*Proceedings of the Madras Government, Public Department,
31st May 1869.*

No. 222. Read the following despatch from the Right Honourable the Secretary of State for India, to His Excellency the Right Honourable the Governor in Council, Fort Saint George ; dated India Office, London, 29th April 1869, No. 11, (Sanitary.)

I forward, for the consideration of your Excellency in Council, copy of a letter, dated 11th January last, addressed to this office by the Under Secretary of State for War, requesting that certain documents of a medical and sanitary character may be regularly transmitted to the Director General of the Army Medical Department.

2. Instructions have been given that copies of the different sanitary reports which are sent over to England in numbers, should be regularly forwarded in compliance with the above request.

3. With reference, however, to the application for the Regulations of the Military and Medical Services in India, with copies of the addenda and modifications when promulgated, I have to request that your Excellency in Council will issue the necessary instructions for forwarding an additional copy for transmission to the Army Medical Department.

From the Under Secretary of State for War, to the Under Secretary of State for India ; dated War Office, 11th January 1869, No. 6984-209.

I am directed by Mr. Secretary Cardwell to suggest, for the consideration of the Secretary of State for India in Council, the desirableness of the medical branch of this department furnished with copies of all official reports and other printed documents of a medical or sanitary character which may be issued from time to time in the three Presidencies of India, as they frequently contain much valuable information that cannot fail to have a bearing on the health of the British Troops, such, for example, as the Annual Report for 1867 of the Municipal Commission for Bombay, and the Reports on the Cholera epidemic of 1867 in Bengal, amongst others, also, with copies of the Regulations of the Military and Medical Services in that country, with any modifications or addenda, when promulgated.

2. At the same time I am to request that you will be pleased to move His Grace the Duke of Argyll, if he concurs, to direct that all such publications may be, in future, transmitted to the Director General of the Army Medical Department, who will be glad to reciprocate the favour (should it be desired) by furnishing to the India Office, copies of reports issued from his department.

No. 223. ORDER THEREON, 31st May 1869, No. 724.

Communicated to the Military Department for the issue of the necessary orders and, also, to the Sanitary Commissioner.
