*Proceedings of the Madras Government, Public Department,
11th June 1869.*

No. 63. Read the following letter from the Magistrate of Bellary, to the Chief Secretary to Government, Fort Saint George; dated Bellary, 3rd June 1869, No. 35.

Since writing to you this morning, I have received intelligence, demi-officially, from the Head Assistant Collector, of the cholera having broken out at the Gooty Railway station. Mr. Kolsall writes, "I am sorry to say cholera has broken out amongst the Wudders and rivettors at the station. I am enforcing strict measures" and Johnston (Deputy Chief Engineer) is backing me up. I got this far last night, and I have just heard of the death of Mr. Boazan, Engine Driver, whom I bury this evening. The steps I have taken at the station are —

- i. "To move the camp to high ground quarter mile away.
- ii. "To establish a cholera camp at some distance to which every case is at once removed.
- iii. "To burn all infected hats, mat, rubbish, &c."

No. 64. ORDER THEREON, 11th June 1869, No. 791.
To be recorded.
(True Extract).
