No. 95. Read the following Despatch from the Right Honorable the Secretary of State for India, to His Excellency the Right Honorable the Governor in Council, Fort Saint George; dated India Office, London, 4th March 1869, No. 6, Public.

I have considered in Council a letter from the Chief Secretary to your Excellency's Government, No. 1594, dated 31st December 1868, forwarding an Indent for Stationery Stores required in your Presidency for the year 1870-71.

2. I have sanctioned the supplies demanded, except as regards the quills. I have directed that 440 thousands of these should be supplied, being one-half the number demanded. In view of the quantities in store and under supply, the reduced number should suffice to meet the requirements of your Presidency, and I would suggest that the "established proportion" of these articles (stated in the Indent as 2½ millions) should be revised. I may state that the "established proportion" of quills to the Calcutta Stationery Office is 3½ millions, and from this stock supplies are drawn for Government use in the North-West Provinces, the Punjab, &c., as well as for Bengal and Behar.

No. 96. ORDER THEREON, 9th April 1869, No. 464.

This Despatch will be communicated to the Inspector General of Ordnance and Magazines, and his attention drawn to the suggestion therein contained for revising the "established proportion" of quills with reference to the actual requirements of the Madras Presidency.
