*Proceedings of the Madras Government, Public Department,
17th June 1869.*

No. 111. Read the following letter from the Officiating Collector of Madura, to the Chief Secretary to Government, Fort Saint George; dated Madura, 1st June 1869, No. 882.

In submitting the Annual Report on the Civil Dispensary and Lying-in Hospital at Madura due for the official year 1868-69, I have the honour to forward a statement showing the receipts and charges of the institutions.

2. The receipts were less than in the preceding year as no promissory notes

	RS.
1867-68.....	6090
1868-69.....	4763
	1328

were purchased at a discount and less medicine was sold in 1868-69. The amount to the credit of the institutions, however, was at the end of the year

Rupees 47,532-1-4, or Rupees 694-9 2 in excess of the capital in hand at the beginning of the year.

3. The charges, amounting to Rupees 4067-10-7, did not exceed the usual standard. There was no disbursement made during the year for the investment of funds in Government papers, whereas the charges on that account amounted to Rupees 5077-4-9 in 1867-68.

4. The dieted patients in the Civil Dispensary numbered 7534, or 185 more than in the preceding year. The cost of dieting these patients amounted to Rupees 1113-0-6 against Rupees 1145-9-7 in 1867-68.

5. The operations of the Lying-in Hospital also show a satisfactory result. Seventy-eight women were received into the hospital against sixty-five in 1867-68. The average period during which each woman received diet amounts to thirty-six and half days; in the previous year the average was thirty-two days. The charges for dieting these women amounted to Rupees 356-10-0, or Rupees 91-12-0 in excess of the year 1867-68.

6. I have no special remark to make except that both the institutions are satisfactorily managed.

7. With reference to paragraph 4 of the Proceedings of Government dated the 19th December 1868, No. 1560, I have the honour to subjoin a memorandum showing to what loan the promissory notes in question relate, and the value of the notes. The discount was obtained in purchasing four per cent. notes and the premium paid for five and half per cent. notes. The purchases were made by the Bank at Madras, and the notes were received from the Secretary and Treasurer with his
