FORT WILLIAM, *the 16th February 1869.*

Read again—

Financial Resolution, No. 2173, dated 31st August 1868, ruling that the cost of Lock Hospitals, when established in cantonments, should be charged to the Military Department, a proper contribution being obtained from Cantonment Funds; but that, where there are no cantonments, the expense should be debited to the Civil Department.

Read—

A Memorandum, No. 954, dated 20th January 1869, from the Military Department, referring, for consideration, a point raised by the Government of Madras as to the share to be borne by the Civil and Military Departments, respectively, of the cost of Lock Hospitals in places where the Cantonment Funds are unable to bear the whole charge.

RESOLUTION.—Except in the Presidency towns, Lock Hospitals are established for the protection of the soldiery only. The Governor General in Council, therefore, considers that their cost should, unless special circumstances exist indicating the propriety of a different course, be treated as a purely military charge.

ORDERED, that the foregoing resolution be sent to the Home and Military Departments; the Comptroller General of Accounts; the several local Accountants General, and Deputy Accountants General in independent charge.
