*Proceedings of the Madras Government, Public Department,
20th May 1869.*

No. 169. Read the following letter from the Commissioner of the Neilgherry Hills, to the Chief Secretary to Government, Fort Saint George ; dated Ootacamund, 5th May 1869, No. 15.

With reference to Proceedings of Government, dated 5th April 1869, and Order thereon, regarding the unsatisfactory state of the Civil Dispensary at Adoni, I have the honour to inform you that there are three Dispensaries in this district, at Ootacamund, Coonoor, and Kotagherry. At the latter place there is no hospital.

2. At Coonoor there is no Committee, and I have accordingly requested Dr. Wilson to form one, and to put my name down as a member.

3. At Ootacamund there is a Committee of which I am a member and Mr. Outchterlony is President.

4. At Kotagherry as there is no hospital, perhaps a Committee is hardly necessary at present.

5. As the circumstances of the district are somewhat peculiar, a large portion of the residents being Europeans, it will, I think, be better that the selection of the President should be left to the Committee as is now the case at Ootacamund. As long as I am a member, I shall take the same interest in the institution as if I were President. The selection of an-influential resident as President will be more likely here, at any rate, to attract private contributions and support than the ex-officio appointment of a Government Officer.

No. 170. ORDER THEREON, 20th May 1869, No. 682.

Under the special circumstances of the Dispensaries on the Hills, the Government concur in the proposals of the Commissioner contained in the letter above recorded.
