*Proceedings of the Madras Government, Public Department,  
28th May 1869.*

---

No. 210. Read the following letter from the Acting Inspector General of Ordnance and Magazines, to the Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 12th May 1869, No. 49.

Ordnance Department.

With the report of this department, a statement by Superintendent of Stationery was furnished, in obedience to the instructions contained in Proceedings of Government, No. 1371, dated 4th November 1868, explanatory of the deficiencies alluded to by Mr. Greenfield in the list B, which accompanied his report, dated 12th October 1868, and recorded in above-quoted Proceedings of Government. I have now the honour to state that if Government are satisfied with that explanation, authority may be granted for the deficiencies being written off the accounts of the Superintendent of Stationery. I beg to solicit the favour of early orders, as the books of the Stationery Dépôt cannot be closed for the past official year, until orders are passed for the adjustment alluded to.

No. 211. ORDER THEREON, 28th May 1869, No. 718.

The explanation afforded by the Superintendent of Stationery, relating to a deficiency in the weight of Indian rubber in the Statement annexed to the letter from the Acting Inspector General of Ordnance, recorded in Proceedings of Government, dated the 13th January last, No. 50, is satisfactory. His Excellency the Governor in Council is, therefore, pleased to sanction the writing off the deficiency in the accounts of the Superintendent of Stationery.

(True Extract).
