 706, which requires explanation.

*Proceedings of the Madras Government, Public Works Department,
9th March 1869.*

ORDER.—Ordered, that these observations be forwarded to the Government of Madras for information and guidance, and to the Financial Department for information.
