*Proceedings of the Madras Government, Public Works Department,
2nd March 1869.*

No. 65. Read the following Proceedings of the Madras Government in the Military Department, dated 23rd February 1869, No. 729 :—

Read the following papers.

From Mr. R. ALLON, to the Secretary to Government, Department Public Works, Fort St. George, dated Madras, 30th November 1868.

I have the honour to inform you, that I have received a letter from the Quarter Master General, regarding the wish of Government to rent my house at Beypore, at Rupees 60 per mensem; and also, through him, I have received a communication from the Superintending Engineer of the Western Division, informing me that part of the roof of the bungalow had fallen in, and requesting that I would arrange to have the necessary repairs effected.

The offer of Government to rent my house I accepted, not knowing at the time that repairs were needed, but as I have no one at Beypore to look after them, and I cannot do so myself, I have decided to offer to Government at a fair valuation the house, with the land, as it now stands.

I shall therefore feel obliged if you will place this tender before Government, with a view to the furtherance of my wishes.

REFERRED to the Superintending Engineer of the 7th Division, who will submit an estimate of the value of the building as it now stands, and of the probable cost of putting it into thorough repair.

(Signed) CHARLES A. ORR, Colonel, R. E.,

FORT ST. GEORGE,
2nd December 1868.

Secretary to Government, P. W. D.

From the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, Madras, dated Oodumulpetta, 19th January 1869, No. 180.

1. I have the honour to forward, herewith, a Valuation Statement of Mr. Allon's house at Beypore, as called for in your endorsement of the 2nd December, on his letter herewith returned. The amount in round numbers is Rupees 3,360, which might I consider be made up to Rupees 4,000, in consideration of the site being a desirable addition to the soldiers' encamping ground.

2. To take down the flat roofs, which are in a dangerous state, and re-place them with a thatched roof over the main building, to remodel the irregular ground plan, and to put the whole into thorough repair, will cost Rupees 800. To which I would add Rupees 200 for separate out-offices for the Rest-house Superintendent, who will occupy a portion of the main building. The whole charge of Rupees 5,000 can be met by savings on other Military allotments of the 7th Division in the current official year.

REFERRED to the Military Department, with a view to the question of the purchase of Mr. Allon's house being considered in that Department.
