*Proceedings of the Madras Government, Public Department,  
8th May 1869.*

Read the following papers :—

No. 41. From the Sanitary Commissioner for Madras, to the Chief Secretary to Government, Fort Saint George ; dated Madras, 26th April 1869, No. 1074.

I have the honour to forward herewith fifty-three copies of my proceedings for the months of January and February. I have hitherto forwarded to the Military

|                          |    |                                       |
|--------------------------|----|---------------------------------------|
| Secretary of State.....  | 20 | Department only twenty-three copies,  |
| Judicial Department..... | 1  | which were distributed as per margin. |
| Public do. ....          | 1  | The thirty additional copies are now  |
| Military do. ....        | 1  | added, in compliance with order of    |

Government, No. 707, dated 20th February 1869, (in the Military Department,) in which it was requested "that Government might be furnished with thirty additional copies of any previous reports of an important nature for transmission to the Secretary of State for India."

2. As from the Despatch from the Right Honorable the Secretary of State I observe that it is his intention "to furnish the additional copies" (of former reports) "to the Principal Medical Schools and Libraries in the three kingdoms," I assume that he equally desires to afford to all present proceedings and reports in the Sanitary Department the same publicity.

3. With reference to the specific instructions contained in the order of Government noted in paragraph 1 of this letter, I have to solicit the orders of Government.

4. From the list appended to this letter it will be observed that of the more important recent reports of this department, (as per margin,) thirty copies are still available for transmission as requested, and are herewith sent.

5. Of the less important reports (VI. to XI.) on small stations, few copies are now on hand. But I do not consider that the re-publication of them would be desirable. It would involve, moreover, a good deal of expense, as they are fully illustrated. Those on Vellore are forwarded herewith.

6. Of the reports on Fort Saint George (I), 1st Administration Report (II), Report on Lying-in Hospital (XXI), twenty copies can be sent. Of the Annual Report for 1867 (V), of the Report on Bangalore (XII), on Ootacamund and Coonoor (XIII), and Ootacamund (1868, XIV), one dozen copies are available for despatch, and are forwarded.

7. I regret that no copies of the reports on Trichinopoly and Secunderabad are available. These reports and that upon Bangalore are of considerable interest ; but I am unwilling to suggest their re-publication as this office is unable to prepare the illustrations as there is only one draughtsman, who is fully occupied with current work.

8. For the reasons noted in the column of "Remarks," I am unable to recommend the reprint of any of the other publications noted in the accompanying list.

9. I should add that, in all present and future publications, I shall bear in mind the wishes of the Secretary of State, and furnish fifty copies of each for transmission.

10. In conclusion, I may remark that the "proceedings" alluded to in paragraph 1 of this letter are exactly, as regards size and arrangement, in accordance with the recommendations of Dr. Cunningham, late Acting Sanitary Commissioner,

*Proceedings of the Madras Government, Public Department,  
8th May 1869.*

with the Government of India, as recorded in Proceedings of Government of India, dated 19th December 1868, communicated to this department by the Secretary to Government, Military Department, Fort Saint George, under Memorandum, No. 188, dated 15th January 1869.

11. I regret that the alterations in printing thus necessitated have caused considerable delay in their submission to Government. This delay, however, did not take place in this office.

for Madras

O.B. 1074 9/2/69  
 1869 9/2/13.

Office of Sanitary Commission  
Madras 26<sup>th</sup> April 1869

Nº 1074

From

The Sanitary Commissioner  
for Madras

To the Chief Secretary to Government  
Fort Saint George.

Sci,

I have the honor to forward herewith 53 copies of my Proceedings for the months of January and February. I have hitherto forwarded to the Military Department only 23 copies which were distributed

Secretary of State — 20  
Judicial Department — 1  
Public — Do — 1  
Military — Do — 1

Military Department) in which it was requested "that Government might be furnished with 30 additional copies of any previous reports of an important nature for transmission to the Secretary of State for India".

2. As from the Despatch from the Right Honorable the Secretary of State I observe that it is his intention "to furnish the additional copies (of former Reports)" to the principal Medical Schools and Libraries in the three Kingdoms, I assume that he equally desires to afford to all present Proceedings and Reports in the Sanitary Department the same publicity.

3. With reference to the Specific Instructions contained in the order of Government noted in

Kara!

O. A. L. & Co. Dry Goods  
 1869 Dec 13.

para 1 of this letter, I have to solicit the orders of Government.

4. From the list appended to this letter it will be observed that of the more important recent Re-

ports of this Department (as per margin) 30 copies are still available for transmission as

requested and are herewith sent.

5. Of the less important

and Reports (VI to XI) on small stations, few copies are now on hand. But I do not consider that the republication of them would be desirable. It would involve moreover a good deal of expense, as they are fully illustrated. Those on Bellary are forwarded herewith.

6. Of the Reports on Fort Saint George (I) 1<sup>st</sup> Administration Report (II) Report on Lying-in-Hospital (III) 20 copies can be sent. Of the Annual Report for 1867 (IV) of the Report on Bangalore (XII), on Cochin and Coonoor (XIII) and Cochin (1868) (XIV) one dozen copies are available for despatch and are forwarded.

7. I regret that no copies of the Reports on Trichinopoly and Secunderabad are available. These Reports and that upon Bangalore are of considerable interest, but I am unwilling to suggest their republication as this Office is unable to prepare the illustrations as there is only one draughtsman, who is fully occupied with current work.

8. For the reasons noted in the column of "Remarks"

Remarks, I am unable to recommend the reprint of any of the other publications noted in the accompanying list.

9. I should add that in all present and future publications I shall have in mind the wish of the Secretary of State and furnish 50 copies of each for transmission.

10. In conclusion I may remark that the Proceedings alluded to in para 1 of this letter are exactly, as regards size and arrangement, in accordance with the recommendations of Dr. Cunningham, late Acting Sanitary Commissioner with the Government of India, as recorded in Proceedings of Government of India dated 19<sup>th</sup> December 1868, communicated to this Department by the Secretary to Government Military Department, Fort Saint George under memorandum No 188 dated 15<sup>th</sup> January 1869.

11. I regret that the alterations in printing thus necessitated, have caused considerable delay in their submission to Government. This delay however did not take place in this Office.

I have the honor to be  
Sir

Yours most Obedient Servant  
J. L. Hawking  
Sanitary Commissioner  
for Madras

Quincy, Mass. July 13 1869
