OFFICE MEMORANDUM.

The undersigned is desired to call the attention of the Secretary in the Home Department to the Office Memorandum from the Financial Department, No. 2041, of the 26th August 1868, and to request early consideration of the subject therein referred to, there being reason to fear, from a perusal of the Budget estimates for 1869-70, that the revised pay has been given indiscriminately to all classes of Native Doctors in the Madras Presidency and in the Central Provinces.

2. With advertence to Home Department's Memorandum, No. 737, of the 6th February last, the undersigned is desired to state that, as therein recommended, the G. G. O., No. 550, of 5th June 1868, so far as it relates to Apothecaries and Assistant Apothecaries, will be at once made applicable to Warrant Medical Officers in Civil employ in common with those who are in Military employ; but it is to be observed that the same general order which increased the pay of Apothecaries and Assistant Apothecaries prescribed Native Doctors only, and in no case an Assistant Apothecary for the establishment attached to a regiment of Madras Native Infantry, it being obviously intended that the Assistant Apothecaries in the Madras Presidency, who are largely employed in both the Civil and the Military Departments on duties which in other Presidencies are performed by Native Doctors, should be re-placed by the latter, and be reduced. The reduction not having yet been carried out, these superfluous Assistant Apothecaries, who were overpaid at the old rates of pay for the duties of Native Doctors, still continue on those duties but with higher pay than formerly. Some steps should accordingly be taken for carrying out the contemplated reductions.
