*Proceedings of the Madras Government, Public Department,
4th May 1869.*

No. 17. Read the following letter from the Collector of Trichinopoly, to the Chief Secretary to Government, Fort Saint George; dated Trichinopoly, 13th April 1869, No. 19.

Adverting to Government Proceedings, No. 829, dated 10th April 1867, I have the honour to bring to their notice that the Municipal Commissioners of Trichinopoly have called upon me, as the local representative of Government, to remove the prickly-pear that has overgrown certain portions of the Rock Fort in the centre of the town.

2. As the locality thus overspread with prickly-pear belongs to Government, I have caused the accompanying estimate to be prepared, and I request that I may be favoured with the necessary instructions of Government on the subject. The estimated expenditure amount to Rupees 315. I can only add that, as a matter of sanitation, this clearance should certainly be made at once, as the present state of affairs affords a ready receptacle for all kinds of filth and nastiness, and is certainly prejudicial to health. The charge of clearance cannot be construed into a legitimate demand upon local funds, as the town's people contribute nothing to this item of our district resources.
