Read the following papers :—

No. 82. From the Acting President of the Municipal Commission, Madura, to the Chief Secretary to Government, Fort Saint George; dated Madura, 20th February 1869, No. 110.

I have the honor to transmit, herewith, copy of the annual report, received from the Vice-President of Dindigul, for the year 1867-68, on the working of the Towns' Improvement Act X. of 1865.

From the Vice-President of the Municipal Commission, Dindigul, to the President of the Dindigul Municipal Commission, Madura; dated Dindigul, 19th December 1868, No. 25.

With reference to your letter of 15th instant, I have the honor to submit a statement, in the prescribed form, showing the working of the Towns' Improvement Act X. of 1865, in the town of Dindigul.

2. I think it necessary to remark here that in drawing up the administration report for the previous year, the transactions up to date of the report were, owing to some misapprehension, taken into account instead of only the actual receipts and charges during the period embraced by the report, viz., from 1st November 1866 to 30th April 1867. On adjustment, therefore, the result of administration in 1866-67 is as follows :—

	RS.	A.	P.
Collection.....	1,074	0	6
Government contribution at 25 per cent. of the charges.....	298	10	7
Total...	1,372	11	1
Charges.....	1,194	10	5
Balance in hand on 1st May 1867.....	178	0	8

3. This balance should, therefore, be substituted for the amount of Rupees 361-11-11 mentioned in the report from this office, dated the 4th April 1868, No. 16.

4. The collection of tolls under Schedule B of the Act was newly introduced, in the year under report under the sanction of Government, dated the 14th August 1867, and was the principal source of the Municipal revenue.

5. The receipts in the year, including the balance of the previous year, amounted to Rupees 5402-14-4, or Rupees 2209-6-10 more than the expenditure. Necessary repairs, however, to roads were made, new tunnels erected, a reservoir for drinking water was repaired, and dust boxes were built where necessary in the streets. On the whole the town was kept in good order and was free from any epidemic diseases throughout the year.

6. The charges for Police have been put down in the statement at the rate sanctioned by Government, but they are somewhat in excess of the actual charges according to a statement recently furnished to me by the Superintendent of Police with whom I am now in correspondence on the subject.

7. At the suggestion of the Superintendent General of Vaccination, a vaccinator, on a salary of 7 Rupees per mensem, was employed during the second half of the year.

8. The financial result of the year is shown below :—

	RS.	A.	P.

9. Proposals for utilising the unexpended balance in the erection of a market which is much required are now under consideration.

Resolving the report on the
working of the Board
financially for 1866-67
and 1867-68.

*Proceedings of the Madras Government, Public Department,
9th April 1869.*

Read the following papers :—

No. 82. From the Acting President of the Municipal Commission, Madura, to the Chief Secretary to Government, Fort Saint George; dated Madura, 20th February 1869, No. 110.

I have the honor to transmit, herewith, copy of the annual report, received from the Vice-President of Dindigul, for the year 1867-68, on the working of the Towns' Improvement Act X. of 1865.

From the Vice-President of the Municipal Commission, Dindigul, to the President of the Dindigul Municipal Commission, Madura; dated Dindigul, 19th December 1868, No. 25.

With reference to your letter of 15th instant, I have the honor to submit a statement, in the prescribed form, showing the working of the Towns' Improvement Act X. of 1865, in the town of Dindigul.

2. I think it necessary to remark here that in drawing up the administration report for the previous year, the transactions up to date of the report were, owing to some misapprehension, taken into account instead of only the actual receipts and charges during the period embraced by the report, viz., from 1st November 1866 to 30th April 1867. On adjustment, therefore, the result of administration in 1866-67 is as follows :—

	RS.	A.	P.
Collection.....	1,074	0	6
Government contribution at 25 per cent. of the charges.....	298	10	7
Total...	1,372	11	1
Charges.....	1,194	10	5
Balance in hand on 1st May 1867.....	178	0	8

3. This balance should, therefore, be substituted for the amount of Rupees 361-11-11 mentioned in the report from this office, dated the 4th April 1868, No. 16.

4. The collection of tolls under Schedule B of the Act was newly introduced, in the year under report under the sanction of Government, dated the 14th August 1867, and was the principal source of the Municipal revenue.

5. The receipts in the year, including the balance of the previous year, amounted to Rupees 5402-14-4, or Rupees 2209-6-10 more than the expenditure. Necessary repairs, however, to roads were made, new tunnels erected, a reservoir for drinking water was repaired, and dust boxes were built where necessary in the streets. On the whole the town was kept in good order and was free from any epidemic diseases throughout the year.

6. The charges for Police have been put down in the statement at the rate sanctioned by Government, but they are somewhat in excess of the actual charges according to a statement recently furnished to me by the Superintendent of Police with whom I am now in correspondence on the subject.

7. At the suggestion of the Superintendent General of Vaccination, a vaccinator, on a salary of 7 Rupees per mensem, was employed during the second half of the year.

8. The financial result of the year is shown below :—

	RS.	A.	P.
Receipts including balance in hand.....	4,604	8	6
Government contribution.....	798	5	10
Total...	5,402	14	4
Charges.....	3,193	7	6
Balance in hand on the 1st May 1868.....	2,209	6	10

9. Proposals for utilising the unexpended balance in the erection of a market which is much required are now under consideration.
