2. The income is derived from the sources indicated in the margin. It is observed that about a third of the amount is to be raised from tolls on the traffic entering into, or passing through the town.

3. The expenditure to be incurred is greater than the amount provided for in the current year's estimates. The increase is chiefly under the head of "New Works and Improvements," "Repairs," and "Conservancy."

4. The establishment for the latter purpose consists of four Overseers and seventy Sweepers and Scavengers. The number of men appear to be sufficient;

but the Government are of opinion that, for the effectual cleansing of the town, it is essential that carts should be provided. The President will, in communication with the Commissioners, and as soon as funds are available, purchase a sufficient number of carts and bullocks.

5. The estimates are sanctioned. The Notification regarding the taxes will be published in the *Fort Saint George Gazette*.

6. A list of the Commissioners to be appointed during the ensuing year should have accompanied the estimates. The President is requested to submit a list with as little delay as possible.
