 prepared to make of the ascertained
 marketable value of the property.
 The fact is unquestionable that the
 present prosperity of the Press is
 due to Mr. Thomas' personal exertions
 and to the faithful and efficient service
 he has rendered during the last light.
 The Board are aware that Mr. Thomas'
 reputation as a printer, made it quite
 possible for him to command a more
 remunerative position than what he
 occupied and they believe that his
 in the institution which he was himself
 educated, has led him to decline
 of more lucrative employment.

Genl. Secy. of the Press.
Madras.

Sir,

As it seems probable, that the Annual
Gazette, of the Madras Government,
will soon be effected; and as a consequence,
the question of the future status of the English
Press, and its servants will also soon have to be
decided upon; I beg before anything is settled,
to make the following proposition; Submitting your
favorable consideration of the subject.

I am desirous of purchasing the Press
Premises, and everything connected with it, as
now standing for the sum of ~~£5000~~
£22,500/- of
this sum I engage to pay down immediately
£20,000/- and to enable me to clear
off the balance. I request to be allowed
say 7 years. At maturity, I propose to
execute a Mortgage bond on the property;
and will engage to pay interest quarterly
at the rate of 5 per cent per annum.
Interest to be repaid on say £1000/-
paid up.

I have further to request, that the
Press be made over to me exclusively
from the 1st instant, I being
responsible for all purchases and
liabilities of the Concern from that
date. All previous liabilities of
and

und monies due to, the Press, up to the
31st December 1868; being yours, as a
matter of course and right.

As the Government agree to my
proposal; I beg you will do me the kindness
of asking the Government to continue the
existing arrangements, as regards the
Printing of War Office Forms, and the
patronage, in allowing the various
public Officers, to purchase the Uniform
and Army Suits from this Press alone
as at present.

Soliciting your kindness to me,
as an old servant of the Press; and
requesting you to take into consideration
the sacrifices I have often made, for
benefit of this Press, in raising it, by
God's blessing on my efforts in its pro-
position.

I beg to remain

Sir,
Your Obedient Servant
(Signed) H. Thomas.

I have just received from the

 a copy of the report of the
 Committee on the Administration
 of the War Department for the
 year 1866. The report is
 very full and contains
 much interesting information
 regarding the administration
 of the War Department during
 the year 1866. The report
 is divided into two parts,
 one relating to the
 administration of the

 other relating to the

Memorandum for Orders

The enclosed papers refer to the
disconnection of the Printing Press superintended
by Mr. Thomas from the existing State of
England, and the proposal of Mr. Thomas to
purchase the Press and premises for £5000 to
be paid down and 22500 by
instalments spread over a period of seven years
and bearing interest at 8 percent.

Mr. Thomas hopes the Government
will continue to him the privilege of printing the
War Office Forms and the official Almanac
and Army lists.

The Government think that the price
offered by Mr. Thomas is too low, but recommend
that after the marketable value is
ascertained any tender made by Mr. Thomas
should be favourably received on account of the
faithful service rendered by Mr. Thomas in
the management of the Press.

It seems certain that the Press

be continued as an adjunct of the Stationery

 Is it the property of the Asylum?
