Proceedings of the Madras Government, Public Department,
11th May 1869.

Read the following papers:—

No. 59. From the President of the Municipal Commission, Vellore, to the Chief Secretary to Government, Fort Saint George; dated Vellimalai, 24th March 1869, No. 16.

I have the honour to submit, in the prescribed forms, the estimates of receipts and expenditure for the ensuing official year 1869-70, pertaining to the Municipality of Vellore. With these is a statement of the probable cost of the town Constabulary furnished by the Superintendent of Police, and a list of the persons whom it is proposed to appoint or reappoint as Commissioners.

2. The amount which the Municipal Commissioners propose to expend during the year is Rupees 52,500. If from this be deducted the Rupees 14,080 which it is proposed to devote to purposes other than those specified in Section 25 of Act X. of 1865, the Government contribution on the balance, viz., Rupees 38,420, will amount to Rupees 9605. The receipts have been estimated at Rupees 22,895. These, with the assumed balance in hand, Rupees 20,000, (the accounts have not yet been audited, but will be as soon after the close of the current official year as possible,) make up an aggregate of Rupees 52,500, which is just the amount required.

No. 60. From the President of the Municipal Commission, Vellore, to the Under Secretary to Government, Fort Saint George; dated Narasingaroyapett, 12th April 1869, No. 23.

As requested in your Official Memorandum, No. 138, dated the 5th instant, I have the honour to enclose a Memorandum showing the receipts and expenditure (unaudited) of the Vellore Municipality, for the official year ending 31st March 1869.

No. 61. ORDER THEREON, 11th May 1869, No. 610.

With the first of the foregoing letters, the President of the Vellore Municipality submits the estimates of receipts and disbursements in that Municipality for the year 1869-70.

2. With the second letter he submits the returns of the actual receipts and expenditure for eleven months, *i. e.*, from 1st May 1868 to 31st March 1869. These returns show that there was a balance on the 1st May 1868 of Rupees 5706-5-0. That Rupees 41,006-5-5 were raised by the levy of taxes, &c., which, with the Government contribution of Rupees 8815-10-6, proceeds of cattle-pound Rupees 52-12-6, and grant for the repair of cantonment roads Rupees 1110, placed at the disposal of the Commissioners Rupees 56,691-1-5. Of this amount no more than Rupees 28,378-1-3 were expended, leaving a balance of Rupees 28,313-0-2.

3. In the estimate for 1868-69, the Commissioners assume that the balance at their disposal on the 1st instant will be Rupees 20,000, but judging from the expenditure incurred during the past eleven months, it is not likely that a sum of Rupees 8,313 will be spent within one month. The balance on the 1st May 1869

may, therefore, be assumed at Rs. 25,000. With this balance the Commissioners propose to raise Rupees 22,895, and calculated the contribution to be received from Government at Rupees 9605. The aggregate amount at the Commissioners' disposal will be Rupees 57,500.

4. Among the new works to be undertaken are Police buildings and a Market, estimated to cost Rupees 5400 and Rupees 10,000, respectively. It is not stated whether the whole of these sums can be expended during the year 1869-70, or whether the sum of Rs. 6000 for dust boxes and drains will be entirely appropriated for those purposes. Of the aggregate sum of Rupees 21,400 the probability is that not more than

about Rupees 15,000 will be spent, setting free Rupees 6400, which, with the additional sum of Rupees 5000 assumed as balance on the 1st instant, amounts to Rupees 11,400 in excess of actual requirements.

5. The Government are of opinion that the financial condition of the Vellore Municipality fully justifies the abolition of tolls. But as it is probable that the tolls have, in anticipation of sanction, been let to contractors, and as Government have, in Order dated the 27th ultimo, No. 1120, in the Revenue Department, approved the suggestion of the Board of Revenue that the road from Vellore to the Railway station, upon which a Municipal toll is levied, shall be kept in repair by the Municipality, His Excellency the Governor in Council will not at present insist on the tolls being abolished.

6. The number of Carts and Bullocks, and the number of Bullocks to be hired at Rupees 960 and Rupees 2520, should have been entered in the detail of estimates, A.

7. The attention of the President will be drawn to the item of Rupees 500 for "Printing charges," which, in the opinion of Government, seems excessive.

8. His Excellency the Governor in Council sanctions the estimates for 1869-70, and directs that the Notification of the taxes to be raised, and the list of Commissioners, be published in the *Gazette*.

To,

The Honorable P. S. Ellis, C. B.

Chief Secretary to Government,

Fort St. George

Sir,

I have the honor to submit, in the prescribed forms, the Estimates of Receipts and Expenditure for the ensuing Official year 1869/70 pertaining to the Municipality of Vellore. With these is a statement of the probable cost of the town constabulary furnished by the Superintendent of Police, and a list of the persons whom it is proposed to appoint or reappoint as Commissioners.

2

The amount which the Municipal

Commissioners propose to expend during
the year is Rs 52,500. If from this be deducted
the Rs 14,080 which it is proposed to devote to
purposes other than those specified in Section
25 of Act X of 1865, the Government contribution
on the balance viz Rs 38,420 will amount to
Rs 9605. The receipts have been estimated
at Rs 22,895. These with the assumed balance
in hand Rs 20,000 (the accounts have not
yet been audited but will be as soon after the
close of the current Official year as possible)
make up an aggregate of Rs 52,500 which is
just the amount required.
