*Proceedings of the Madras Government, Public Department,  
8th April 1869.*

---

No. 66. Read the following letter from the Collector of Vizagapatam, to the Chief Secretary to Government, Fort Saint George; dated Nursipatam, 22nd February 1869, No. 107.

I have the honor to forward two letters from the Chairman of the Hospital Committee at Bimlipatam, requesting that the Government will be pleased to raise the amount granted for the pay of the Apothecary from Rupees 50 to Rupees 100 per mensem, in order that the hospital may not lose the services of Mr. Quinn, who has given great satisfaction in that locality.

2. The hospital is a very useful institution: is free to the indigent; and, in return for the present Government aid, affords gratuitous medical attendance to about two hundred Public servants.

3. Bimlipatam is becoming a port of importance; there are generally European ships in the roads, whose crews are treated in the hospital; and there are many European residents in the town who have confidence in the skill of Mr. Apothecary Quinn, and will much regret his departure.

4. Considering the relative importance of Bimlipatam and many other places to which Government at present affords equal assistance, I shall be pleased if the present application can receive a favorable hearing.

From the Chairman, Hospital Committee, Bimlipatam, to the Collector of Vizagapatam; dated Bimlipatam, 8th February 1869, No. 40.

I have the honor to request you will be so good as to submit to Government an application for an additional grant of Rupees 50 monthly towards the hospital of this place.

2. When Government sanctioned the present grant of Rupees 50, Mr. Quinn (who has been in charge of the station now for six years) was an Assistant Apothecary on a monthly pay of Rupees 70. But since 27th of last May he has become an Apothecary of the 2nd Class, and entitled to a salary of Rupees 150 monthly, with Rupees 30 house-rent. Thus, to retain him here, something like corresponding provision is called for.

3. Mr. Quinn has made himself very acceptable to the people generally, and the town would much regret to lose his services. But in addition to finding medicine and paying for the necessary Hospital establishment, we cannot well collect more than Rupees 50 towards his pay; and such being the case, we ask Government to increase their grant from Rupees 50 to Rupees 100, respectfully pointing out that this is a growing town, that it is a place much resorted to in the hot weather by Government servants, that a Subsidiary Jail is about to be built here, and, therefore, that it is very desirable that a Medical Officer of Mr. Quinn's standing should remain amongst us.

From the Chairman, Hospital Committee, to the Collector of Vizagapatam; dated Bimlipatam, 19th February 1869, No. 44.

I have the honor to own receipt of your letter of 15th instant.

2. In addition to what I urged in my letter of 8th regarding an increased Government allowance to Mr. Apothecary Quinn, it may not be out of place my adverting to the circumstance, that Apothecaries in charge of Chicacole, Coconada, and Chetterpore, draw a monthly salary from Government of Rupees 350 each, and that they have Dressers to assist them in their work. Again, the Assistant Apothecaries in charge of Nursipatam and Parvitapore receive from Government the full salaries of their rank, viz., Rupees 100 per month, and Rupees 20 house-rent.

3. Mr. Quinn has no Dressers, and he affords medical aid to about two hundred Government servants; and it is scarcely asking too much of Government that it should do for an important commercial town what it does for such comparatively insignificant places as Nursipatam and Parvitapore.

4. With this further explanation I have no doubt you will be so kind as to forward on our application, with the request from yourself that it should be complied with.

ORDER THEREON, 8th April 1869, No. 450.

The Governor in Council is unable to accede to the application made by the inhabitants of Bimlipatam for an increase to the grant in aid of the salary of the Medical subordinate in charge of the Dispensary at that place.

2. The community can retain the services of Mr. Apothecary Quinn by raising his pay from funds obtained either by increased private contributions, or, if the Committee see fit, by charging a small fee for each seaman treated in the hospital.

Declining to accede to the application made by the inhabitants of Bimlipatam for an increase to the grant in aid of the salary of the Medical Subordinate in charge of the Dispensary at that place.

Public Department

Memorandum.

Mr. Apothecary Quinn  
by raising his pay from  
funds obtained either by  
increased private contribu-  
tions or, if the Committee  
see fit, by charging a small  
fee for each seaman treat-  
ed in the Hospital.

AC

This is an application  
from the inhabitants of  
Bimlipatam requesting  
that to raise the pay  
of the Apothecary in charge  
of the dispensary from  
50 to 100 Rs. as they  
have confidence in him  
and fear, if his pay  
is not raised to his  
merits —

The Bimlipatam Dis-  
pensary is a purely private  
institution. It was built at  
the joint expense of Government  
and the Residents, and a grant  
of Rs. 50 was sanctioned in  
1864 towards the salary of  
the Medical Subordinate,  
"on the condition that his ser-  
vices be always available  
for Government duties."

There is no report to  
show what the financial  
position of the Institution  
is, but whatever that may  
be, there is no precedent  
according to which a higher  
grant than Rs. 50 can be  
sanctioned in aid of the salary

I agree in the  
above suggestion of  
Mr. W. A. W. A.

The Collector of Vizagapatam  
J. J. Med Dept

of the Medical Subordinate.

Mr. Brineham says that  
Bimlipatam is becoming a  
port of importance; that there  
are generally European ships  
in the Roads whose crews  
are treated in the Hospital,  
and that there are many Eu-  
ropean Residents in the  
Town who have confidence  
in the skill of Mr. Apothecary  
Quinn.

There is no reason  
why a small fee should  
not be charged on every Eu-  
ropean treated in the Hospital,  
and the same be appro-

priated towards the Medi-

cal Officer. and the support  
of the Seamen's Hospital.

NOTE

I observe from former papers  
that it is usual for ships to pay  
£200 each. &c.

The Resident Europeans  
too might contribute towards  
the higher salary proposed  
to

to be given to the Apothecary.

It will be necessary to  
obtain the special sanction  
of the Government of India,  
if it be intended to increase  
the allowance of Rs. 50.

The Govt of India have  
frequently remarked on  
the high rates of pay applied  
to the Medical Subordinates,  
attached to the dispensary  
in this Presidency & that  
the inhabitants can if  
they please increase the  
pay of the Apothecary  
so as to retain his  
services. I submit the  
application should  
not be complied with

ALL

Places as Surgeons & Parvitasors.

With this further explanation

I have no doubt you will be so kind as to  
forward on our application with the request  
from yourself that it be done. I am  
with,

the present Grant of Rs 50, Mr Quinn (who
